

Company	Weighted average dumping margin (percent)
Husteel Co., Ltd	6.44
Hyundai Steel Company	4.82
Non-Examined Companies (SeAH Steel Corporation and NEXTEEL Co., Ltd.)	5.63

Amended Cash Deposit Rates

Because Husteel Co., Ltd., Hyundai Steel Company, and the non-examined companies (SeAH Steel Corporation and NEXTEEL Co., Ltd.) have a superseding cash deposit rate, *i.e.*, there have been final results published in a subsequent administrative review,¹⁰ we will not issue revised cash deposit instructions to U.S. Customs and Border Protection (CBP). This notice will not affect the current cash deposit rate.

Liquidation of Suspended Entries

At this time, Commerce remains enjoined by CIT order from liquidating entries that: Were produced and/or exported by Husteel Co., Ltd., Hyundai Steel Company or Hyundai Steel (Pipe Division), NEXTEEL Co., Ltd., or SeAH Steel Corporation, and were entered, or withdrawn from warehouse, for consumption during the period November 1, 2016, through October 31, 2017. These entries will remain enjoined pursuant to the terms of the injunction during the pendency of any appeals process.

In the event the CIT's ruling is not appealed, or, if appealed, upheld by a final and conclusive court decision, Commerce intends to instruct CBP to assess antidumping duties on unliquidated entries of subject merchandise produced and/or exported by Husteel Co., Ltd., Hyundai Steel Company, and the non-examined companies (SeAH Steel Corporation and NEXTEEL Co., Ltd.) in accordance with 19 CFR 351.212(b). We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific *ad valorem* assessment rate is not zero or *de minimis*. Where an import-specific *ad valorem* assessment rate is zero or *de minimis*,¹¹ we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

¹⁰ See, e.g., *Circular Welded Non-Alloy Steel Pipe from the Republic of Korea: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2018–2019*, 86 FR 53631 (September 28, 2021).

¹¹ See 19 CFR 351.106(c)(2).

Notification to Interested Parties

This notice is issued and published in accordance with sections 516A(e)(1), 751(b), and 777(i)(1) of the Act.

Dated: October 22, 2021.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

National Oceanic and Atmospheric Administration

[RTID 0648–XB539]

Workshop on the Management Strategy Evaluation for Atlantic Bluefin Tuna

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of workshop.

SUMMARY: NMFS is holding a public workshop via webinar for the Advisory Committee to the U.S. Section to the International Commission for the Conservation of Atlantic Tunas (ICCAT) and interested stakeholders to discuss the progress of development of the Management Strategy Evaluation for Atlantic bluefin tuna.

DATES: A virtual workshop that is open to the public will be held on November 4, 2021, from 2 p.m. to 4 p.m. EDT.

ADDRESSES: Please register to attend the workshop at: <https://forms.gle/9tkjiYw5VMvGAsjZ7>. Registration will close on November 3, 2021, at 5 p.m. EDT. Instructions for accessing the virtual workshop will be emailed to registered participants.

FOR FURTHER INFORMATION CONTACT: Rachel O'Malley, Office of International Affairs and Seafood Inspection, (301) 427–8373 or at Rachel.O'Malley@noaa.gov.

SUPPLEMENTARY INFORMATION: Management strategy evaluation (MSE) is a process that allows fishery managers and stakeholders (e.g., industry, scientists, and non-governmental organizations) to assess how well different strategies achieve specified management objectives for a fishery. ICCAT has been engaged in developing an MSE for bluefin tuna for several years. NMFS, and the United States more broadly, participates in this MSE development process and has been

engaging stakeholders and considering their input throughout the process through various means, including consultation with the Advisory Committee to the U.S. Section to ICCAT. The United States also participates in the development of the bluefin tuna MSE through active participation by U.S. scientists in ICCAT's Standing Committee on Research and Statistics (SCRS).

The November 4 workshop is intended to update stakeholders on the MSE approach being developed by ICCAT, including an update on preliminary candidate management procedures that will help to illustrate management tradeoffs for Atlantic bluefin tuna. The workshop will primarily be informational and educational. No binding decisions or formal, consensus-based recommendations will be made. While discussions at the workshop will help to inform U.S. scientists who are participating in work of the SCRS, recommendations directly affecting the development of the U.S. position relative to the bluefin tuna MSE will occur through established means, including consultation with the Advisory Committee. This workshop is intended to complement, not replace, existing opportunities for U.S. stakeholder input.

Authority: 16 U.S.C. 971 *et seq.*; 16 U.S.C. 1801 *et seq.*

Dated: October 25, 2021.

Alexa Cole,

Director, Office of International Affairs and Seafood Inspection, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Partner Probabilistic Snowfall Messaging Survey

AGENCY: National Oceanic & Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on

proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before December 27, 2021.

ADDRESSES: Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer, at Adrienne.thomas@noaa.gov. Please reference OMB Control Number 0648-xxxx in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to Peter Rogers, Warning Coordination Meteorologist, National Weather Service Sioux Falls Weather Forecast Office, 26 Weather Lane, Sioux Falls, SD 57104, 605-330-4247, peter.rogers@noaa.gov or Dr. Julie Demuth, Project Scientist, National Center for Atmospheric Research, 3450 Mitchell Lane, Boulder, CO 80301, 303-497-8112, jdemuth@ucar.edu.

SUPPLEMENTARY INFORMATION:

I. Abstract

This is a request for a new collection of information.

For decades, the National Weather Service (NWS) has provided deterministic (*i.e.*, single-value) snowfall forecasts or snowfall uncertainty forecasts with set, narrow ranges (*i.e.*, 2-4, 4-6 inches). More recent advancements in model ensembles have allowed for the calculation of probabilistic snowfall information. This forecast information can be messaged in a number of ways, for example, as the probability a location will receive some amount of snowfall, or as the probability the snowfall will be within a certain range. While statistically more accurate, it is unknown if probabilistic snowfall forecasts are understood or helpful to the end user in their decision making process.

The NWS and National Center for Atmospheric Research will work together to conduct a survey across the NWS Central Region to determine different core partners' needs, preferences, understanding, and usefulness regarding probabilistic snow forecasts. Core partners of interest for

this effort are emergency managers, school officials, and transportation officials. The survey will be hosted as a web-based survey through QuestionPro and will be electronically distributed to core partners by local NWS forecast offices across the Central Region in early 2022.

Results from this survey will be used to determine how probabilistic snowfall information will be used in future NWS products and services with the ultimate goal of providing information in a way that improves core partners' ability to make informed decisions for the protection of life and property.

II. Method of Collection

We will program and field the survey as web-based, using QuestionPro. All NWS Weather Forecast Offices (WFOs) in the Central Region will be invited to send the survey via email to their emergency management, transportation, and school partners. A short invitation script will be provided to all WFO Warning Coordination Meteorologists to send the survey. The survey will remain open for three weeks, and we will ask WCMs to send one reminder halfway through that period (*i.e.*, after 10 days).

III. Data

OMB Control Number: 0648-XXXX.

Form Number(s): None.

Type of Review: Regular submission [new information collection].

Affected Public: Local (city or county), state, tribal, federal, and college/university emergency managers, local school principals, superintendents, transportation directors, and maintenance officials, and city, regional, or state transportation officials.

Estimated Number of Respondents: 300.

Estimated Time per Response: 10-12 minutes.

Estimated Total Annual Burden Hours: 60 hours.

Estimated Total Annual Cost to Public: None.

Respondent's Obligation: Voluntary.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to

be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

COMMODITY FUTURES TRADING COMMISSION

Agency Information Collection Activities: Notice of Intent To Renew Collection, Rules Relating to Review of National Futures Association Decisions in Disciplinary, Membership Denial, Registration, and Member Responsibility Actions

AGENCY: Commodity Futures Trading Commission.

ACTION: Notice.

SUMMARY: The Commodity Futures Trading Commission ("CFTC" or "Commission") is announcing an opportunity for public comments on the proposed extension of a collection of certain information by the agency. Under the Paperwork Reduction Act ("PRA"), Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, and to allow 60 days for public comment. This notice solicits comments on rules relating to review of National Futures Association decisions in disciplinary, membership denial, registration, and member responsibility actions.

DATES: Comments must be submitted on or before December 27, 2021.
