

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

PRC stores records in this system electronically or on paper in secure facilities in a locked drawer behind a locked door. The records may be stored on magnetic disc, cloud storage, and digital media. Medical information collected is maintained on separate forms and in separate medical files and are treated as confidential medical records.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Records are retrieved by an individual's name or other identification information (such as email address, employee identification number, or SSN).

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

Records are managed in accordance with the PRC Records Schedule DAA-0458-2018-0001, and General Records Schedules (GRS) 2.7 Employee Health and Safety Records DAA-GRS-2017-0010-0012.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

Records in this system are safeguarded in accordance with applicable law, rules and policies, including all applicable PRC automated systems security and access policies. Strict controls have been imposed to minimize the risk of compromising the information that is being stored. Access to the computer system containing the records in this system is limited to those individuals who have a need to know the information for the performance of their official duties and who have appropriate clearances.

RECORD ACCESS PROCEDURES:

Individuals seeking access to and notification of any record contained in this system of records referencing them, or seeking to contest its content, may submit a request in writing to the Secretary whose contact information can be found at <https://www.prc.gov/foia> under "PRC FOIA and Privacy Act Information." If an individual believes more than one component maintains Privacy Act records concerning him or her, the individual may submit the request to the FOIA Public Liaison, Postal Regulatory Commission, 901 New York Ave NW, Suite 200, Washington, DC 202-789-6800.

When an individual is seeking records about himself or herself from this system of records or any other PRC system of records, the individual's request must conform with the Privacy Act regulations set forth in 39 CFR part

3006. The individual must first verify their identity, meaning that the individual must provide their full name, current address, and date and place of birth. The individual must sign the request, and the individual's signature must either be notarized or submitted under 28 U.S.C. 1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. While no specific form is required, an individual may obtain forms for this purpose from the FOIA Public Liaison, available via <https://www.prc.gov/foia> or 202-789-6800. In addition, the individual should:

- Explain why they believe the PRC would have information being requested;
- Identify which component(s) of the PRC they believe may have the information;
- Specify when the individual believes the records would have been created; and
- Provide any other information that will help the FOIA staff determine which PRC component may have responsive records;

If the request is seeking records pertaining to another living individual, the request must include an authorization from the individual whose record is being requested, authorizing the release to the requester.

Without the above information, the component(s) may not be able to conduct an effective search, and the individual's request may be denied due to lack of specificity or lack of compliance with applicable regulations.

CONTESTING RECORD PROCEDURES:

Individuals may make a request for amendment or correction of a record of the PRC about the individual by writing directly to the Secretary, unless the record is not subject to amendment or correction. The request should identify each particular record in question, state the amendment or correction desired, and state why the individual believes that the record is not accurate, relevant, timely, or complete. The individual may submit any documentation that would be helpful. The request should state whether the individual believes that the same record is in more than one system of records.

NOTIFICATION PROCEDURES:
