

procedures and closure of the Glass Ranch Airport.

Class E airspace designations are published in paragraph 6005 of FAA Order JO 7400.11F, dated August 10, 2021, and effective September 15, 2021, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in FAA Order JO 7400.11.

FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

ASW TX E5 Carrizo Springs, TX [Amended]

Indio-Faith Airport, TX
(Lat. 28°15′48″ N, long. 100°09′46″ W)
Faith Ranch Airport, TX
(Lat. 28°12′31″ N, long. 100°01′08″ W)

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Indio-Faith Airport, and within a 6.4-mile radius of Faith Ranch Airport, excluding that airspace within Mexico.

Issued in Fort Worth, Texas, on November 4, 2021.

Martin A. Skinner,

*Acting Manager, Operations Support Group,
ATO Central Service Center.*

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA–2021–0972; Airspace Docket No. 21–AGL–27]

RIN 2120–AA66

Proposed Amendment of VOR Federal Airways V–26, V–193, and V–285, and Revocation of White Cloud, MI, Domestic Low Altitude Reporting Point in the Vicinity of White Cloud, MI

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend the VHF Omnidirectional Range (VOR) Federal airways V–26, V–193, and V–285, and revoke the White Cloud, MI, domestic low altitude reporting point. The FAA is proposing this action due to the planned decommissioning of the VOR portion of the White Cloud, MI, VOR/Distance Measuring Equipment (VOR/DME) navigational aid (NAVAID). The White Cloud VOR is being decommissioned in support of the FAA’s VOR Minimum Operational Network (MON) program.

DATES: Comments must be received on or before December 27, 2021.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12–140, Washington, DC 20590; telephone: 1 (800) 647–5527, or (202) 366–9826. You must identify FAA Docket No. FAA–2021–0972; Airspace Docket No. 21–AGL–27 at the beginning of your comments. You may also submit comments through the internet at <https://www.regulations.gov>.

FAA Order JO 7400.11F, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/. For further information, you can contact the Rules and Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267–8783. FAA Order JO 7400.11F is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order JO 7400.11F at NARA, email: fr.inspection@nara.gov or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

FOR FURTHER INFORMATION CONTACT:

Colby Abbott, Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267–8783.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would modify the National Airspace System as necessary to preserve the safe and efficient flow of air traffic.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions

presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA–2021–0972; Airspace Docket No. 21–AGL–27) and be submitted in triplicate to the Docket Management Facility (see **ADDRESSES** section for address and phone number). You may also submit comments through the internet at <https://www.regulations.gov>.

Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed, stamped postcard on which the following statement is made: “Comments to FAA Docket No. FAA–2021–0972; Airspace Docket No. 21–AGL–27.” The postcard will be date/time stamped and returned to the commenter.

All communications received on or before the specified comment closing date will be considered before taking action on the proposed rule. The proposal contained in this action may be changed in light of comments received. All comments submitted will be available for examination in the public docket both before and after the comment closing date. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at <https://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA’s web page at https://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Office (see **ADDRESSES** section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays. An informal docket may also be examined during normal business hours at the office of the Operations Support Group, Central Service Center, Federal Aviation Administration, 10101 Hillwood Parkway, Fort Worth, TX, 76177.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021. FAA Order JO 7400.11F is publicly available as listed in the **ADDRESSES** section of this document. FAA Order JO 7400.11F lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

Background

The FAA is planning to decommission the White Cloud, MI, VOR in September 2022. The White Cloud VOR was one of the candidate VORs identified for discontinuance by the FAA’s VOR MON program and listed in the Final policy statement notice, “Provision of Navigation Services for the Next Generation Air Transportation System (NextGen) Transition to Performance-Based Navigation (PBN) (Plan for Establishing a VOR Minimum Operational Network),” published in the **Federal Register** of July 26, 2016 (81 FR 48694), Docket No. FAA–2011–1082.

Although the VOR portion of the White Cloud VOR/DME is planned for decommissioning, the co-located Distance Measuring Equipment (DME) is being retained to support current and future area navigation (RNAV) flight procedure requirements.

The VOR Federal airways affected by the White Cloud VOR decommissioning are V–26, V–193, and V–285. With the planned decommissioning of the White Cloud VOR, the remaining ground-based NAVAID coverage in the area is insufficient to enable the continuity of the affected airways. As such, proposed modification to V–285 would result in a gap in the airway and proposed modifications to V–26 and V–193 would result in the airways being shortened. To overcome the proposed modifications to the affected airways, instrument flight rules (IFR) traffic could use portions of adjacent VOR Federal airways, including V–133, V–233, V–274, V–320, and V–420, or receive air traffic control (ATC) radar vectors to fly around or through the affected area. IFR pilots equipped with RNAV capabilities could also navigate point to point using the existing fixes that would remain in place to support continued operations through the affected area. Visual flight rules (VFR) pilots who elect to navigate via the affected ATS routes could also take

advantage of the adjacent ATS routes or ATC services listed previously.

The White Cloud, MI, domestic low altitude reporting point is also affected by the planned decommissioning of the White Cloud VOR. As a result, the White Cloud reporting point would be revoked due to the White Cloud VOR being decommissioned and the reporting point no longer being required by ATC.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 to amend VOR Federal airways V–26, V–193, and V–285, and revoke the White Cloud, MI, domestic low altitude reporting point due to the planned decommissioning of the White Cloud, MI, VOR. The proposed VOR Federal airway and domestic low altitude reporting point actions are described below.

V–26: V–26 currently extends between the Blue Mesa, CO, VOR/DME and the Pierre, SD, VOR/Tactical Air Navigation (VORTAC); and between the Redwood Falls, MN, VOR/DME and the White Cloud, MI, VOR/DME. The FAA proposes to remove the airway segment between the Green Bay, WI, VORTAC and White Cloud, MI, VOR/DME. The unaffected portions of the existing airway would remain as charted.

V–193: V–193 currently extends between the intersection of the Pullman, MI, VOR/DME 243° and Gipper, MI, VORTAC 310° radials (MUSKY fix) and the Sault Ste Marie, MI, VOR/DME. The FAA proposes to remove the airway segment between the intersection of the Pullman, MI, VOR/DME 243° and Gipper, MI, VORTAC 310° radials (MUSKY fix) and Traverse City, MI, VOR/DME. The unaffected portions of the existing airway would remain as charted.

V–285: V–285 currently extends between the Brickyard, IN, VORTAC and the White Cloud, MI, VOR/DME. The FAA proposes to remove the airway segment between the Victory, MI, VOR/DME and Manistee, IN, VOR/DME. Additional changes to other portions of the airway have been proposed in a separate NPRM. The unaffected portions of the existing airway would remain as charted.

White Cloud, MI: The FAA proposes to remove the White Cloud, MI, domestic low altitude reporting point.

All NAVAID radials listed in the VOR Federal airway V–285 description below are unchanged and stated in True degrees.

VOR Federal airways are published in paragraph 6010(a) and Domestic Low Altitude Reporting Points are published in paragraph 7001 of FAA Order JO

7400.11F, dated August 10, 2021, and effective September 15, 2021, which is incorporated by reference in 14 CFR 71.1. The VOR Federal airways listed in this document would be published subsequently in FAA Order JO 7400.11.

FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and

effective September 15, 2021, is amended as follows:

Paragraph 6010(a) Domestic VOR Federal Airways.

* * * * *

V–26 [Amended]

From Blue Mesa, CO; Montrose, CO; 13 miles 112 MSL, 131 MSL, Grand Junction, CO; Meeker, CO; Cherokee, WY; Muddy Mountain, WY; 14 miles, 37 miles 75 MSL, 84 miles 90 MSL, Rapid City, SD; Philip, SD; to Pierre, SD. From Redwood Falls, MN; Farmington, MN; Eau Claire, WI; Wausau, WI; to Green Bay, WI.

* * * * *

V–193 [Amended]

From Traverse City, MI; Pellston, MI; to Sault Ste Marie, MI.

* * * * *

V–285 [Amended]

From Brickyard, IN; Kokomo, IN; Goshen, IN; INT Goshen 038° and Kalamazoo, MI, 191° radials; Kalamazoo; INT Kalamazoo 014° and Victory, MI, 167° radials; to Victory. From Manistee, MI; to Traverse City, MI.

* * * * *

Paragraph 7001 Domestic Low Altitude Reporting Points.

* * * * *

White Cloud, MI [Removed]

* * * * *

Issued in Washington, DC, on November 3, 2021.

Michael R. Beckles,

Acting Manager, Rules and Regulations Group.

BILLING CODE 4910–13–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 16

[EPA–HQ–OECA–2021–0552; FRL–8948–01–OMS]

Privacy Act Regulations for EPA–79

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA or Agency) is proposing to revise the Agency’s Privacy Act regulations to exempt a new system of records, EPA–79, the National Enforcement Investigations Center (NEIC) Master Tracking System, from certain requirements of the Privacy Act because the records in EPA’s NEIC Master Tracking System are maintained for use in civil and criminal actions. A notice has been published in the

Federal Register on October 29, 2021 for the creation of this new system of records that will contain information collected by NEIC when supporting enforcement investigations. In the “Rules and Regulations” section of this **Federal Register**, EPA is simultaneously publishing the revision of the Agency’s Privacy Act Regulations for EPA–79 as a direct final rule without a prior proposed rule. If the Agency receives no adverse comment, it will not take further action on this proposed rule.

DATES: Comments must be received on or before December 13, 2021.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–HQ–OECA–2021–0552, at <https://www.regulations.gov/>. Follow the online instructions for submitting comments.

Once submitted, comments cannot be edited or removed from *Regulations.gov*. The EPA will publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>.

FOR FURTHER INFORMATION CONTACT:

Michael Roach, Chief, Infrastructure and Project Support Branch, National Enforcement Investigations Center, Office of Criminal Enforcement, Forensics and Training, U.S. Environmental Protection Agency, Building 25—Box 25227, Denver Federal Center, Denver, CO 80225; Roach.Michael@epa.gov; (303) 462–9080.

SUPPLEMENTARY INFORMATION: The EPA published a Privacy Act system of records notice for information collected using the NEIC Master Tracking System (86 FR 60033, October 29, 2021).

I. Why is EPA issuing this proposed rule?

The EPA proposes to revise the Agency’s Privacy Act regulations in order to exempt a new system of
