Extension:
Rule 239

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 239 (17 CFR 230.239) provides exemptions under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*), the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) and the Trust Indenture Act of 1939 (U.S.C. 77aaa *et seq.*) for security-based swaps issued by certain clearing agencies satisfying certain conditions. cleared by the registered or the exempt clearing agencies available to eligible contract participants and other market participants. We estimate that each registered or exempt clearing agency issuing security-based swaps in its function as a central counterparty will spend approximately 2 hours each time it provides or update the information in its agreements relating to security-based swaps or on its website. We estimate that each registered or exempt clearing agency will provide or update the information approximately 20 times per year. In addition, we estimate that 75% of the 2 hours per response (1.5 hours) is prepared internally by the clearing agency for a total annual reporting burden of 180 hours (1.5 hours per response \times 20 \times 6 respondents).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Please direct your written comment to David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, c/o John Pezzullo, 100 F Street NE, Washington, DC 20549 or send an email to: PRA_Mailbox@sec.gov.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-93534; File No. SR-NYSEArca-2021-53]

Self-Regulatory Organizations; NYSE Arca, Inc.; Order Instituting Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change To List and Trade Shares of the Teucrium Bitcoin Futures Fund Under NYSE Arca Rule 8.200-E, Commentary .02 (Trust Issued Receipts)

November 8, 2021.

On July 23, 2021, NYSE Arca, Inc. ("NYSE Arca" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to list and trade shares ("Shares") of the Teucrium Bitcoin Futures Fund ("Fund") under NYSE Arca Rule 8.200-E, Commentary .02 (Trust Issued Receipts). The proposed rule change was published for comment in the **Federal Register** on August 11, 2021.³

On September 15, 2021, pursuant to Section 19(b)(2) of the Act,⁴ the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.⁵ This order institutes proceedings under Section 19(b)(2)(B) of the Act⁶ to determine whether to approve or disapprove the proposed rule change.

I. Summary of the Proposal

As described in more detail in the Notice,⁷ the Exchange proposes to list and trade the Shares of the Fund under NYSE Arca Rule 8.200-E, Commentary .02, which governs the listing and trading of Trust Issued Receipts on the Exchange.

According to the Exchange, the Chicago Mercantile Exchange, Inc.

("CME") currently offers two bitcoin futures contracts, one contract representing five (5) bitcoin ("BTC Contracts") and another contract representing one-tenth of one (0.10) bitcoin ("MBT Contracts").⁸ Each BTC Contract and MBT Contract settles daily to the BTC Contract volume-weighted average price ("VWAP") of all trades that occur between 2:59 p.m. and 3:00 p.m., Central Time, the settlement period, rounded to the nearest tradable tick.⁹ BTC Contracts and MBT Contracts each expire on the last Friday of the contract month and the final settlement value for each contract is based on the CME CF Bitcoin Reference Rate ("CME CF BRR").¹⁰

The investment objective of the Fund is to have the daily changes in the net asset value ("NAV") of the Shares reflect the daily changes in the price of a specified benchmark ("Benchmark").¹¹ The Benchmark is the average of the closing settlement prices for the first to expire and second to expire BTC Contracts listed on the CME. In seeking to achieve the Fund's investment objective, the Sponsor will employ a "neutral" investment strategy that is intended to track the changes in the Benchmark. Under normal market conditions, the Fund will invest in the first to expire and second to expire BTC Contracts and MBT Contracts ("Bitcoin Futures Contracts") and in cash and cash equivalents. The Fund will roll its futures positions on a regular basis in order to track the changing nature of the Benchmark by closing out first to expire contracts prior to settlement that are no longer part of the Benchmark and then entering into second to expire contracts. Accordingly, the Fund will never carry futures positions all the way to cash settlement. The Fund will endeavor to trade in Bitcoin Futures Contracts so that the Fund's average daily tracking error against the Benchmark will be less than 10 percent over any period of 30 trading days.¹²

The net asset value ("NAV") per Share of the Fund will be calculated by taking the current market value of its
