FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Karen Holliday, 202–245–7318.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Grantee Reporting Form—Rehabilitation Services Administration (RSA) Annual Payback Report.

OMB Control Number: 1820–0617.

Type of Review: An extension without change of a currently approved collection.

Respondents/Affected Public: State, Local, and Tribal Governments; Individuals and Households; Private Sector.

Total Estimated Number of Annual Responses: 11,790.

Total Estimated Number of Annual Burden Hours: 4,858.

Abstract: Public Law 114–95, section 302(b) of the Rehabilitation Act of 1973, as amended by the Workforce Innovation and Opportunity Act (WIOA), the Rehabilitation Services Administration (RSA) provides Long-

Term Training grants to academic institutions to support scholarship assistance to students. Students who receive scholarships under this program are required to work within the public rehabilitation program, such as with a state vocational rehabilitation agency, or an agency or organization that has a service arrangement with a state vocational rehabilitation agency. The student is expected to work two years in such settings for every year of full-time scholarship support. The program regulations at 34 CFR 386.33–386.35 and 386.40–386.43 detail the payback provisions and the RSA scholars' requirements to comply with them.

Section 302(b)(2)(C) of the Act requires tracking of scholars' employment status and location of former scholars supported under the grants in order to ensure that students are meeting the payback requirement. Scholars must provide requested information necessary to meet the exit certification requirements.

In addition to meeting the requirement that all scholars be tracked, the information collected will provide performance data relevant to the rehabilitation fields and degrees pursued by RSA scholars, as well as the funds owed and the rehabilitation work completed by them. These data are used to assess program effectiveness and efficiency, and to meet the reporting requirements of Public Law 103–62 section 4 of the Government Performance and Results Act (GPRA).

RSA is requesting an extension of the currently approved collection for grantees (Institutions of Higher Education), scholars, and employers to submit data electronically through the online RSA Payback Information Management System (PIMS). There is no substantial change in the proposed data collected, nor estimated burden required to report data using the PIMS system.

Title of Collection: Mandatory Civil Rights Data Collection.

OMB Control Number: 1870-0504.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: State, Local, or Tribal Governments.

Total Estimated Number of Annual Responses: 17,884.

Total Estimated Number of Annual Burden Hours: 2,165,918.

Abstract: The collection, use, and reporting of education data is an integral component of the mission of the U.S. Department of Education (ED). ED has collected civil rights data about the nation's public schools via the Civil Rights Data Collection (CRDC) since 1968. For school years 2009–10 and 2011–12, the Office of Management and Budget (OMB) approved the CRDC part of the EDFacts information collection (1875–0240). EDFacts, an ED initiative to put performance data at the center of ED's policy, management, and budget decision-making processes for all preschool-grade 12 education programs, has transformed the way in which ED collects and uses data. For school years 2013–14, 2015–16, 2017–18, and 2020–21, the Office for Civil Rights (OCR) cleared the CRDC as a separate collection from EDFacts while maintaining its transformative data collection policies and practices. As with previous CRDC collections, the purpose of the 2021–22 CRDC is to obtain vital data related to the civil rights laws' requirement that public local educational agencies (LEAs) and elementary and secondary schools provide equal educational opportunity. ED has analyzed the uses of many data elements collected in the 2015–16 and 2017–18 CRDCs and sought advice from experts across ED to refine, improve, and where appropriate, add or remove data elements from the collection. ED also made the CRDC data definitions and metrics consistent with other mandatory collections across ED wherever possible. ED seeks OMB approval under the Paperwork Reduction Act to collect from LEAs the elementary and secondary education

data described in the sections of Attachment A. In addition to reviewing and commenting on the proposed changes (detailed in Supporting Statement A and Attachments A–1, A–2, A–3, and A–4), ED requests that LEAs and other stakeholders respond to the directed questions found in Attachment A–5.

BILLING CODE 4000–01–P

DEPARTMENT OF ENERGY

[OE Docket No. EA–243–D]

Application To Export Electric Energy; Tenaska Power Services Co.

AGENCY: Office of Electricity, Department of Energy.

ACTION: Notice of application.

SUMMARY: Tenaska Power Services Co. (Applicant or TPS) has applied for authorization to transmit electric energy from the United States to Canada pursuant to the Federal Power Act.

DATES: Comments, protests, or motions to intervene must be submitted on or before December 20, 2021.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed by electronic mail to Electricity.Exports@hq.doe.gov, or by facsimile to (202) 586–8008.

FOR FURTHER INFORMATION CONTACT: Matt Aronoff, 202–586–5863, matthew.aronoff@hq.doe.gov.

SUPPLEMENTARY INFORMATION: The Department of Energy (DOE) regulates exports of electricity from the United States to a foreign country, pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b) and 42 U.S.C. 7172(f)). Such exports require authorization under section 202(e) of the Federal Power Act (16 U.S.C. 824a(e)).

On November 3, 2021, TPS filed an application with DOE (Application or App.) to “transmit electric energy from the United States to Canada for a period of five years.” App. at 1. TPS states that it “is a Nebraska corporation and an indirect, wholly owned subsidiary of Tenaska Energy, Inc. (‘Tenaska’).” *Id.* TPS further states that its “parent

company, Tenaska, is a privately held corporation organized and existing under the laws of Delaware.” *Id.* at 2. TPS represents that it “does not currently own or control electric generation or transmission facilities, and does not have a power supply of its own in the United States that would cause its electricity exports to have a reliability, fuel use, or system stability impact.” *Id.* at 3.

TPS further claims that it would “purchase the electricity may export . . . from wholesale generators, electric utilities, federal power marketing agencies and affiliates through negotiated agreements that have been voluntarily executed by the selling parties after considering their own need for any such electricity.” App. at 3. TPS contends that its “proposed electricity exports will not impair or tend to impede the sufficiency of electric power supplies in the United States or the regional coordination of electric utility planning or operations.” *Id.* at 3–4.

The existing international transmission facilities to be utilized by the Applicant have previously been authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

Procedural Matters: Any person desiring to be heard in this proceeding should file a comment or protest to the Application at the address provided above. Protests should be filed in accordance with Rule 211 of the Federal Energy Regulatory Commission's (FERC) Rules of Practice and Procedure (18 CFR 385.211). Any person desiring to become a party to this proceeding should file a motion to intervene at the above address in accordance with FERC Rule 214 (18 CFR 385.214).

Comments and other filings concerning TPS's application to export electric energy to Canada should be clearly marked with OE Docket No. EA–243–D. Additional copies are to be provided directly to Norma Rosner Iacovo, 300 East John Carpenter Freeway, Suite 100, Irving, TX 75062, niacovo@tnsk.com; and Neil L. Levy, 500 North Capitol Street NW, Washington, DC 20001, nlevy@mwe.com.

A final decision will be made on the requested authorization after the environmental impacts have been evaluated pursuant to DOE's National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after DOE evaluates whether the proposed action will have an adverse impact on the sufficiency of supply or reliability of the U.S. electric power supply system.
