

**Proposal Under OMB Delegated Authority To Extend for Three Years, Without Revision, the Following Information Collection**

*Report title:* Quarterly Savings and Loan Holding Company Report.

*Agency form number:* FR 2320.

*OMB control number:* 7100–0345.

*Frequency:* Quarterly.

*Respondents:* Savings and loan holding companies (SLHCs).

*Estimated number of respondents:* 5.

*Estimated average hours per response:* 2.5.

*Estimated annual burden hours:* 50.

*General description of report:* The FR 2320 collects select parent only and consolidated balance sheet and income statement financial data and organizational structure data from SLHCs exempt from filing other Federal Reserve regulatory reports. Specifically, the FR 2320 collects data on the assets, liabilities, equity, and income of the organization. In addition, the FR 2320 collects information about and changes to the organization's subsidiaries, management, capital structure, and operations.

*Legal authorization and confidentiality:* The FR 2320 is authorized by section 10(b)(2) of the Home Owners' Loan Act (HOLA), which states that "each [SLHC] and each subsidiary thereof, other than a savings association, shall file with the Board, such reports as may be required by the Board."<sup>1</sup> Section 10(b)(2) of HOLA also states that "each report shall contain such information concerning the operations of such savings and loan holding company and its subsidiaries as the Board may require."<sup>2</sup>

The FR 2320 is mandatory. Generally, in the case of tiered SLHCs that are exempt SLHCs, only the top-tier SLHC must file the FR 2320 for the consolidated SLHC organization. However, in certain cases, a lower-tier SLHC may be required to file the FR 2320 instead of the top-tier SLHC if it is determined by the district Federal Reserve Bank that the lower-tier SLHC more closely reflects the risk profile, assets, and liabilities of the subsidiary savings association(s). In addition, lower-tier SLHCs may voluntarily file the FR 2320 or may be required to file in addition to the top-tier SLHC if it is determined that such a filing is necessary to accurately assess the impact that the activities or financial condition of the lower-tier SLHC has on its subsidiary savings association(s).

The information collected in response to line items 24, 25, and 26 is expected

to be nonpublic commercial or financial information, which is both customarily and actually treated as private by the respondent, and thus may be kept confidential by the Board pursuant to exemption 4 of the Freedom of Information Act (FOIA).<sup>3</sup> Although the remainder of the FR 2320 is generally made available to the public upon request, a reporting SLHC may request confidential treatment for responses to other items pursuant to exemption 4 of the FOIA if those responses contain nonpublic commercial or financial information, which is both customarily and actually treated as private by the respondent.<sup>4</sup>

### Proposal Under OMB Delegated Authority To Extend for Three Years, Without Revision, the Following Information Collection

*Report title:* Semiannual Report of Derivatives Activity.

*Agency form number:* FR 2436.

*OMB control number:* 100–0286.

*Frequency:* Semiannually.

*Respondents:* U.S. dealers of over-the-counter (OTC) derivatives.

*Estimated number of respondents:* 8.

*Estimated average hours per response:* 236.

*Estimated annual burden hours:* 3,776.

*General description of report:* The FR 2436 collects derivatives market statistics from the eight largest U.S. dealers of OTC derivatives. Data are collected on the notional amounts and gross fair values of the volumes outstanding of broad categories of foreign exchange, interest rate, equity, commodity-linked, and credit default swap OTC derivatives contracts across a range of underlying currencies, interest rates, and equity markets.

The FR 2436 is the U.S. portion of a global data collection conducted by central banks. The Bank for International Settlements (BIS), of

which the Board is a member, compiles aggregate national data from each central bank to produce and publish global market statistics. The BIS survey has two parts: A Derivatives Outstanding survey and a Turnover (volume of transactions) survey. The FR 2436 fulfills the Derivatives Outstanding portion and complements the triennial Central Bank Survey of Foreign Exchange and Derivatives Market Activity (FR 3036; OMB No. 7100–0285), which collects data on derivatives turnover for the Turnover portion of the survey.

*Legal authorization and confidentiality:* The FR 2436 is authorized pursuant to sections 2A and 12A of the Federal Reserve Act (FRA). Section 2A of the FRA requires that the Board and the Federal Open Market Committee (FOMC) maintain long-run growth of the monetary and credit aggregates commensurate with the economy's long run potential to increase production, so as to promote effectively the goals of maximum employment, stable prices, and moderate long-term interest rates.<sup>1</sup> Under section 12A of the FRA, the FOMC is required to implement regulations relating to the open market operations conducted by Federal Reserve Banks. Those transactions must be governed with a view to accommodating commerce and business and with regard to their bearing upon the general credit situation of the country.<sup>2</sup> The Board and the FOMC use the information obtained from the FR 2436 to help fulfill these obligations. The FR 2436 is voluntary.

Aggregated FR 2436 data is compiled and forwarded to the BIS, which publishes global market statistics that are aggregates of national data from the Federal Reserve and other central banks. To the extent individual firm information collected on the FR 2436 constitutes nonpublic commercial or financial information, which is both customarily and actually treated as private by the respondent, it may be kept confidential under exemption 4 of the Freedom of Information Act, which exempts "trade secrets and commercial or financial information obtained from a person and privileged or confidential."<sup>3</sup> If it should be determined that any information collected on the FR 2436 must be released, other than in the aggregate in ways that will not reveal the amounts reported by any one institution, respondents will be notified.

*Consultation outside the agency:* The Board and the Federal Reserve Bank of

New York consult periodically with the BIS to remain consistent with international guidelines for collecting these data; currently no changes are needed.
