Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain the party's name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. Section 351.210(e)(2) of Commerce's regulations requires that a request by exporters for postponement of the final determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

On November 10, 2021, pursuant to 19 CFR 351.210(e), Melbras and Supermel requested that Commerce postpone the final determination and that provisional measures be extended

to a period not to exceed six months.¹⁰ In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) The preliminary determination is affirmative; (2) the requesting exporters account for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, Commerce will make its final determination no later than 135 days after the date of publication of this preliminary determination.

International Trade Commission Notification

In accordance with section 733(f) of the Act, Commerce will notify the International Trade Commission (ITC) of its preliminary determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act, and 19 CFR 351.205(c).

Dated: November 17, 2021.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations, Performing the Non-Exclusive Functions and Duties of the Assistant Secretary for Enforcement and Compliance.

Appendix I—Scope of the Investigation

Raw honey has not been filtered to a level that results in the removal of most or all of the pollen, *e.g.*, a level that removes pollen to below 25 microns. The subject products include all grades, floral sources and colors of raw honey and also include organic raw honey.

Excluded from the scope is any honey that is packaged for retail sale (*e.g.*, in bottles or other retail containers of five (5) lbs. or less).

The merchandise subject to this investigation is currently classifiable under statistical subheading 0409.00.0005, 0409.00.0035, 0409.00.0045, 0409.00.0056,

and 0409.00.0065 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

SUPPLEMENTARY INFORMATION:

On September 28, 2021, NMFS proposed a regulation under the MMPA to establish mandatory time-area closures of Hawaiian spinner dolphins' essential daytime habitats at five selected sites in the Main Hawaiian Islands. During designated times, and unless subject to an exception as described in the proposed rule, these regulatory measures would prohibit any person or vessel, on or below the surface, to enter, cause to enter, solicit to enter, or remain within any of the five time-area closures, for the purpose of preventing take of Hawaiian spinner dolphins in areas identified as important essential daytime habitats for spinner dolphins. The proposed mandatory time-area closures would occur from 6 a.m. to 3 p.m. daily in areas of Kealakekua Bay, Hōnaunau Bay, Kauhakō Bay (Ho'okena), and Makako Bay on Hawai'i Island, and La Perouse Bay on Maui.

The proposed rule and other materials prepared in support of this action are available at: <https://www.fisheries.noaa.gov/action/proposed-rule-establish-time-area-closures-hawaiian-spinner-dolphins-essential-habitats-main>. We are accepting public comments for the proposed rule through December 27, 2021. Public comments can be submitted as described under **ADDRESSES**.
