

of medical services who receive supportive housing and those who receive usual care. Because available supportive housing is not available to all of the people who need it, the limited 125 housing slots will be allocated by lottery, which is a fair way to allocate the scarce housing resources and also enables random assignment. The evaluation will track outcomes for both groups and attribute any differences to the H2H program intervention.

(11) *The metrics that will be used in the evaluation to determine whether the outcomes have been achieved as a result of each intervention and how these metrics will be measured:*

The evaluation metrics will include information on housing stability and reductions in jail days and net reductions in federal expenditures for Medicaid and Medicare claims, to be paid by SIPBRA funding if successful. The net reduction in federal expenditures will be measured as the average difference in the change over time (pre and post randomization) in the amount billed for claims between the treatment and control groups.

(12) *The estimate of the savings to the Federal, State, and local government, on a program-by-program basis and in the aggregate, if the agreement is entered into and implemented and the outcomes are achieved as a result of each intervention:*

Federal Savings: \$5,512,000

City Savings: \$9,235,055

Section 7366, Accountability and Oversight, states “(b) each such corporation (NPC) shall submit to the Secretary (Department of Veterans Affairs (DVA)) an annual report providing a detailed statement of its operations, activities, and accomplishments during that year.” The individual NPC annual reports are combined into one NPC Annual Report to Congress. VA oversight of NPCs includes reviews, audits, self-assessments, and remediation plans. This information collection is used for oversight of NPCs and includes the following:

NPC Annual Report Template, VA Form 10–10073

Since 1988, when the enabling legislation for the NPCs was passed, annual reports have been obtained from each NPC and combined into an NPC Annual Report to Congress. Congress uses the combined NPC Annual Report to Congress to monitor the progress of the overall NPC program it created. The NPC Annual Report to Congress is also used by top-level VA executives to evaluate the program and to recommend changes where needed. VHA’s Nonprofit Oversight Board and the Nonprofit Program Office (NPPO) use both the combined NPC Annual Report to Congress and the individual NPC Annual Report Templates to monitor

and oversee the NPCs. Trend analyses and other financial information are analyzed for each NPC and judgments made about each NPC’s progress, financial viability, stewardship of assets, and accomplishments.

NPC Audit Actions Items Remediation Plans, VA Form 10–10073A

The NPC Audit Action Items Remediation Plans information collection is used to review the NPCs’ remedies for audit deficiencies and recommendations. The major objective of the information collection is to help ensure proper corrective action. If any of the remediation plans submitted are inadequate, then the NPPO will make recommendations for sound, workable remedies.

NPPO Internal Control Questionnaire, VA Form 10–10073B

The NPPO Internal Control Questionnaire, or portions of it, will be used in conducting reviews, audits, and investigations of the NPCs. The major objective of the questionnaire is to uncover weaknesses and lapses in internal controls. The NPPO will then make recommendations for improved internal controls wherever there are weaknesses or lapses. The questionnaire also may be used as a voluntary self-assessment by the NPCs.

NPPO Operations Oversight Questionnaire, VA Form 10–10073C

The NPPO Operations Oversight Questionnaire, or portions of it, will be used in conducting operational reviews of the NPCs. The major objective of the questionnaire is to uncover operating problems and areas that need improvement. The NPPO will then make recommendations for operations improvements wherever problems or opportunities for improvement are found. The questionnaire also may be used as a voluntary self-assessment by the NPCs.
