

Agreement—the Plan of Action to Establish a National Strategy for the Coordination of National Multimodal Healthcare Supply Chains to Respond to COVID-19—was finalized.⁷ This plan of action established several sub-committees under the Voluntary Agreement, focusing on different transportation categories.

The meetings are chaired by the FEMA Administrator's delegates from the Office of Response and Recovery (ORR) and Office of Policy and Program Analysis (OPPA), attended by the Attorney General's delegates from the U.S. Department of Justice, and attended by the Chairman of the Federal Trade Commission's delegates. In implementing the Voluntary Agreement, FEMA adheres to all procedural requirements of 50 U.S.C. 4558 and 44 CFR part 332.

Meeting Objectives: The objectives of the first, second, and fourth meetings are as follows:

1. Meet the Sub-Committee for Oxygen under the Medical Gases Plan of Action to establish priorities related to the COVID-19 response under the Voluntary Agreement.

2. Gather Sub-Committee Participants and Attendees to ask targeted questions for situational awareness related to the Sub-Committee for Oxygen.

3. Identify potential Objectives and Actions that should be completed under the Sub-Committee for Oxygen.

4. Identify pandemic-related information gaps and areas that merit sharing by holding recurring meetings of the Sub-Committee for Oxygen with key stakeholders.

Meeting Objectives: The objectives of the third meeting are as follows:

1. Convene the Sub-Committee to Define Requirements under the previously-established Medical Devices Plan of Action to assess its status related to COVID-19 response under the Voluntary Agreement.

2. Gather Sub-Committee Participants and Attendees to ask targeted questions for situational awareness.

3. Identify pandemic-related supply chain issues, information gaps, and areas for potential additional discussion.

4. Identify potential Objectives and Actions which correspond to Sub-Committees. These will be held for further discussion under those Sub-Committees.

Meetings Closed to the Public: By default, the DPA requires meetings held to implement a voluntary agreement or plan of action be open to the public.⁸

However, attendance may be limited if the Sponsor⁹ of the voluntary agreement finds that the matter to be discussed at a meeting falls within the purview of matters described in 5 U.S.C. 552b(c), such as trade secrets and commercial or financial information.

The Sponsor of the Voluntary Agreement, the FEMA Administrator, found that these meetings to implement the Voluntary Agreement involve matters which fall within the purview of matters described in 5 U.S.C. 552b(c) and the meetings are therefore closed to the public.

Specifically, these meetings may require participants to disclose trade secrets or commercial or financial information that is privileged or confidential. Disclosure of such information allows for meetings to be closed to the public pursuant to 5 U.S.C. 552b(c)(4).

The success of the Voluntary Agreement depends wholly on the willing participation of the private sector participants. Failure to close these meetings to the public could reduce active participation by the signatories due to a perceived risk that sensitive company information could be prematurely released to the public. A premature public disclosure of a private sector participant's information could reduce trust and support for the Voluntary Agreement.

A resulting loss of support by the participants for the Voluntary Agreement would significantly frustrate the implementation of the Agency's objectives. Thus, these meeting closures are permitted pursuant to 5 U.S.C. 552b(c)(9)(B).

Deanne Criswell,

Administrator, Federal Emergency Management Agency.
