

Background

FSA is announcing plans to extend the information collection approval of a currently approved information collection that supports the 2017 Wildfires and Hurricanes Indemnity Program (WHIP) and the Quality Loss Adjustment (QLA) Program. FSA provides payments to eligible producers who suffered eligible crop, tree, bush, and vine losses resulting from a qualifying disaster event that occurred in the 2017 calendar year under WHIP, which was authorized by Bipartisan Budget Act of 2018 (BBA) (Pub. L. 115–123). FSA also administers the QLA Program to provide financial assistance to eligible producers who experienced a crop quality loss due to a qualifying disaster event in calendar years 2018 or 2019, which was authorized by the Additional Supplemental Appropriations for Disaster Relief Act, 2019 (Pub. L. 116–20), as amended by the Further Consolidated Appropriations Act, 2020 (Pub. L. 116–94).

Qualifying disaster event means:

- For 2017 WHIP, a hurricane, wildfire, or Tropical Storm Cindy or related condition that occurred in the 2017 calendar year; extreme cold in calendar year 2017 for losses of peach and blueberry crops in calendar year 2017; and extreme cold and hurricane damage in calendar year 2017 for blueberry productivity losses in calendar year 2018; and

- For QLA, a hurricane, flood, tornado, typhoon, volcanic activity, snowstorm, wildfire, excessive moisture, qualifying drought, or related condition that occurred in the 2018 or 2019 calendar year.

Extension

Title: 2017 WHIP and Block Grant to Florida and Quality Loss Adjustment (QLA) Program.

OMB Control Number: 0560–0291.

Type of Request: Extension.

OMB Expiration Date: 03/31/2022.

Abstract: This information collection is required to support both the regulation in 7 CFR part 760, subpart O, for 2017 WHIP requirements for eligible producers who suffered eligible crop, tree, bush, and vine losses resulting from a qualifying disaster event. The information collection is necessary to evaluate the application and other required paperwork for determining the producer's eligibility and the producer's payment calculations. FSA also granted funds to Florida to provide the payments to eligible citrus crop growers; the Florida grantee used the same FSA application for the growers. FSA also

administers the QLA Program to provide financial assistance to crop producers who experienced a crop quality loss due to a qualifying disaster event in calendar years 2018 or 2019. The information collection is being extended to continue the OMB approval for any additional information that may be needed until the payment process is fully completed.

For the following estimated total annual burden on respondents, the formula used to calculate the total burden hour is the estimated average time per response multiplied by the estimated total annual responses.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Responses: 236,100.

We are requesting comments on all aspects of this information collection to help us to:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the FSA, including whether the information will have practical utility;

(2) Evaluate the accuracy of the FSA's estimate of burden including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; or

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the
