

Needs and Uses: To effectively administer and monitor its economic development assistance programs, EDA collects certain information from applications for, and recipients of, EDA investment assistance. A Comprehensive Economic Development Strategy (CEDS) emerges from a continuing planning process developed and driven by a public sector planning organization by engaging a broad-based and diverse set of stakeholders to address the economic problems and potential of a region. The CEDS should include information about how and to what extent stakeholder input and support was solicited. Information on how the planning organization collaborated with its diverse set of stakeholders (including the public sector, private interests, non-profits, educational institutions, and community organizations) in the development of the CEDS should be included. In accordance with 13 CFR 303.7(b), a CEDS must contain a summary background, a SWOT (Strengths, Weaknesses, Opportunities, and Threats) Analysis, Strategic Direction/Action Plan, and an Evaluation Framework. In addition, the CEDS must incorporate the concept of economic resilience (*i.e.*, the ability to avoid, withstand, and recover from economic shifts, natural disasters, etc.). A CEDS is required for an eligible applicant to qualify for an EDA investment assistance under EDA's Public Works program, Economic Adjustment Assistance program, and certain planning programs, and is a prerequisite for a region's designation by EDA as an Economic Development District (see 13 CFR part 303, 13 CFR 305.2, and 13 CFR 307.2). EDA collects information under this information collection to ensure compliance with EDA's CEDS requirements.

Affected Public: (1) Cities or other political subdivisions of a State, including a special purpose unit of state or local government engaged in economic or infrastructure development activities; (2) States; (3) institutions of higher education; (4) public or private non-profit organizations or associations; (5) District Organizations; and (6) Indian Tribes.

Frequency: Planning Organizations must submit a new or revised CEDS to EDA at least every five years, unless EDA or the Planning Organization determines that a new or revised CEDS is required earlier due to changed circumstances.

Respondent's Obligation: Mandatory.
Legal Authority: The Public Works and Economic Development Act of 1965 (42 U.S.C. 3121 et seq).
