Civil Justice Reform

The Agency has analyzed the proposed rule in accordance with the principles and criteria in E.O. 12988, *Civil Justice Reform*. After adoption of the proposed rule, (1) all state and local laws and regulations that conflict with the proposed rule or that impede its full implementation would be preempted; (2) no retroactive effect would be given to the proposed rule; and (3) it would not require administrative proceedings before parties may file suit in court challenging its provisions.

Unfunded Mandates

Pursuant to Title II of the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538), signed into law on March 22, 1995, the Agency has assessed the effects of the proposed rule on state, local, and tribal governments and the private sector. The proposed rule would not compel the expenditure of \$100 million or more by any state, local, or tribal government or anyone in the private sector. Therefore, a statement under section 202 of the Act is not required.

Controlling Paperwork Burdens on the Public

The proposed rule does not contain information collection requirements as defined in 5 CFR part 1320 that are not already required by law or not already approved for use. Accordingly, the review provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) and its implementing regulations at 5 CFR part 1320 do not apply.
