#### Southern Natural Gas Company LLC; Notice of Request Under Blanket Authorization and Establishing Intervention and Protest Deadline

Take notice that on December 22, 2021, Southern Natural Gas Company LLC (SNG) filed a prior notice request for authorization, in accordance with 18 CFR 157.208 and 157.210 of the Federal Energy Regulatory Commission's (Commission) regulations under the Natural Gas Act and SNG's blanket certificate issued in Docket No. CP82-406-000 to: (1) Construct approximately 2.2 miles of 8-inch-diameter pipeline (Cordova Connector Line) in Walker County, Alabama; (2) modify existing facilities along the SNG system in Walker, Morgan, Calhoun, Jefferson, and Tuscaloosa counties, Alabama; and (3) re-wheel the existing Compressor Unit #1 at SNG's Providence Compressor Station in Tuscaloosa County, Alabama (North System 2022 Project or Project). The proposed project will provide 25,000 dekatherms per day of new firm transportation capacity to Spire at an

existing delivery point in zone 2 on SNG's system from an existing interconnection with BBT AlaTenn, LLC. SNG states that the project will increase the efficiency of SNG's system and provide additional capacity without the need for installation of additional compression and estimates that the cost of the project will be about \$15 million, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

Pursuant to Section 157.9 of the Commission's Rules of Practice and Procedure,<sup>1</sup> within 90 days of this Notice the Commission staff will either: Complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all

federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

### Public Participation

There are three ways to become involved in the Commission's review of this project: You can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,<sup>4</sup> and must be submitted by the protest deadline, which is March 4, 2022.
