*General Description of Collection:*  
This information collection implements the Secure and Fair Enforcement for Mortgage Licensing Act of 2008 (SAFE Act) requirement that employees of Federally-regulated institutions who engage in the business of a mortgage loan originator to register with the Nationwide Mortgage Licensing System and Registry and establishes national licensing and registration requirements. It also directs Federally-regulated institutions to have written policies and procedures in place to ensure that their employees who perform mortgage loan originations comply with the registration and other SAFE Act requirements.

There is no change in the method or substance of the collection. The overall decrease in burden hours is the result of economic fluctuation. In particular, the number of respondents and time per response have decreased while the frequency of responses have remained the same.
