Title; Associated Form; and OMB Number: National Language Service Corps Application and Assessment; DD Form 2932, DD Form 2933, DD Form 2934; OMB Control Number 0704-0449.

Type of Request: Regular. Number of Respondents: 1,700. Responses per Respondent: 3. Annual Responses: 5,100. Average Burden per Response: 12 minutes.

Annual Burden Hours: 1,020 hours. Needs and Uses: The National Language Service Corps (NLSC) recruits from the general public and enrolls individuals who would like to volunteer their language skills. The NLSC identifies U.S. citizens who can provide high levels of proficiency in foreign languages and cultural expertise critical to national security for short-term temporary assignments when other resources are not available. The NLSC will fill gaps between requirements of DoD or other departments or agencies of the United States and available language skills where government employees are required or desired. The NLSC will reach out to U.S. citizens (age 18 or over) who can read, listen, speak, and write in English and read, listen, write and speak at least one other specified language, generally at or above skill level 3 as described by the proficiency guidelines of the Federal Interagency Language Roundtable (ILR). The DoD and the Intelligence Community agencies use these guidelines as the basis for language skill requirements identification, position descriptions, readiness indices and language bonus pay systems. Therefore, the ILR proficiency guidelines represent a common metric used by U.S. Government agencies as a basis for policy, planning and human capital decisions in operational, mission critical areas where language is required.

Title; Associated Form; and OMB Number: Status of the Forces Survey of Reserve Component Members; OMB Control Number 0704–0616.

Type of Request: Regular. Number of Respondents: 16,515. Responses per Respondent: 1. Annual Responses: 16,515. Average Burden per Response: 20 minutes.

Annual Burden Hours: 5,505 hours.

Needs and Uses: The Status of Forces
Reserve Survey (SOFS–R) is a DoD-wide
survey of Reserve and National Guard
used in evaluating existing policies and
programs, establishing baseline
measures before implementing new
policies and programs, and monitoring
the progress of policies/programs that
make a difference in the lives of Reserve
component members and their families.
The survey assesses topics such as

financial well-being, reintegration programs following activation/ deployment, outreach to civilian employers, employer support, family support programs, and benefits (i.e. education, commissary/exchange, health care), and suicide awareness. Data is aggregated by appropriate demographics, including Service, paygrade, gender, race/ethnicity, activation status, and other indicators. In order to be able to meet reporting requirements for DoD leadership, the Military Services, and Congress, the survey needs to be completed annually. As required by the National Defense Authorization Act, the results of this survey are used by each of the Service Secretaries to evaluate and update training. In addition, The Under Secretary of Defense for Personnel and Readiness uses the SOFS-R to suggest changes to services supporting Reserve component members' ability to return to their families and their civilian jobs following activation/deployment as well as addressing retention, health care, and family life issues.

Affected Public: Individuals or households.

Respondent's Obligation: Voluntary.
