Requirements", "2008 Lead NAAQS Infrastructure Requirements", "2008 Ozone NAAQS Infrastructure Requirements", "2010 NO<sub>2</sub> NAAQS Infrastructure Requirements", "2010 SO<sub>2</sub> NAAQS Infrastructure Requirements'', and "2012 PM<sub>2.5</sub> NAAQS Infrastructure Requirements''; and

■ b. Removing the entry "2015 Ozone NAAQS Infrastructure Requirements".

The revisions read as follows:

§ 52.720 Identification of plan.

(e) \* \* \*

#### EPA-APPROVED ILLINOIS NONREGULATORY AND QUASI-REGULATORY PROVISIONS

Section 110(a)(2) Infrastructure Requirements								
1997 8-hour Ozone NAAQS Infrastruc- ture Requirements.	Statewide	12/12/2007	7/13/2011, 76 FR 41075	CAA elements 110(a)(2)(A), (B), (C) with respect to enforce- ment, (D)(ii), (E) through (H), (J) except for prevention of sig- nificant deterioration (PSD), and (K) through (M) have been approved. CAA elements 110(a)(2)(C) and (J) with respect to PSD have been disapproved.				
1997 PM <sub>2.5</sub> NAAQS Infrastructure Re- quirements.	Statewide	12/12/2007	7/13/2011, 76 FR 41075	CAA elements 110(a)(2)(A), (B), (C) with respect to enforce- ment, (D)(ii), (E) through (H), (J) except for prevention of sig- nificant deterioration (PSD), and (K) through (M) have been approved. CAA elements 110(a)(2)(C) and (J) with respect to PSD have been disapproved.				
2006 24-hour PM <sub>2.5</sub> NAAQS Infrastruc- ture Requirements.	Statewide	8/9/2011, supple- mented on 8/25/ 2011, 6/27/2012, and 7/5/2017.	9/23/2019, 84 FR 4967	All CAA infrastructure elements under 110(a)(2) have been approved except (D)(i)(I) [Prongs 1 and 2], (D)(ii), and the PSD portions of (C), (D)(i)(II) [Prong 3], and (J), which have been disapproved. The disapproved elements have Federal Implementation Plans (FIP) in place and no further action is needed.				
2008 Lead NAAQS In- frastructure Require- ments.	Statewide	12/31/2012 and 7/5/ 2017.	9/23/2019, 84 FR 49671	All CAA infrastructure elements under 110(a)(2) have been ap- proved except (D)(ii), and the PSD portions of (C), (D)(i)(II) [Prong 3], and (J), which have been disapproved. The dis- approved elements have Federal Implementation Plans (FIP) in place and no further action is needed.				
2008 Ozone NAAQS Infrastructure Re- quirements.	Statewide	12/31/2012 and 7/5/ 2017.	9/23/2019, 84 FR 49671	All CAA infrastructure elements under 110(a)(2) have been approved except (D)(i)(I) [Prongs 1 and 2], (D)(ii), and the PSD portions of (C), (D)(i)(II) [Prong 3], and (J), which have been disapproved. The disapproved elements have Federal Implementation Plans (FIP) in place and no further action is needed.				
2010 NO <sub>2</sub> NAAQS In- frastructure Require- ments.	Statewide	12/31/2012 and 7/5/ 2017.	9/23/2019, 84 FR 49671	All CAA infrastructure elements under 110(a)(2) have been ap- proved except (D)(ii), and the PSD portions of (C), (D)(i)(II) [Prong 3], and (J), which have been disapproved. The dis- approved elements have Federal Implementation Plans (FIP) in place and no further action is needed.				
2010 SO <sub>2</sub> NAAQS In- frastructure Require- ments.	Statewide	12/31/2012 and 7/5/ 2017.	9/23/2019, 84 FR 49671	All CAA infrastructure elements under 110(a)(2) have been ap- proved except (D)(ii), and the PSD portions of (C), (D)(i)(II) [Prong 3], and (J), which have been disapproved, and (D)(i)(I) [Prongs 1 and 2], which have not yet been submitted. The dis- approved elements have Federal Implementation Plans (FIP) in place and no further action is needed.				
2012 PM <sub>2.5</sub> NAAQS Infrastructure Re- quirements.	Statewide	9/29/2017	6/20/2019, 84 FR 28745					

[FR Doc. 2022–00785 Filed 1–14–22; 8:45 am]	ENVIRONMENTAL PROTECTION	SUMMARY: The Environmental Protection
BILLING CODE 6560-50-P	AGENCY	Agency (EPA) is partially approving and
		partially disapproving a revision to the
	40 CFR Part 52	Ohio State Implementation Plan (SIP)
		intended to provide for attainment of
	[EPA-R05-OAR-2015-0699; FRL-9271-02-	the 2010 primary, health-based 1-hour
	R5]	sulfur dioxide (SO <sub>2</sub> ) national ambient
	-	air quality standard (NAAQS or
	Air Plan Approval; Ohio; Partial	"standard") for the Muskingum River
	Approval and Partial Disapproval of	SO <sub>2</sub> nonattainment area. This SIP
	the Muskingum River SO <sub>2</sub>	revision (hereinafter referred to as the
	Nonattainment Area Plan	Muskingum River SO <sub>2</sub> plan or plan)
		includes Ohio's attainment
	<b>AGENCY:</b> Environmental Protection	demonstration and other attainment
	Agency (EPA).	planning elements required under the

**ACTION:** Final rule.

Clean Air Act (CAA). By this action,

EPA is approving the base year

emissions inventory and affirming that the nonattainment new source review requirements for the area have been met. EPA is disapproving the attainment plan, since the plan relies on, among other things, acquisition of a parcel of land by a facility located within the nonattainment area, Globe Metallurgical (Globe), that has not occurred. Additionally, EPA is disapproving the plan for failing to meet the requirements for meeting reasonable further progress (RFP) toward attainment of the NAAQS, reasonably available control measures/ reasonably available control technology (RACM/RACT), emission limitations and control measures as necessary to attain the NAAQS, and contingency measures.

**DATES:** This final rule is effective on February 17, 2022.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA-R05-OAR-2015-0699. All documents in the docket are listed on the www.regulations.gov website. Although listed in the index, some information is not publicly available, i.e., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either through www.regulations.gov or at the Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays and facility closures due to COVID-19. We recommend that you telephone Gina Harrison, Environmental Scientist, at (312) 353-6596 before visiting the Region 5 office.

FOR FURTHER INFORMATION CONTACT: Gina Harrison, Environmental Scientist, Attainment Planning and Maintenance Section, Air Programs Branch (AR–18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353–6956, harrison.gina@epa.gov.

## SUPPLEMENTARY INFORMATION:

# I. What actions did EPA propose in this SIP submission?

On November 30, 2021,<sup>1</sup> EPA proposed to partially approve and partially disapprove Ohio's SO<sub>2</sub> plan for the Muskingum River area submitted on April 3, 2015, and October 13, 2015, and

supplemented on June 23, 2020, and June 1, 2021. Prior to the November 30, 2021, proposed rule, on September 29, 2020,<sup>2</sup> EPA proposed to approve Ohio's SO<sub>2</sub> plan for the Muskingum River area. EPA also proposed to approve and incorporate by reference Ohio EPA's DFFOs issued to Globe on June 23, 2020, including emission limits and associated compliance monitoring, recordkeeping, and reporting requirements. In addition, EPA proposed to approve the base year emissions inventory and to affirm that the new source review requirements for the area had previously been met.

EPA's notice of proposed rulemaking provided an explanation of the applicable provisions in the CAA and the measures and limitations identified in Ohio's attainment plan to satisfy these provisions. Ohio's plan was based on, among other things, Globe purchasing a tract of property to the north of the facility that was modeled to be impacted by SO<sub>2</sub> emissions from the facility. EPA found that the inclusion of this property within Globe's fenceline was necessary to demonstrate that no violations of the 1-hour SO<sub>2</sub> NAAQS would occur outside of company property.

On June 1, 2021, EPA learned from Ohio EPA that Globe had decided not to purchase the land as anticipated by the attainment plan. As the attainment demonstration relied on the inclusion of this property within Globe's fenceline, failure to obtain the land renders the attainment demonstration invalid. Without a valid attainment demonstration, the proposed plan does not meet the requirements for meeting RFP toward attainment of the NAAQS, RACM/RACT, emission limitations and control measures as necessary to attain the NAAQS, and contingency measures. Final action to disapprove the attainment demonstration will start sanctions and Federal implementation plan (FIP) clocks for this area under CAA sections 179(a)-(b) and 110(c), respectively. Sanctions and FIP clocks will be terminated by an EPA rulemaking approving a revised attainment demonstration.

## II. What is EPA's response to comments received on the proposed rulemaking?

The proposed action described above provided a public comment period that closed on December 30, 2021. EPA received no comments on the proposed action.

#### III. What action is EPA taking?

EPA is approving the base year emissions inventory and affirming that the new source review requirements for the area have been met. EPA is disapproving Ohio's attainment demonstration for the Muskingum River SO<sub>2</sub> nonattainment area, as well as the requirements for meeting RFP toward attainment of the NAAQS, RACM/ RACT, emission limitations and control measures as necessary to attain the NAAQS, and contingency measures.

This disapproval starts sanctions clocks for this area under CAA section 179(a)–(b), including a requirement for 2-for-1 offsets for any major new sources or major modifications 18 months after the effective date of this action, and highway funding sanctions 6 months thereafter, as well as initiate an obligation for EPA to promulgate a FIP within 24 months, under CAA section 110(c), unless in the meantime EPA has approved a plan that satisfies the requirements that EPA is finding unsatisfied. Ohio has committed to submit a supplemental submittal addressing EPA's concerns. Evaluation of such submittal would take place in a subsequent action.

## IV. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action partially approves and partially disapproves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

• Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);

• Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);

• Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

• Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);

2556

<sup>&</sup>lt;sup>1</sup>86 FR 67885 (November 30, 2021).

<sup>&</sup>lt;sup>2</sup>85 FR 60933 (September 29, 2020).

• Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

• Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

• Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

• Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and

• Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small **Business Regulatory Enforcement** Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the Federal Register. A major rule cannot take effect until 60 days after it is published in the Federal Register. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by March 21, 2022. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (*See* section 307(b)(2).)

### List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Reporting and recordkeeping requirements, Sulfur oxides.

Dated: January 11, 2022.

### Debra Shore,

Regional Administrator, Region 5.

For the reasons stated in the preamble, EPA amends 40 CFR part 52 as follows:

### PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 et seq.

■ 2. In § 52.1870, the table in paragraph (e) is amended under the heading "Summary of Criteria Pollutant Attainment Plans" by adding an entry for "SO<sub>2</sub> (2010)" after the entry for "SO<sub>2</sub> (2010)" (with a State date of 2/16/2017) to read as follows:

§ 52.1870 Identification of plan.

\* \* \*

(e) \* \* \*

National Oceanic and Atmospheric Administration

50 CFR Part 648

### [RTID 0648-XB717]

Fisheries of the Northeastern United States; Summer Flounder Fishery; Retroactive Quota Transfer From MA to CT

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notification of quota transfer.

**SUMMARY:** NMFS announces that the Commonwealth of Massachusetts is transferring a portion of its 2021 commercial summer flounder quota to the State of Connecticut. This retroactive adjustment to the 2021 fishing year quota is necessary to comply with the Summer Flounder, Scup, and Black Sea Bass Fishery Management Plan quota transfer provisions. This announcement informs the public of the retroactively revised
