BILLING CODE 4710–05–P**DEPARTMENT OF TRANSPORTATION****Federal Highway Administration****Notice of Final Federal Agency Actions on Proposed Highway in Alaska**

AGENCY: Federal Highway Administration (FHWA), Department of Transportation (DOT).

ACTION: Notice of Limitations on Claims for Judicial Review of Actions by the Alaska Department of Transportation and Public Facilities (DOT&PF).

SUMMARY: The FHWA, on behalf of DOT&PF, is issuing this notice to announce actions taken by DOT&PF that are final. The actions relate to a proposed highway project, Sterling Safety Corridor Improvements Milepost (MP) 82.5 to 94, in the Kenai Peninsula Borough and the Cities of Soldotna and Kenai, Alaska. Those actions grant licenses, permits, and approvals for the project.

DATES: By this notice, the FHWA, on behalf of DOT&PF, is advising the public of final agency action subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal agency actions on the listed highway project will be barred unless the claim is filed on or before June 17, 2022. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

As such, environmental review, consultation, and other actions required by applicable Federal environmental laws for this project have been carried out by DOT&PF pursuant to 23 U.S.C. 327 and a Memorandum of Understanding executed by FHWA and DOT&PF. Notice is hereby given that DOT&PF has taken final agency actions subject to 23 U.S.C. 139(l)(1) by issuing licenses, permits, and approvals for the proposed highway project, Sterling Safety Corridor Improvements, in the Kenai Peninsula Borough and the Cities of Soldotna and Kenai, Alaska. The proposed project would improve the Sterling Highway by expanding the existing road to a four-lane divided highway, with a depressed median from approximately Handley Street in

Sterling (MP 82.5) to Kleeb Loop in Soldotna (MP 94), with each end transitioning to a four-lane highway divided with a center two-way left-turn lane to tie back into the existing lane configurations. Additional improvements include median breaks approximately every half-mile with dedicated left-turn lanes, frontage road and pedestrian facility construction, utility relocations, vegetation clearing, drainage improvements, and roadside hardware upgrades.

The actions by the Federal agencies, and the laws under which such actions were taken, are described in the Final Environmental Assessment (FEA) for the project, approved on December 16, 2021, in the Finding of No Significant Impact (FONSI) issued on December 16, 2021, Section 4(f) de minimis finding, approved on November 11, 2021, and in other documents in the DOT&PF project records. The FEA, Section 4(f) de minimis finding, FONSI, and other project records are available by contacting DOT&PF at the addresses provided above. The FEA and FONSI documents can be viewed and downloaded from the project website at <http://www.sterlinghighway82to94.com/>, or viewed at 4111 Aviation Avenue, Anchorage, Alaska 99519.
