Analysis of Comments Received

All issues raised in the parties’ case and rebuttal briefs are addressed in the Issues and Decision Memorandum and are listed in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on-file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <https://access.trade.gov/public/FRNotices/ListLayout.aspx>.

Changes Since the Preliminary Results

Based on the comments received from interested parties and record information, we made no changes to our preliminary margin calculations for the POSCO single entity.

Final Results of the Review

As a result of this review, we determine the following weighted-average dumping margin exists for the POR:

Exporter or producer	Weighted-average dumping margin (percent)
POSCO single entity ⁵	00.00

Disclosure

⁴ See Issues and Decisions Memorandum at 2–7.
⁵ Commerce continues to determine that POSCO, POSCO International Corporation, POSCO SPS, and certain distributors and service centers (Taechang Steel Co., Ltd., Winsteel Co., Ltd., and Shinjin Esco

Normally, Commerce will disclose to the parties in a proceeding the calculations performed in connection with a final results of review, in accordance with 19 CFR 351.224(b). However, because Commerce made no adjustments to the margin calculation methodology used in the *Preliminary Results*, there are no additional calculations to disclose for the final results of this review.

Assessment Rates

Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with these final results of review.⁶ Because the weighted-average dumping margin for the POSCO single entity is zero percent, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.⁷

Commerce’s “reseller policy” will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know that the merchandise they sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁸

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the

Co., Ltd.) are affiliated pursuant to section 771(33)(E) of the Tariff Act of 1930, as amended (the Act), and that these companies should be treated as a single entity (collectively, the POSCO single entity) pursuant to 19 CFR 351.401(f). Our collapsing determination with respect to Shinjin Esco Co., Ltd. relates only to the portion of the POR during which the company was affiliated with POSCO, i.e., from May 1, 2019, to February 10, 2020. See *Preliminary Results*; see also Memorandum, “2019–2020 Antidumping Duty Administrative Review of Certain Carbon and Alloy Steel Cut-to-Length Plate from the Republic of Korea: Affiliation and Collapsing Memorandum,” dated July 30, 2021.

time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the POSCO single entity will be equal to the weighted-average dumping margin established in the final results of this administrative review (i.e., zero percent); (2) for merchandise exported by a producer or exporter not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the producer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 7.10 percent *ad valorem*, the all-others rate established in the LTFV investigation.⁹

These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance

⁹ See *Order*, 82 FR 24098.

with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: January 28, 2022.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that producers and/or exporters subject to this administrative review made sales of subject merchandise at less than normal value during the period of review (POR), May 1, 2019, through April 30, 2020. Additionally, Commerce determines that a company for which we initiated a review had no shipments during the POR.

DATES: Applicable February 4, 2022.

SUPPLEMENTARY INFORMATION:

Background

This review covers ten producers and/or exporters of the subject merchandise. Commerce selected two companies, NLMK Verona SpA (NVR) and Officine Tecnosider s.r.l. (OTS), for individual examination. The producers and/or exporters not selected for individual examination are listed in the “Final Results of the Review” section of this notice.

On August 4, 2021, Commerce published the *Preliminary Results*.¹ In September 2021, certain of the petitioners² and NVR submitted case and rebuttal briefs. On November 30, 2021, we extended the deadline for the final results by 57 days, until January 28, 2022.³ For a description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁴

Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The products covered by the order are certain carbon and alloy steel hot-rolled or forged flat plate products not in coils, whether or not painted, varnished, or coated with plastics or other non-metallic substances from Italy. Products subject to the order are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under item numbers: 7208.40.3030, 7208.40.3060, 7208.51.0030, 7208.51.0045, 7208.51.0060, 7208.52.0000, 7211.13.0000, 7211.14.0030, 7211.14.0045, 7225.40.1110, 7225.40.1180, 7225.40.3005, 7225.40.3050, 7226.20.0000, and 7226.91.5000. Analysis of Comments Received

All issues raised in the case and rebuttal briefs are listed in the appendix to this notice and addressed in the Issues and Decision Memorandum. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Determination of No Shipments

As noted in the *Preliminary Results*, we received a no-shipment claim from one company involved in this administrative review, Lyman Steel Company (Lyman). In the *Preliminary Results*, we preliminarily determined that Lyman had no reviewable transactions during the POR. We received no comments from interested parties with respect to this claim. Therefore, because the record indicates that this company did not export subject merchandise to the United States during the POR, we continue to find that Lyman had no reviewable transactions during the POR. Accordingly, consistent with Commerce’s practice, we intend to instruct U.S. Customs and Border Protection (CBP) to liquidate any existing entries of merchandise produced by Lyman, but exported by other parties, at the rate for the intermediate reseller, if available, or at the all-others rate.⁶

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, we made changes to the preliminary weighted-average margin calculations for OTS, NVR, and those companies not selected for individual review.⁷
