A. Overview of Information Collection

Title of Proposal: Public Housing Agency Executive Compensation Information.

OMB Approval Number: 2577–0272.

Type of Request: Revision of currently approved collection.

Form Number: HUD–52725.

Description of the need for the information and proposed use: Pursuant to a notice issued annually (most recently PIH Notice 2019–21), HUD collects information on the compensation provided by public housing agencies (PHAs) to its employees. More specifically, under this collection PHAs are to report the compensation paid to the top management official, the top financial official, and all employees who are paid an annual salary over the compensation cap imposed by Congress in HUD's annual appropriations (Level IV of the Executive Schedule).

This reporting is similar to the information that non-profit organizations receiving federal tax exemptions are required to report to the IRS annually. Because PHAs receive significant direct federal funds HUD has been collecting compensation information to enhance regulatory oversight by HUD, as well as by state and local authorities. HUD provides the information collected to the public. The compensation data collected includes base salary, bonus, and incentive and other compensation, and the extent to which these payments are made with any Section 8 and 9 appropriated funds.

One of the primary purposes of this amendment to the PHA executive compensation information collection is to reduce the reporting burden on ALL PHAs by moving from an annual collection to collecting one year of data once every three years—this will reduce the reporting burden on PHAs by 66.7%.

While HUD may only collect PHA compensation data once every three years, PHAs are still subject to the annual compensation restrictions imposed by Congress. Therefore, all years remain subject to potential review by HUD to ensure compliance with the Annual Appropriations Act.

A. Overview of Information Collection

Title of Information Collection: Promise Zones Reporting.

OMB Approval Number: 2501–0035.

Type of Request: Reinstatement with change of a previously approved collections.

Form Number: HUD–9916 Promise Zone Annual Narrative Report; HUD–9917 Quarterly Investments & Assistance Report; HUD–9919 Quarterly Progress and Annual Priorities Report.

Description of the need for the information and proposed use: This collection is a reinstatement with changes to a previous collection that collected information for reporting purposes. The HUD–XXXX “New Neighborhood Amenities” form, from the original 2501–0035 OMB approval, has been removed from this collection because the form was never used. Additionally, HUD Form 9917 (Bi-annual Non-Federal Investment report) and HUD Form 9918 (Monthly Federal Grants Report) have been merged so that HUD 9917 will now collect the information previously captured in

HUD 9918. HUD 9917 has therefore been reformatted to collect this new information and to be more user-friendly; HUD 9918 has been removed and retired from this collection. HUD-9917 will now be called the Quarterly Investments and Assistance Report; it will be collected quarterly and submitted cumulatively. These changes will reduce unnecessary copying and pasting, reformatting, and file management, and will ultimately reduce the burden on respondents.

HUD designated fourteen communities as urban Promise Zones between 2014 and 2016. Under the Promise Zones initiative, the federal government invests in and partners with high-poverty urban, rural, and tribal

communities to create jobs, increase economic activity, improve educational opportunities, leverage private investment, and reduce violent crime. Additional information about the Promise Zones initiative can be found at https://www.hud.gov/program_offices/field_policy_mgt/fieldpolicymgtpz, and questions can be addressed to promiszone@hud.gov. The federal administrative duties pertaining to these designations shall be managed and executed by HUD for ten years from the designation dates pursuant to sections 2 and 3 of the HUD Act, 42 U.S.C. 3531-32, to assist the President in achieving maximum coordination of the various federal activities which have a major

effect upon urban community, suburban, or metropolitan development; to develop and recommend the President policies for fostering orderly growth and development of the Nation's urban areas; and to exercise leadership, at the direction of the President, in coordinating federal activities affecting housing and urban development. To facilitate communication between local and federal partners, HUD proposes that Promise Zone Lead Organizations submit minimal reports and documents to support collaboration and problem solving between local and federal partners. These reports will also assist in communications and stakeholder engagement, both locally and nationally.
