The PM ARDAP Operations Team will review the survey responses and provide data and subsequent analysis to PM ARDAP leadership. The results will enable PM ARDAP leadership to communicate areas for improvement, actions they plan to take or have taken, and if the changes address the areas in need of improvement with its personnel. Additionally, since the survey is annual, PM ARDAP will be able to review and analyze data year to year to identify trends.

Needs and Uses: The purpose of this study is to employ necessary methods of welfare economics for analyzing the net economic value of beach re-nourishment. The U.S. Army Corps of Engineers Principles and Guidelines stipulates that when beach visitation exceeds the 750,000 annual visitation threshold, contingent valuation or travel cost method are the required metrics for measuring benefits accruing from recreation. This study will produce empirical estimates of economic value of beach replenishment, focusing on recreation value, how recreation value varies with programmatic attributes, and economic impacts stemming from changes in recreation and recreation value. This study will employ utility-theoretic micro-econometric models, with revealed and stated preference data, and will focus on San Juan, Puerto Rico. This project is being conducted as part of the Puerto Rico Coastal Study and the San Juan Metro Area, Puerto Rico Study. Section 204 of the River and Harbor Act of 1970 (Pub. L. 91-611) authorizes the Secretary of the Army, acting through the Chief of Engineers, to prepare plans for the development, utilization and conservation of water and related land resources of drainage basins and coastal areas in the Commonwealth of Puerto Rico. The project consists of two distinct survey

collections. The "Puerto Rico Beaches" survey will measure beach visitation and erosion management preferences for Puerto Rico residents, and the "Caribbean Visitor Survey" will measure beach visitation and erosion management preferences for U.S. visitors to Puerto Rico.

Affected Public: Individuals or households.
