SUPPLEMENTARY INFORMATION: This notice supersedes the notice published on January 25, 2022 (87 FR 3759), which the Department withdraws.

Under Executive Order 14043, every Federal agency must “implement, to the extent consistent with applicable law, a program to require COVID-19 vaccination for all of its Federal employees, with exceptions only as required by law.” In following this directive, the Department imposed a requirement that its employees must receive and submit proof of COVID-19 vaccination. As required by 29 U.S.C. 701 *et seq.* and 29 CFR part 1630, the Department allows an exception from the vaccination requirement for employees who demonstrate medical reasons or disabilities that would make the COVID-19 vaccine unsafe for them. To obtain this exception, employees can submit the *Request for Medical Exception to the COVID-19 Vaccination Requirement* form available from the Department’s COVID-19 Information Hub. The Department uses the information on this form to verify employees’ assertions that they are entitled to an exception to the COVID-19 vaccination requirement because of their medical or disability statuses.

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

A Notice Regarding Injunctions: The vaccination requirement issued pursuant to E.O. 14043, “Requiring Coronavirus Disease 2019 Vaccination for Federal Employees” is currently the subject of a nationwide injunction. While that injunction remains in place, the Department will not process requests for a medical exception from the COVID-19 vaccination requirement pursuant to E.O. 14043. The Department will also not request the submission of any medical information related to a request for an exception from the vaccination requirement pursuant to E.O. 14043 while the injunction remains in place. But the Department may nevertheless receive information regarding a medical exception. That is because, if the Department were to receive a request for an exception from the COVID-19 vaccination requirement

pursuant to E.O. 14043 during the pendency of the injunction, the Department will accept the request, hold it in abeyance, and notify the employee who submitted the request that implementation and enforcement of the COVID-19 vaccination requirement pursuant to E.O. 14043 is currently enjoined and that an exception therefore is not necessary so long as the injunction is in place. In other words, during the pendency of the injunction, any information collection related to requests for medical exception from the COVID-19 vaccination requirement pursuant to E.O. 14043 is not undertaken to implement or enforce the COVID-19 vaccination requirement.
