

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Agency for Toxic Substances and Disease Registry

[Docket No. ATSDR–2022–0001]

Availability of Six Draft Toxicological Profiles

AGENCY: Agency for Toxic Substances and Disease Registry (ATSDR), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Agency for Toxic Substances and Disease Registry (ATSDR), within the Department of Health and Human Services (HHS), announces the opening of a docket to obtain comments on drafts of six updated toxicological profiles: Beryllium, Chloromethane, 1,2-Dichloroethane, Methyl tert-butyl ether (MTBE), N-Nitrosodimethylamine, and Chlorodibenzofurans.

DATES: Written comments must be received on or before May 23, 2022.

ADDRESSES: You may submit comments, identified by Docket Number ATSDR–2022–0001, by either of the following methods:

- *Federal eRulemaking Portal:* www.regulations.gov. Follow the instructions for submitting comments.
- *Mail:* Office of Innovation and Analytics, Agency for Toxic Substances and Disease Registry, 4770 Buford Highway, Mail Stop S102–1, Atlanta, GA 30341–3717. Attn: Docket No. ATSDR–2022–0001.

Instructions: All submissions must include the Agency name and Docket Number. All relevant comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Do not submit comments by email. ATSDR does not accept comments by email. For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Kambria Haire, Office of Innovation and Analytics, Agency for Toxic Substances and Disease Registry, 4770 Buford Highway, Mail Stop S102–1, Atlanta, GA 30329–4027, Email: ATSDRToxProfileFRNs@cdc.gov; Telephone: 1–800–232–4636.

SUPPLEMENTARY INFORMATION: ATSDR has prepared drafts of six updated toxicological profiles based on availability of new health effects and other information since their initial releases. All toxicological profiles issued as “Drafts for Public Comment”

represent the result of ATSDR’s evidence-based evaluations to provide important toxicological information on priority hazardous substances to the public and health professionals. ATSDR is seeking public comments and additional information or reports on studies about the health effects of these six substances for review and potential inclusion in the profiles. ATSDR considers key studies for these substances during the profile development process. This notice solicits any relevant, additional studies. ATSDR will evaluate the quality and relevance of such data or studies for possible inclusion in the profile.

Public Participation

Interested persons or organizations are invited to participate by submitting written views, information, and data. Comments received, including attachments and other supporting materials, are part of the public record and are subject to public disclosure. Comments will be posted on <https://www.regulations.gov>. Therefore, do not include any information in your comment or supporting materials that you consider confidential or inappropriate for public disclosure. If you include your name, contact information, or other information that identifies you in the body of your comments, that information will be on public display. Do not submit comments by email. ATSDR does not accept comments by email. ATSDR will review all submissions and may choose to redact or withhold submissions containing private or proprietary information such as Social Security numbers, medical information, inappropriate language, or duplicate/near duplicate examples of a mass-mail campaign. ATSDR will carefully review and consider all comments submitted in preparation of the Final Toxicological Profiles and may revise the profiles as appropriate.

Legislative Background

The Superfund Amendments and Reauthorization Act of 1986 (SARA) [42 U.S.C. 9601 *et seq.*] amended the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA or Superfund) [42 U.S.C. 9601 *et seq.*] by establishing certain requirements for ATSDR and the U.S. Environmental Protection Agency (EPA) regarding the hazardous substances most commonly found at facilities on the CERCLA National Priorities List. Among these statutory requirements is a mandate for the Administrator of ATSDR to prepare toxicological profiles for each substance

included on the priority list of hazardous substances [also called the Substance Priority List (SPL)]. This list identifies 275 hazardous substances that ATSDR and EPA have determined pose the most significant potential threat to human health. The SPL is available online at www.atsdr.cdc.gov/spl. ATSDR is also mandated to revise and publish updated toxicological profiles, as necessary, to reflect updated health effects and other information.

In addition, CERCLA provides ATSDR with the authority to prepare toxicological profiles for substances not found on the SPL. CERCLA authorizes ATSDR to establish and maintain an inventory of literature, research, and studies on the health effects of toxic substances (CERCLA Section 104(i)(1)(B); 42 U.S.C. 9604(i)(1)(B)); to respond to requests for health consultations (CERCLA Section 104(i)(4); 42 U.S.C. 9604(i)(4)); and to support the site-specific response actions conducted by the agency (CERCLA Section 104(i)(6); 42 U.S.C. 9604(i)(6)). Public nominations for substances from the SPL (or other substances) for toxicological profile development were requested on April 18, 2018 (83 FR 17177).

ATSDR has now prepared drafts of six updated toxicological profiles based on availability of new health effects and other information since their initial release.

Availability

The Draft Toxicological Profiles are available online at <http://www.atsdr.cdc.gov/ToxProfiles> and at www.regulations.gov, Docket No. ATSDR–2022–0001.

Pamela Protzel Berman,

Associate Director, Office of Policy, Planning and Partnerships, Agency for Toxic Substances and Disease Registry.

BILLING CODE 4163–70–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Notice of Award of a Single-Source Cooperative Agreement To Fund Servicos Provinciais de Saude de Inhambane (SPS Inhambane), Mozambique

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Disease Control and Prevention (CDC), located within the Department of Health and Human Services (HHS), announces the award of approximately \$1,000,000 for Year 1 of funding to the *Servicos Provinciais de Saude de Inhambane* (SPS Inhambane), Mozambique. The award will strengthen the institutional capacity of SPS Inhambane to plan, coordinate, and supervise HIV-related activities to contribute to accelerated progress towards the 95–95–95 goals (95% of HIV-positive individuals knowing their status, 95% of those receiving ART [Antiretroviral therapy], and 95% of those achieving viral suppression) and ensure sustainable control of the epidemic in Mozambique. Funding amounts for years 2–5 will be set at continuation.

DATES: The period for this award will be September 30, 2022 through September 29, 2027.

FOR FURTHER INFORMATION CONTACT: Meghan Duffy, Center for Global Health, Centers for Disease Control and Prevention, U.S. Embassy Maputo, Avenida Marginal nr 5467, Sommerschild, Distrito Municipal de KaMpfumo Caixa Postal 783 CEP 0101–11 Maputo, Moçambique, Telephone: 800–232–6348, E-Mail: wwp2@cdc.gov.

SUPPLEMENTARY INFORMATION: The single-source award will focus on building institutional capacity of the SPS in Inhambane for program development and planning and strengthening program implementation and oversight of activities related to HIV prevention, care, support, and treatment services funded by PEPFAR in Mozambique.

SPS Inhambane is in a unique position to conduct this work, as it is the sole organization tasked with ensuring the execution of health activities at the provincial level in Inhambane [Decree 26/2020]. In Mozambique, the governmental public health infrastructure is organized into the central or national entity of the Mozambique Ministry of Health/ *Ministério da Saude* (MOH/MISAU), the Provincial Health Directorates (DPSS) that implement activities at the primary healthcare level, and the Provincial Health Service (SPS) that lead all health services within the province of Inhambane. The SPSs in Mozambique are government organizations established by law and mandated to plan, coordinate, and supervise all health-related activities at the tertiary and secondary level, including HIV/AIDS activities, within their provincial jurisdiction.

Summary of the Award

Recipient: SPS Inhambane, Mozambique.

Purpose of the Award: The purpose of this award is to strengthen the institutional capacity of SPS Inhambane to plan, coordinate, and supervise HIV-related activities to contribute to accelerated progress towards the 95–95–95 goals and ensure sustainable control of the epidemic in Mozambique.

Amount of Award: The approximate year 1 funding amount will be \$1,000,000 in Federal Fiscal Year (FFY) 2022 funds, subject to the availability of funds. Funding amounts for years 2–5 will be set at continuation.

Authority: This program is authorized under Public Law 108–25 (the United States Leadership Against HIV AIDS, Tuberculosis and Malaria Act of 2003).

Period of Performance: September 30, 2022 through September 29, 2027.

Dated: February 16, 2022.

Terrance Perry,

Chief Grants Management Officer, Centers for Disease Control and Prevention.

BILLING CODE 4163–18–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Notice of Award of a Single-Source Cooperative Agreement To Fund Cote d'Ivoire Ministry of Health and Public Hygiene and Universal Health Coverage (MSHPCMU)

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Disease Control and Prevention (CDC), located within the Department of Health and Human Services (HHS) announces the award of approximately \$3,000,000 for Year 1 of funding to the (MSHPCMU). The award will strengthen the capacities of the Ministry of Health (MOH) at the central and decentralized levels for HIV/TB infection control interventions. Funding amounts for years 2–5 will be set at continuation.

DATES: The period for this award will be September 30, 2022 through September 29, 2027.

FOR FURTHER INFORMATION CONTACT: Titania Techeira, Center for Global Health, Centers for Disease Control and Prevention, CDC Côte d'Ivoire, U.S. Embassy B.P. 730 Abidjan Cidex 03,

Telephone: 800–232–6348, E-Mail: iux2@cdc.gov.

SUPPLEMENTARY INFORMATION: The single-source award will (1) Provide technical, programmatic, financial, and administrative support to the ministry departments for the implementation, coordination, mobilization, and supervision of key central-level prevention, care, and treatment activities; (2) Link and coordinate specific activities of various health ministry departments at the central and decentralized levels with related activities by other ministries in the multi-sectoral HIV/AIDS response; (3) Develop a sustainability plan which places an emphasis on national commitment to health and HIV/AIDS effort; (4) Plan, monitor, evaluate, and coordinate expanded service delivery of prevention of mother to child transmission (PMTCT), counseling and testing (CT); and anti-retroviral therapy (ART) in collaboration with the national HIV and TB program.

The MOH is the only eligible applicant that can apply for this funding opportunity because it is the sole public sector entity in Cote d'Ivoire mandated by the government to address the public's health needs. This mandate includes: (1) Coordination, monitoring and evaluation of comprehensive STI/TB and HIV prevention, and care and treatment services; (2) Coordination of HIV/AIDS interventions at decentralized levels of the health sector in Cote d'Ivoire; (3) Lead GoCI institution for strengthen the regulatory framework and promote hygiene to prevent diseases related to poor hospital hygiene; (4) Lead the GoCI in strengthening the SI management in the Ivorian national health sector response to HIV/AIDS; and Lead the GoCI for the development of the national M&E plan to monitor and evaluate the implementation of the activities and the results throughout the Ivorian territory and at different levels of the health pyramid.

Summary of the Award

Recipient: MSHPCMU.

Purpose of the Award: The purpose of this award is to strengthen the capacities of the MOH at the central and decentralized levels for HIV/TB infection control interventions to: (1) Improve the coordination of HIV/AIDS control interventions at the decentralized levels of the health sector; (2) Strengthen the regulatory framework and promote hygiene to prevent HIV infection and healthcare-related infections; and Strengthen the management of SI for the health sector national response.
