Needs and Uses: The DD Form 93 is used by Service members to designate beneficiaries for certain benefits in the event of the Service member's death. It is also a guide for disposition of the member's pay and allowances if captured, missing or interned. It also shows the names and addresses of the person(s) the Service member desires to be notified in case of emergency or death, and designates the person authorized to direct disposition of the Service member's remains upon death. For civilian personnel, it is used to expedite the notification process in the event of an emergency and/or the death of the member. This requirement is identified in DoDI 1300.18, "Department of Defense Personnel Casualty Matters, Policies, and Procedures." The goal is to retain decisions by service members and deploying contractors relating to persons to be notified in the event of illness, injury, missing status, or death and to capture decisions as it relates to the provision of benefits and designation of a person authorized to direct disposition of their remains upon death. Support staff are able to direct benefits and decisional briefings to those designated as beneficiaries and decision makers as designated by the Service member or deploying contractor.

SUPPLEMENTARY INFORMATION: The vaccination requirement issued pursuant to Executive Order (E.O.) 14043, is currently the subject of a nationwide injunction. While that injunction remains in place, the DoD will not process requests for a medical exception from the COVID-19 vaccination requirement pursuant to E.O. 14043. DoD will also not request the submission of any medical

information related to a request for an exception from the vaccination requirement pursuant to E.O. 14043 while the injunction remains in place. But DoD may nevertheless receive information regarding a medical exception. That is because, if DoD were to receive a request for an exception from the COVID-19 vaccination requirement pursuant to E.O. 14043 during the pendency of the injunction, DoD will accept the request, hold it in abeyance, and notify the employee who submitted the request that implementation and enforcement of the COVID-19 vaccination requirement pursuant to E.O. 14043 is currently enjoined and that an exception therefore is not necessary so long as the injunction is in place. In other words, during the pendency of the injunction, any information collection related to requests for medical exception from the COVID-19 vaccination requirement pursuant to E.O. 14043 is not undertaken to implement or enforce the COVID-19 vaccination requirement.

Title; Associated Form; and OMB Number: Request for a Medical Exemption or Delay to the COVID-19 Vaccination Requirement; DD Form 3176; OMB Control Number 0704-0619.

Needs and Uses: Consistent with E.O. 14043, of September 9, 2021, "Requiring Coronavirus Disease 2019 Vaccination for Federal Employees", and included within the Safer Federal Workforce Task Force Guidance mandating all Federal employees be vaccinated by November 22, 2021, the DoD has established specific safety protocols for individuals fully vaccinated and not fully vaccinated against COVID-19.

Individuals who are not fully vaccinated against COVID-19 by November 22, 2021, or who choose not to provide this information will be required to comply with applicable OMB. DoD is seeking approval of DD Form 3176, "Request for a Medical Exemption or Delay to the COVID-19 Vaccination Requirement," which will be completed by employees who seek a medical exemption. The DD Form 3176 will be used by DoD staff and provided to employees to ensure they submit adequate information to support the exemption request. This form will also ensure the information collected is consistent among the components and minimize the need to seek additional evidence. Rendered decisions should be in accordance with guidelines established by the Safer Federal Workforce Task Force Guidance.
