#### Vocational Rehabilitation and Employment (VR&E) Program: Name Change; Correction

**AGENCY:** Department of Veterans Affairs.

**ACTION:** Technical amendments.

**SUMMARY:** On February 16, 2022, the Department of Veterans Affairs (VA) published in the **Federal Register** a final rule that amended the regulations pertaining to the name of the Vocational

Rehabilitation and Employment program to “Veteran Readiness and Employment” (VR&E). VA also amended the title of “Vocational Rehabilitation and Employment Officer” to “Veteran Readiness and Employment Officer” and the position of “Director of Vocational Rehabilitation and Employment” to “Executive Director of Veteran Readiness and Employment”. This correction addresses minor technical errors in the published final rule.

**DATES:** This correction is effective February 24, 2022.

#### Air Plan Approval; California; Ventura County Air Pollution Control District

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is taking final action to approve revisions to the Ventura County Air Pollution Control District (VCAPCD) portion of the California State Implementation Plan (SIP). These revisions concern emissions of volatile organic compounds (VOCs) from surface cleaning and degreasing operations, and from batch loaded vapor degreasing operations. We are approving changes to SIP-approved local rules to regulate these emission sources under the Clean Air Act (CAA or the Act).

**DATES:** Effective on March 28, 2022.

**ADDRESSES:** The EPA has established a docket for this action under Docket ID No. EPA–R09–OAR–2021–0620. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly

- V. Statutory and Executive Order Reviews

**I. Proposed Action**

On October 27, 2021 (86 FR 11130), the EPA proposed to approve the following rules into the California SIP.

Local agency	Rule No.	Rule title	Revised and adopted	Submitted
VCAPCD .....	74.6	Surface Cleaning and Degreasing .....	11/10/2020	07/26/2021
VCAPCD .....	74.6.1	Batch Loaded Vapor Degreasers .....	11/10/2020	07/26/2021

We proposed to approve these rules because we determined that they comply with the relevant CAA requirements. Our proposed action contains more information on the rules and our evaluation.

**II. Public Comments and EPA Responses**

The EPA’s proposed action provided a 30-day public comment period. During this period, we received no comments.

**III. EPA Action**

No comments were submitted. Therefore, as authorized in section 110(k)(3) of the Act, the EPA is fully approving these rules into the California SIP. The November 10, 2020 versions of Rule 74.6 and Rule 74.6.1 will replace the previously approved versions of these rules in the SIP.<sup>1</sup>

**IV. Incorporation by Reference**

In these rules, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the incorporation by reference of the Ventura County Air Pollution Control District rules described in the amendments to 40 CFR part 52 set forth below. The EPA has made, and will continue to make, these documents available through [www.regulations.gov](http://www.regulations.gov) and at the EPA Region IX Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information).

**V. Statutory and Executive Order Reviews**

Under the Clean Air Act, the Administrator is required to approve a

SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA’s role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement

Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and

- Does not provide the EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the

<sup>1</sup> 70 FR 61561 (October 25, 2005).

appropriate circuit by April 25, 2022. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

#### General Services Administration Acquisition Regulation (GSAR); Extending Federal Supply Schedule Orders Beyond the Contract Term

**AGENCY:** Office of Acquisition Policy, General Services Administration (GSA).

**ACTION:** Final rule.

**SUMMARY:** GSA is issuing a final rule amending the General Services Administration Acquisition Regulation (GSAR) to incorporate existing internal GSA Federal Supply Schedule (FSS) policy concerning the option to extend the term of the contract and the performance of orders beyond the term of the base FSS contract.

**DATES:** Effective March 28, 2022.

**FOR FURTHER INFORMATION CONTACT:** Mr. Thomas O’Linn, Procurement Analyst, at [gsarpolicy@gsa.gov](mailto:gsarpolicy@gsa.gov) for clarification of content. For information pertaining to status or publication schedules, contact the Regulatory Secretariat Division at 202–501–4755 or [GSARegSec@gsa.gov](mailto:GSARegSec@gsa.gov). Please cite GSAR Case 2020–G509.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

GSA published a proposed rule at 86 FR 48617 on August 31, 2021, to amend the GSAR to incorporate existing internal Federal Supply Schedule (FSS) policy concerning the option to extend the term of the contract and performance of orders beyond the term of the base FSS contract. Specifically, this rule incorporates into the GSAR FSS clause I–FSS–163, Option to Extend the Term of the Contract (Evergreen), and FSS policy concerning standard fill-in information for paragraph (d) of FAR clause 52.216–22, Indefinite Quantity.

## II. Discussion and Analysis

### A. Summary of Significant Changes

There are no significant changes from the proposed rule. However, two minor editorial changes have been made. The two minor editorial changes are as follows:

- Removal of the proposed changes to 517.207 from the final rule. The reason is because 517.207 is no longer regulatory as the section was made non-regulatory under a final rule published at 86 FR 28499 on May 27, 2021, and corrected at 86 FR 61079 published on November 5, 2021; and

- Change the prescription language for GSAR Clause 552.238–116, Option to Extend the Term of the FSS Contract, noted at section 538.238(d)(36). The final rule changes the prescription from “Use in all FSS solicitations and contracts” to “Use in FSS solicitations and contracts when appropriate.” This change recognizes that not all FSS contracts are five year contracts with three five year options (*e.g.*, VA Schedules).

### B. Analysis of Public Comments

No public comments were received in response to the proposed rule.

## III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has been reviewed and determined by Office of Management and Budget (OMB) not to be a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993.

## IV. Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as amended by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a “major rule” may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The General Services Administration will submit a report
