

351.212(b)(1). If the weighted-average dumping margin for Electrolux is zero or *de minimis* in the final results, or an importer-specific assessment rate is zero or *de minimis* in the final results, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce intends to issue instructions to CBP 41 days after the publication date of the final results of this review.

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the exporter listed above will be equal to the weighted-average dumping margin established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for companies not participating in this review, the cash deposit rate will continue to be the company-specific cash deposit rate published for the most recently completed segment; (3) if the exporter is not a firm covered in this review, or the original less-than-fair-value (LTFV) investigation, but the producer is, then the cash deposit rate will be the cash deposit rate established for the most recently completed segment for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 36.52 percent, the all-others rate established in the LTFV investigation.¹⁴ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

¹⁴ See *Large Residential Washers from Mexico: Antidumping Duty Orders*, 78 FR 11148 (February 15, 2013).

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: February 16, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XB824]

Marine Mammals; File No. 26269

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that Changqun Zhang, Texas A&M University at Galveston, 200 Seawolf Parkway, Galveston, TX 77553, has applied in due form for a permit to import finless porpoises (*Neophocaena asiaeorientalis sunameri*) parts for scientific research.

DATES: Written, telefaxed, or email comments must be received on or before March 28, 2022.

ADDRESSES: The application and related documents are available for review by selecting "Records Open for Public Comment" from the "Features" box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 26269 from the list of available applications. These documents are also available upon written request via email to NMFS.Pr1Comments@noaa.gov.

Written comments on this application should be submitted via email to NMFS.Pr1Comments@noaa.gov. Please include File No. 26269 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request

via email to NMFS.Pr1Comments@noaa.gov. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Jennifer Skidmore or Shasta McClenahan, Ph.D. (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*) and the regulations governing the taking and importing of marine mammals (50 CFR part 216).

The applicant proposes to import teeth from 19 finless porpoises for age analysis. These animals were incidentally killed during fishing operations and were recovered by the Institute of Hydrobiology, Chinese Academy of Science. A permit is requested for a duration of three years.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: February 17, 2022.

Julia M. Harrison,

Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XB837]

Marine Mammals; File No. 25843

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that Peggy Stap, Marine Life Studies, 6 Carlton Drive, Del Rey Oaks, CA 93940, has applied in due form for a permit to conduct research on marine mammals.

DATES: Written, telefaxed, or email comments must be received on or before March 28, 2022.

ADDRESSES: The application and related documents are available for review by selecting “Records Open for Public Comment” from the “Features” box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 25843 from the list of available applications. These documents are also available upon written request via email to NMFS.Pr1Comments@noaa.gov.

Written comments on this application should be submitted via email to NMFS.Pr1Comments@noaa.gov. Please include File No. 25843 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request via email to NMFS.Pr1Comments@noaa.gov. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Shasta McClenahan, Ph.D. or Erin Markin, Ph.D., (301) 427–8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222–226), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

The applicant proposes to conduct research to (1) develop a baseline genetic database for three odontocete species; (2) study foraging strategies; and (3) investigate the abundance, distribution, movement, and occurrence of cetacean species within coastal and offshore waters of California and Oregon. Up to 25 species of cetaceans may be taken during research including the following ESA-listed species or distinct population segments (DPS): blue (*Balaenoptera musculus*), fin (*B. physalus*), gray (Western North Pacific DPS; *Eschrichtius robustus*), humpback (Mexico and Central America DPSs; *Megaptera novaeangliae*), killer (Southern Resident DPS; *Orcinus orca*),

North Pacific right (*Eubalaena japonica*), sei (*B. borealis*), and sperm (*Physeter macrocephalus*) whales. Cetaceans may be taken during vessel surveys including unmanned aircraft systems for counts, above water and underwater photography and videography, photo-identification, photogrammetry, behavioral observations, passive acoustic recording, echosounder for prey mapping, and non-invasive genetic sampling (exhaled air, remote skin swab, sloughed skin, and feces). Five species of pinnipeds, including ESA threatened Guadalupe fur seals (*Arctocephalus townsendi*), may be unintentionally harassed during research activities. See the application for complete numbers of animals requested by species and procedure. The permit is requested for five years.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: February 18, 2022.

[RTID 0648–XB831]

Atlantic Coastal Fisheries Cooperative Management Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries, Greater Atlantic Region, NMFS, has made a preliminary determination that an Exempted Fishing Permit application contains all of the required information and warrants further consideration. The Exempted Fishing Permit would allow commercial fishing vessels to fish outside fishery regulations in support of research conducted by the applicant. Regulations under the Magnuson-Stevens Fishery Conservation and Management Act and the Atlantic Coastal Fisheries Cooperative Management Act require publication of this notification to provide interested parties the opportunity to comment on applications for proposed Exempted Fishing Permits.

DATES: Comments must be received on or before March 11, 2022.

ADDRESSES: You may submit written comments by the following method:

- **Email:** nmfs.gar.efp@noaa.gov. Include in the subject line “AOLA Larval Lobster EFP.”

FOR FURTHER INFORMATION CONTACT:

Laura Deighan, Fishery Management Specialist, Laura.Deighan@noaa.gov, (978) 281–9184.

SUPPLEMENTARY INFORMATION: The Atlantic Offshore Lobstermen’s Association submitted a complete application for an Exempted Fishing Permit (EFP) to conduct commercial fishing activities that the regulations would otherwise restrict to assess the distribution and abundance of lobster larvae and their potential food sources. This EFP would exempt the participating vessels from the Federal regulations described in Table 1.

TABLE 1—REQUESTED EXEMPTIONS

Citation	Regulation	Need for exemption
50 CFR 697.7(c)(1)(xxii)	Lobster gear prohibitions	To allow for the use of multiple gear types capable of catching lobsters.
§ 697.17(a)	Lobster possession restrictions	To allow the harvest of lobster above the non-trap limit.
§ 697.20(a)	Lobster possession restrictions	To allow for the collection of larval lobsters below the minimum size.
