

Data will be collected in two distinct phases. In Phase 1, a pilot, consisting of approximately ten percent of the final panel (1,700 people) will be recruited and surveyed as a proof-of-concept to refine methods. In Phase 2, the full panel will be recruited and surveyed using methodology refined during Phase 1. This 30-day notice seeks clearance for the Phase 1 Pilot. A future 30-day notice will outline specific plans for Phase 2.

Affected Public: Individuals or households.

Frequency: Twice a year.

Respondent's Obligation: Voluntary.

Legal Authority: The Pilot is being developed under a cooperative agreement awarded by the Census Bureau pursuant to the Consolidated Appropriations Act of 2021, Public Law 116-260, Section 110. Data collection from the Panel for Census Bureau sponsored surveys is authorized by Title 13, Sections, 131, 141, 161, 181, 182, 193, and 301. Data collection from the Panel for surveys sponsored by other agencies is authorized by 13 U.S.C. 8(b), where the Census Bureau is the collection agent, 44 U.S. Code 3509, where OMB can direct data collection, and the various U.S. Code titles that authorize those agencies to collect information, including but not limited to Title 49, Section 329 for Bureau of Transportation Statistics collections, and the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. 9543) for National Center for Education Statistics surveys.

The confidentiality of information collected on topical surveys in this panel is assured by CIPSEA, Title 13 United States Code, or other applicable titles which authorize the collection of information.

Census Bureau

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; National Survey of Children's Health

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on November 9, 2021 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: U.S. Census Bureau.

Title: National Survey of Children's Health.

OMB Control Number: 0607-0990.

Form Number(s): NSCH-S1 (English Screener), NSCH-T1 (English Topical for 0- to 5-year-old children), NSCH-T2 (English Topical for 6- to 11-year-old children), NSCH-T3 (English Topical for 12- to 17-year-old children), NSCH-S-S1 (Spanish Screener), NSCH-S-T1 (Spanish Topical for 0- to 5-year-old children), NSCH-S-T2 (Spanish Topical for 6- to 11-year-old children), and NSCH-S-T3 (Spanish Topical for 12- to 17-year-old children).

Type of Request: Regular submission, Request for a Revision of a Currently Approved Collection.

Number of Respondents: 71,380 for the screener only and 60,504 for the combined screener and topical, for a total of 131,884 respondents.

Average Hours per Response: 5 minutes per screener response and 35–36 minutes per topical response, which in total is approximately 40–41 minutes for households with eligible children.

Burden Hours: 46,587.

Needs and Uses: The National Survey of Children's Health (NSCH) enables the Maternal and Child Health Bureau (MCHB) of the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) along with supplemental sponsoring agencies, states, and other data users to produce national and state-based estimates on the health and well-

being of children, their families, and their communities as well as estimates of the prevalence and impact of children with special health care needs.

Data will be collected using one of two modes. The first mode is a web instrument (Centurion) survey that contains the screener and topical instruments. The web instrument first will take the respondent through the screener questions. If the household screens into the study, the respondent will be taken directly into one of the three age-based topical sets of questions. The second mode is a mailout/mailback of a self-administered paper-and-pencil interviewing (PAPI) screener instrument followed by a separate mailout/mailback of a PAPI age-based topical instrument.

The National Survey of Children's Health (NSCH) is a large-scale (sample size is up to 360,000 addresses) national survey with approximately 200,000 addresses included in the base production survey and approximately 160,000 addresses included as part of eleven separate age-based, state-based, or region-based oversamples. The 2022 NSCH will include a topical incentive test. Prior cycles of the survey have included a \$5 unconditional cash incentive with the initial mailing of the paper topical questionnaire. The incentive has proven to be a cost-effective intervention for increasing survey response and reducing nonresponse bias. The 2022 NSCH will continue to test a \$10 cash incentive, with a focus on lower responding households.

As in prior cycles of the NSCH, there remain two key, non-experimental design elements. The first additional non-experimental design element is a \$5 screener cash incentive mailed to 90% of sampled addresses; the remaining 10% (the control) will receive no incentive to monitor the effectiveness of the cash incentive. This incentive is designed to increase response and reduce nonresponse bias. The incentive amount was chosen based on the results of the 2021 NSCH as well as funding availability. The second additional non-experimental design element is a data collection procedure based on the block group-level paper-only response probability used to identify households (30% of the sample) that would be more likely to respond by paper and send them a paper questionnaire in the initial mailing.

Affected Public: Individuals or households.

Frequency: The 2022 collection is the seventh administration of the NSCH. It is an annual survey, with a new sample drawn for each administration.

Respondent's Obligation: Voluntary.

Legal Authority:

Census Authority: Title 13, United States Code (U.S.C.), Section 8(b) (13 U.S.C. 8(b)).

HRSA MCHB Authority: Section 501(a)(2) of the Social Security Act (42 U.S.C. 701).

United States Department of Agriculture Authority: Agriculture Improvement Act of 2018, Public Law 115–334.

United States Department of Health and Human Services' Centers for Disease Control and Prevention, National Center on Birth Defects and Developmental Disabilities Authority: Public Health Service Act, Section 301, 42 U.S.C. 241.

United States Department of Health and Human Services' Centers for Disease Control and Prevention, National Center for Chronic Disease Prevention and Health Promotion Authority: Sections 301(a), 307, and 399G of the Public Health Service [42 U.S.C. 241(a), 242l, and 280e–11], as amended.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Foreign-Trade Zones Board

[B–6–2022]

Foreign-Trade Zone (FTZ) 43—Battle Creek, Michigan; Notification of Proposed Production Activity; Pfizer, Inc. (Nirmatrelvir Active Pharmaceutical Ingredient (API) for COVID–19 Treatment); Kalamazoo, Michigan

Pfizer, Inc. (Pfizer) submitted a notification of proposed production

activity to the FTZ Board for its facility Kalamazoo, Michigan. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on February 22, 2022.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status materials/components and specific finished product described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz. The proposed finished product and materials/components would be added to the production authority that the Board previously approved for the operation, as reflected on the Board's website.

The proposed finished product is Nirmatrelvir API (duty rate, 6.5%).

The proposed foreign-status materials and components include Registered Starter Chemical PF-04349713-01, Registered Starter Chemical PF-07321787, Registered Starter Chemical PF-07328614-01, 2-Hydroxypyridine-N-oxide (HOPO), and Dimethylaminopropylethyl carbodiimide hydrochloride (EDC HCl) (duty rates are 3.7% or 6.5%). The request indicates that certain materials/components are subject to duties under Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is April 11, 2022.

A copy of the notification will be available for public inspection in the “Online FTZ Information System” section of the Board's website.

For further information, contact Diane Finver at Diane.Finver@trade.gov.

Dated: February 23, 2022.

Elizabeth Whiteman,

Acting Executive Secretary.
