Commerce intends to calculate importer/customer-specific assessment rates.<sup>18</sup> Where the respondent reported reliable entered values, Commerce intends to calculate importer/customerspecific ad valorem assessment rates by aggregating the amount of dumping calculated for all U.S. sales to the importer/customer and dividing this amount by the total entered value of the merchandise sold to the importer/ customer.<sup>19</sup> Where the respondent did not report entered values, Commerce will calculate importer/customerspecific assessment rates by dividing the amount of dumping for reviewed sales to the importer/customer by the total quantity of those sales. Commerce will calculate an estimated ad valorem importer/customer-specific assessment rate to determine whether the per-unit assessment rate is *de minimis*; however, Commerce will use the per-unit assessment rate where entered values were not reported.<sup>20</sup> Where an importer/ customer-specific ad valorem assessment rate is not zero or de minimis, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation. Where either the respondent's weighted average dumping margin is zero or *de minimis,* or an importer/customer-specific ad valorem assessment rate is zero or de minimis, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.<sup>21</sup>

For the respondents that were not selected for individual examination in this administrative review, but which qualified for a separate rate, the assessment rate will be based on the weighted-average dumping margin(s) assigned to the respondent(s), as appropriate, in the final results of this review.<sup>22</sup>

Pursuant to Commerce's refinement to its practice, for sales that were not reported in the U.S. sales database submitted by an exporter individually examined during this review, Commerce will instruct CBP to liquidate the entry of such merchandise at the dumping margin for the China-wide entity.<sup>23</sup>

<sup>22</sup> See Drawn Stainless Steel Sinks from the People's Republic of China: Preliminary Results of the Antidumping Duty Administrative Review and Preliminary Determination of No Shipments: 2014– 2015, 81 FR 29528 (May 12, 2016), and accompanying IDM at 10–11, unchanged in Drawn Stainless Steel Sinks from the People's Republic of China: Final Results of Antidumping Duty Administrative Review; Final Determination of No Shipments; 2014–2015, 81 FR 54042 (August 15, 2016).

<sup>23</sup> See Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties, 76 Additionally, where Commerce determines that an exporter under review had no shipments of subject merchandise to the United States during the POR, any suspended entries of subject merchandise that entered under that exporter's CBP case number during the POR will be liquidated at the dumping margin for the China-wide entity.

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated antidumping duties, where applicable.

#### **Cash Deposit Requirements**

Commerce will instruct CBP to require a cash deposit for antidumping duties equal to the weighted-average amount by which the normal value exceeds U.S. price. The following cash deposit requirements will be effective for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the Federal **Register**, as provided by section 751(a)(2)(C) of the Act: (1) For the exporters listed in the table above, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review for the exporter (except, if the dumping margin is de minimis (i.e., less than 0.5 percent), then the cash deposit rate will be zero for that exporter); (2) for previously investigated or reviewed Chinese and non-Chinese exporters that are not listed in the table above but that have separate rates, the cash deposit rate will continue to be the exporter-specific rate established in the most recently completed segment of this proceeding; (3) for all Chinese exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (i.e., 59.72 percent)<sup>24</sup> and (4) for all non-Chinese exporters of subject merchandise that have not received their own rate, the cash deposit rate will be the rate applicable to the China exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

# **Notification to Importers**

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties and/or countervailing duties has occurred, and the subsequent assessment of double antidumping duties and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

#### **Notification to Interested Parties**

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213 and 351.221(b)(4).

Dated: February 25, 2022.

requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

**DATES:** To ensure consideration, comments regarding this proposed information collection must be received on or before May 3, 2022.

**ADDRESSES:** Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer, at *NOAA.PRA@noaa.gov.* Please reference OMB Control Number 0648– 0119 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or specific questions related to collection activities should be directed to Elizabeth Mountz, Stewardship Division Operations Manager, NOAA's Office for Coastal Management, 1305 East-West Highway, Silver Spring, MD 20910, 202–596–6581, and *Elizabeth.Mountz*@ *noaa.gov.* 

# SUPPLEMENTARY INFORMATION:

#### I. Abstract

This request is for revision and extension of a currently approved information collection.

In 1972, in response to intense pressure on United States (U.S.) coastal resources, and because of the importance of U.S. coastal areas, the U.S. Congress passed the Coastal Zone Management Act of 1972 (CZMA), 16 U.S.C. 1451 et seq. The CZMA authorized a federal program to encourage coastal states and territories to develop comprehensive coastal management programs. The CZMA has been reauthorized on several occasions, most recently with the enactment of the Coastal Zone Protection Act of 1996 (CZMA as amended). The program is administered by the Secretary of Commerce, who in turn has delegated this responsibility to the National Oceanic and Atmospheric Administration's (NOAA) National Ocean Services (NOS).

The coastal zone management grants provide funds to states and territories to: Implement federally-approved coastal management programs; complete information for the Coastal Zone Management Program (CZMP) Performance Management System; develop multi-year program assessments and strategies to enhance their programs within priority areas under Section 309 of the CZMA; submit documentation as described in the CZMA Section 306A for specific construction, acquisition, and educational projects; submit requests to update their federallyapproved programs through amendments or program changes; and develop and submit state coastal nonpoint pollution control programs (CNP) as required under Section 6217 of the Coastal Zone Act Reauthorization Amendments.

The CZM performance report guidance will undergo minor updates that will ensure consistency with NOAA/NOS grants requirements as well as CZMA strategic priorities. The revised CZM performance measure guidance will provide clarification for reporting on competitive and multi-year awards, as well as additional guidance on financial reporting requirements. The CZMA Section 306A guidance will also likely undergo minor updates to address several technical issues that arose from the 2018 guidance update as well as clarify several minor policy issues. However, NOAA does not anticipate any changes to the record keeping requirements or time estimates for collecting the necessary documentation.

### **II. Method of Collection**

Respondents have a choice of electronic or paper formats for submitting program documents, assessment and strategy documents, and other required materials. Grant applications are submitted electronically via *Grants.gov* and performance reports are submitted electronically through NOAA Grants Online. Performance measurement data is submitted through an online database. Methods of submittal for other program documents and required materials include electronic submittal via email or mail.

# III. Data

*OMB Control Number:* 0648–0119. *Form Number(s):* None.

*Type of Review:* Regular submission (revision and extension of a current information collection).

*Affected Public:* State, Local, or Tribal government.

*Estimated Number of Respondents:* 34.

*Estimated Time per Response:* Performance Reports, 27 hours; assessment and strategy documents, 240 hours; Section 306A questionnaire and documentation, 15 hours; amendments and routine program changes, 16 hours; CNP documentation, 320 hours; CZMA Performance Management System, 24 hours.

*Estimated Total Annual Burden Hours:* 6,280. Estimated Total Annual Cost to Public: \$850 in recordkeeping/reporting costs.

Respondent's Obligation: Required to Obtain or Retain Benefits. Legal Authority: Coastal Zone

Management Act (16 U.S.C. 1451, *et seq.*).

# **IV. Request for Comments**

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information-may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
