

antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Where the respondent's weighted-average dumping margin is zero or *de minimis*, or where an importer- (or customer-) specific *ad valorem* or per-unit rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.<sup>14</sup> For entries that were not reported in the U.S. sales database submitted by an exporter individually examined during this review, but that entered under the case number of that exporter (*i.e.*, at the individually-examined exporter's cash deposit rate), Commerce will instruct CBP to liquidate such entries at the China-wide rate (*i.e.*, 76.46 percent).<sup>15</sup>

For any individually examined respondent whose weighted-average dumping margin is above *de minimis* (*i.e.*, 0.5 percent), we will calculate importer-specific assessment rates on the basis of the ratio of the total amount of antidumping duties calculated for each importer's examined sales and the total entered value of the sales, in accordance with 19 CFR 351.212(b)(1).

For respondents not individually examined in this administrative review that qualified for a separate rate, the assessment rate will be the dumping margin assigned to the mandatory respondent in the final results of this review.

For the respondents not eligible for a separate rate and that are part of the China-wide entity, we intend to instruct CBP to apply an *ad valorem* assessment rate of 76.46 percent (*i.e.*, the China-wide entity rate) to all entries of subject merchandise during the POR that were exported by these companies.

Additionally, if Commerce determined that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under the exporter's case

number will be liquidated at the China-wide rate.

#### Cash Deposit Requirements

The following cash deposit requirements will be effective for shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date for the final results of review, as provided for by section 751(a)(2)(C) of the Act: (1) For the exporters listed in the table above, the cash deposit rate will be the rate established in the final results of review that is listed for the exporter in the table; (2) for previously investigated or reviewed China and non-China exporters not listed in the table above that have separate rates, the cash deposit rate will continue to be the existing exporter-specific rate published for the most recent period; (3) for all China exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate previously established for the China-wide entity, which is 76.46 percent; and (4) for all non-China exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the China exporter that supplied that non-China exporter. The cash deposit requirements, when imposed, shall remain in effect until further notice.

#### Notification to Importers Regarding the Reimbursement of Duties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping or countervailing duties occurred and the subsequent assessment of double antidumping duties.

#### Notification Regarding Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations

and terms of an APO is a violation which is subject to sanction.

We are issuing these final results of administrative review and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h) and 351.221(b)(5).

Dated: March 4, 2022.

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant POR entries. #### SUPPLEMENTARY INFORMATION:

##### Background

Commerce published the *Preliminary Results* of this review on September 7, 2021, and invited comments from interested parties.<sup>1</sup> On December 6, 2021, Commerce extended the deadline for the final results of this administrative review until March 4, 2022.<sup>2</sup> For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.<sup>3</sup>

##### Scope of the Order

The products covered by the order are ripe olives from Spain. For a complete description of the scope of this order, see the Issues and Decision Memorandum.

##### Analysis of Comments Received

All issues raised by the interested parties in their case and rebuttal briefs are addressed in the Issues and Decision

<sup>1</sup> See *Ripe Olives from Spain: Preliminary Results of Countervailing Duty Administrative Review; 2019*, 86 FR 50022 (September 7, 2021) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

<sup>2</sup> See Memorandum, "Ripe Olives from Spain: Extension of Deadline for Final Results of Countervailing Duty Administrative Review; 2019," dated December 6, 2021.

<sup>3</sup> See Memorandum, "Issues and Decision Memorandum for the Final Results of the Countervailing Duty Administrative Review of Ripe Olives from Spain; 2017-2018," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

Memorandum. A list of these issues is identified in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and CVD Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

#### Changes Since the Preliminary Results

Based on the comments received from interested parties, we revised the calculation of the net countervailable subsidy rates for the respondents: Agro Sevilla Aceitunas S.COOP Andalusia (Agro Sevilla) and Angel Camacho Alimentacion S.L. (Camacho). For a discussion of these issues, see the Issues and Decision Memorandum.

#### Methodology

Commerce conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found to be countervailable, we determine that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.<sup>4</sup> The Issues and Decision Memorandum contains a full description of the methodology underlying Commerce's conclusions, including any determination that relied upon the use of facts otherwise available, including, adverse facts available, pursuant to sections 776(a) and (b) of the Act.

#### Rate for Non-Selected Companies Under Review

There are three companies for which a review was requested and not rescinded, and which were not selected as mandatory respondents or found to be cross owned with a mandatory respondent. For these companies, because the rates calculated for the mandatory respondents, Agro Sevilla and Camacho, were above *de minimis* and not based entirely on facts available, we are applying to the non-selected companies the weighted average of the net subsidy rates calculated for Agro Sevilla and Camacho, which we calculated using the publicly-ranged sales data submitted

<sup>4</sup> See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.
