

navigation methods to support decommissioning of high cost ground navigation equipment. The FAA has included Sumner Strait NDB in the vicinity of Level Island, AK on the schedule to be decommissioned. A non-rulemaking study was conducted in 2021 and the FAA received no objections to the removal of the NDB.

Colored Federal airway R-51 is dependent upon SQM and will result in the airway being unusable once the decommissioning occurs. The FAA proposes to revoke R-51 as a result.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 to revoke Colored Federal airway R-51 due to the decommissioning of SQM in the vicinity of Level Island, AK.

R-51: R-51 currently navigates between the Sumner Strait, AK, NDB and the Sitka, AK, NDB. The FAA proposes to revoke the route in its entirety.

Colored Federal airways are published in paragraph 6009(b) of FAA Order JO 7400.11F dated August 10, 2021 and effective September 15, 2021, which is incorporated by reference in 14 CFR 71.1. The Colored Federal airway listed in this document would be published subsequently in FAA Order JO 7400.11.

FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F,

“Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021, is amended as follows:

Paragraph 6009(b) Colored Federal Airway

* * * * *

R-51 [Remove]

* * * * *

Issued in Washington, DC, on March 8, 2022.

BILLING CODE 4910-13-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[Docket Number USCG-2022-0122]

RIN 1625-AA08

Special Local Regulation; Nanticoke River, Sharptown, MD

AGENCY: Coast Guard, Homeland Security (DHS).

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to establish a temporary special local regulation for certain waters of the Nanticoke River. This action is necessary to provide for the safety of life on these navigable waters located at Sharptown, MD, during a high-speed

power boat racing event on May 13, 2022, May 14, 2022, and May 15, 2022. This proposed rulemaking would prohibit persons and vessels from entering the regulated area unless authorized by the Captain of the Port Maryland-National Capital Region or the Coast Guard Event Patrol Commander. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before April 13, 2022.

ADDRESSES: You may submit comments identified by docket number USCG-2022-0122 using the Federal Decision Making Portal at <https://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Mr. Ron Houck, U.S. Coast Guard Sector Maryland-National Capital Region; telephone 410-576-2674, email D05-DG-SectorMD-NCR-MarineEvents@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
COTP Captain of the Port
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
PATCOM Coast Guard Patrol Commander
§ Section
U.S.C. United States Code

II. Background, Purpose, and Legal Basis

The Carolina Virginia Racing Association of Newport News, VA, notified the Coast Guard that it will be conducting the Sharptown Regatta from 10 a.m. to 5 p.m. on May 14, 2022 and those same hours on May 15, 2022. The high-speed power boat racing event consists of approximately 100 participating racing boats—including hydroplanes and runabouts of various classes—9 to 12 feet in length. The vessels will be competing in a counter-clockwise direction along a marked approximately 1-mile long course located on the Nanticoke River, adjacent to the Cherry Beach Park and Boat Ramp at Sharptown, MD. In addition, a non-race day of practice and testing will be conducted in the waterway from noon to 5 p.m. on May 13, 2022. Event planners have stated they will not have any spectators areas identified on the water for this 3-day event. Hazards from

the power boat racing event include risks of injury or death resulting from near or actual contact among participant vessels and waterway users if normal vessel traffic were to interfere with the event. Additionally, such hazards include participants operating within designated navigation channels, as well as operating near approaches to a local public boat ramps, public recreation and fishing areas, and waterfront businesses and residences. The COTP Maryland-National Capital Region has determined that potential hazards associated with the power boat races would be a safety concern for anyone intending to participate in this event and for vessels that operate within specified waters of the Nanticoke River.

The purpose of this rulemaking is to protect event participants, non-participants and transiting vessels before, during, and after the scheduled event. The Coast Guard is proposing this rulemaking under authority in 46 U.S.C. 70041.

III. Discussion of Proposed Rule

The COTP Maryland-National Capital Region is proposing to establish special local regulation from 11 a.m. on May 13, 2022, through 6 p.m. on May 15, 2022. The regulations would be enforced from 11 a.m. to 6 p.m. on May 13, 2022, from 9 a.m. to 6 p.m. on May 14, 2022, and from 9 a.m. to 6 p.m. on May 15, 2022. The regulated area would cover all navigable waters of the Nanticoke River within an area bounded by a line connecting the following points: From the shoreline downriver from the Maryland S.R. 313 (Sharptown Road) Highway Bridge, at position latitude 38°32'42" N, longitude 075°43'19" W, thence southeast across the Nanticoke River to the shoreline at latitude 38°32'38" N, longitude 075°43'12" W, thence north and east along the shoreline to latitude 38°33'08" N, longitude 075°42'33" W, thence northwest across the Nanticoke River to the shoreline at latitude 38°33'13" N, longitude 075°42'42" W, thence south and west along the shoreline to and terminating at the point of origin. The regulated area is approximately 1,500 yards in length and 300 yards in width.

This proposed rule provides additional information about areas within the regulated area, their definitions, and the restrictions that would apply to mariners. These areas include "Race Area," "Buffer Area," and "Milling Area."

The proposed duration of the special local regulation and size of the regulated area is intended to ensure the safety of life on these navigable waters before, during, and after the high-speed power

boat racing event, scheduled to take place from noon to 5 p.m. on May 13, 2022, from 10 a.m. to 5 p.m. on May 14, 2022, and, from 10 a.m. to 5 p.m. on May 15, 2022. The COTP and the Coast Guard Event PATCOM would have authority to forbid and control the movement of all vessels and persons, including event participants, in the regulated area. When hailed or signaled by an official patrol, a vessel or person in the regulated area would be required to immediately comply with the directions given by the COTP or Event PATCOM. If a person or vessel fails to follow such directions, the Coast Guard may expel them from the area, issue them a citation for failure to comply, or both.

Except for Sharptown Regatta participants and vessels already at berth, a vessel or person would be required to get permission from the COTP or Event PATCOM before entering the regulated area. Vessel operators would be able to request permission to enter and transit through the regulated area by contacting the Event PATCOM on VHF-FM channel 16. Vessel traffic would be able to safely transit the regulated area once the Event PATCOM deems it safe to do so. A vessel within the regulated area must operate at safe speed that minimizes wake. A person or vessel not registered with the event sponsor as a participant or assigned as official patrols would be considered a spectator. Official Patrols are any vessel assigned or approved by the Commander, Coast Guard Sector Maryland-National Capital Region with a commissioned, warrant, or petty officer onboard and displaying a Coast Guard ensign. Official Patrols enforcing this regulated area can be contacted on VHF-FM channel 16 and channel 22A.

If permission is granted by the COTP or Event PATCOM, a person or vessel would be allowed to enter the regulated area or pass directly through the regulated area as instructed. Vessels would be required to operate at a safe speed that minimizes wake while within the regulated area in a manner that would not endanger event participants or any other craft. A spectator vessel must not loiter within the navigable channel while within the regulated area. Only participant vessels and official patrol vessels would be allowed to enter the race area and milling area. The Coast Guard would publish a notice in the Fifth Coast Guard District Local Notice to Mariners and issue a marine information broadcast on VHF-FM marine band radio announcing specific event dates and times.

The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This NPRM has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size and duration of the regulated area, which would impact a small designated area of the Nanticoke River for 25 total enforcement hours. This waterway supports tug and barge traffic year round and recreational vessel traffic, which at its peak, occurs during the summer season. Although this regulated area extends across the entire width of the waterway, the rule would allow vessels and persons to seek permission to enter the regulated area, and vessel traffic able to do so safely would be able to transit the regulated area as instructed by the Event PATCOM. Such vessels must operate at safe speed that minimizes wake and not loiter within the navigable channel while within the regulated area. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the status of the regulated area.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601-612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the

reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132 (Federalism), if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175 (Consultation and Coordination with Indian Tribal Governments) because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves implementation of regulations within 33 CFR part 100 applicable to organized marine events on the navigable waters of the United States that could negatively impact the safety of waterway users and shore side activities in the event area for 25 total enforcement hours. Normally such actions are categorically excluded from further review under paragraph L61 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. For instructions on locating the docket, see the **ADDRESSES** section of this preamble. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you

submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

Submitting comments. We encourage you to submit comments through the Federal Decision Making Portal at <https://www.regulations.gov>. To do so, go to <https://www.regulations.gov>, type USCG–2022–0122 in the “SEARCH” box and click “SEARCH.” Next, look for this document in the Search Results column, and click on it. Then click on the Comment option. If you cannot submit your material by using <https://www.regulations.gov>, call or email the person in the **FOR FURTHER INFORMATION CONTACT** section of this proposed rule for alternate instructions.

Viewing material in docket. To view documents mentioned in this proposed rule as being available in the docket, find the docket as described in the previous paragraph, and then select “Supporting & Related Material” in the Document Type column. Public comments will also be placed in our online docket and can be viewed by following instructions on the <https://www.regulations.gov> Frequently Asked Questions web page. We review all comments received, but we will only post comments that address the topic of the proposed rule. We may choose not to post off-topic, inappropriate, or duplicate comments that we receive.

Personal information. We accept anonymous comments. Comments we post to <https://www.regulations.gov> will include any personal information you have provided. For more about privacy and submissions to the docket in response to this document, see DHS’s eRulemaking System of Records notice (85 FR 14226, March 11, 2020).

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard is proposing to amend 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

- 1. The authority citation for part 100 continues to read as follows:

Authority: 46 U.S.C. 70041; 33 CFR 1.05–1.

- 2. Add § 100.T05–0122 to read as follows:

§ 100.T05–0122 Sharptown Regatta, Nanticoke River, Sharptown, MD.

(a) *Locations.* All coordinates are based on datum NAD 1983.

(1) *Regulated area.* All navigable waters of the Nanticoke River, within an area bounded by a line connecting the following points: From the shoreline downriver from the Maryland S.R. 313 (Sharptown Road) Highway Bridge, at position latitude 38°32'42" N, longitude 075°43'19" W, thence southeast across the Nanticoke River to the shoreline at latitude 38°32'38" N, longitude 075°43'12" W, thence north and east along the shoreline to latitude 38°33'08" N, longitude 075°42'33" W, thence northwest across the Nanticoke River to the shoreline at latitude 38°33'13" N, longitude 075°42'42" W, thence south and west along the shoreline to and terminating at the point of origin. The race area, buffer area, and milling area are within the regulated area.

(2) *Race area.* Located within the waters of the Nanticoke River, between the Maryland S.R. 313 (Sharptown Road) Highway Bridge and Nanticoke River Channel Light 43 (LLNR 24175) in position 38°33'07.79" N, 075°42'44.93" W, at Sharptown, MD. The race area is within the buffer area.

(3) *Buffer area.* The buffer area is a polygon in shape measuring approximately 300 feet in all directions surrounding the entire race area described in the preceding paragraph of this section. The area is bounded by a line commencing at the shoreline at position latitude 38°32'47" N, longitude 075°43'13" W, thence southeast along the northern extent of the Maryland S.R. 313 (Sharptown Road) Highway Bridge to latitude 38°32'41" N, longitude 075°43'06" W, thence northeast to latitude 38°33'01" N, longitude 075°42'39" W, thence northwest to latitude 38°33'08" N, longitude 075°42'44" W, thence southwest to and terminating at the point of origin.

(4) *Milling area.* The milling area is a polygon in shape measuring approximately 200 yards in length by 200 yards in width. The area is southwest and down river from the Maryland S.R. 313 (Sharptown Road) Highway Bridge, bounded by a line commencing at the shoreline at position latitude 38°32'47" N, longitude 075°43'13" W, thence southeast along the northern extent of the Maryland S.R. 313 (Sharptown Road) Highway Bridge to latitude 38°32'42" N, longitude 075°43'07" W, thence southeast to latitude 38°32'38" N, longitude 075°43'12" W, thence northwest to latitude 38°32'42" N, longitude 075°43'19" W, thence northeast to and terminating at the point of origin.

(b) *Definitions.* As used in this section—

Buffer area is a neutral area that surrounds the perimeter of the race area within the regulated area described by this section. The purpose of a buffer area is to minimize potential collision conflicts with marine event participants or high-speed power boats and nearby transiting vessels. This area provides separation between a race area and other vessels that are operating in the vicinity of the regulated area established by the special local regulations in this section.

Captain of the Port (COTP) Maryland-National Capital Region means the Commander, U.S. Coast Guard Sector Maryland-National Capital Region or any Coast Guard commissioned, warrant or petty officer who has been authorized by the COTP to act on his behalf.

Event Patrol Commander or Event PATCOM means a commissioned, warrant, or petty officer of the U.S. Coast Guard who has been designated by the Commander, Coast Guard Sector Maryland-National Capital Region.

Milling area is an area described by a line bound by coordinates provided in latitude and longitude that outlines the boundary of a milling area within the regulated area defined by this section. The area is used before a race start to assemble teams and warm up the participating boats engines while operating off plane.

Official patrol means any vessel assigned or approved by Commander, Coast Guard Sector Maryland-National Capital Region with a commissioned, warrant, or petty officer on board and displaying a Coast Guard ensign.

Participant means all persons and vessels registered with the event sponsor as participating in the "Sharptown Regatta" event, or otherwise designated by the event sponsor as having a function tied to the event.

Race area is an area described by a line bound by coordinates provided in latitude and longitude that outlines the boundary of a race area within the regulated area defined by this section.

Spectator means a person or vessel not registered with the event sponsor as a participant or assigned as official patrols.

(c) *Special local regulations.* (1) The COTP Maryland-National Capital Region or Event PATCOM may forbid and control the movement of all vessels and persons, including event participants, in the regulated area described in paragraph (a)(1) of this section. When hailed or signaled by an official patrol, a vessel or person in the regulated area shall immediately comply with the directions given by the

patrol. Failure to do so may result in the Coast Guard expelling the person or vessel from the area, issuing a citation for failure to comply, or both. The COTP Maryland-National Capital Region or Event PATCOM may terminate the event, or a participant's operations at any time the COTP Maryland-National Capital Region or Event PATCOM believes it necessary to do so for the protection of life or property.

(2) Except for participants and vessels already at berth, a person or vessel within the regulated area at the start of enforcement of this section must immediately depart the regulated area.

(3) A spectator must contact the Event PATCOM to request permission to either enter or pass through the regulated area. The Event PATCOM, and official patrol vessels enforcing this regulated area, can be contacted on marine band radio VHF-FM channel 16 (156.8 MHz) and channel 22A (157.1 MHz). If permission is granted, the spectator must pass directly through the regulated area as instructed by Event PATCOM. A vessel within the regulated area must operate at safe speed that minimizes wake. A spectator vessel must not loiter within the navigable channel while within the regulated area.

(4) Only participant vessels and official patrol vessels are allowed to enter and remain within the race area and milling area.

(5) Only participant vessels and official patrol vessels are allowed to enter and transit directly through the buffer area in order to arrive at or depart from the race area.

(6) A person or vessel that desires to transit, moor, or anchor within the regulated area must obtain authorization from the COTP Maryland-National Capital Region or Event PATCOM. A person or vessel seeking such permission can contact the COTP Maryland-National Capital Region at telephone number 410-576-2693 or on Marine Band Radio, VHF-FM channel 16 (156.8 MHz) or the Event PATCOM on Marine Band Radio, VHF-FM channel 16 (156.8 MHz).

(7) The Coast Guard will publish a notice in the Fifth Coast Guard District Local Notice to Mariners and issue a marine information broadcast on VHF-FM marine band radio announcing specific event dates and times.

(d) *Enforcement officials.* The Coast Guard may be assisted with marine event patrol and enforcement of the regulated area by other federal, state, and local agencies.

(e) *Enforcement periods.* This section will be enforced from 11 a.m. to 6 p.m. on May 13, 2022, from 9 a.m. to 6 p.m.

on May 14, 2022, and from 9 a.m. to 6 p.m. on May 15, 2022.

Dated: March 8, 2022.

David E. O'Connell,

Captain, U.S. Coast Guard, Captain of the Port Maryland-National Capital Region.

[FR Doc. 2022-05258 Filed 3-11-22; 8:45 am]

BILLING CODE 9110-04-P

DEPARTMENT OF EDUCATION

34 CFR Chapter II

[Docket ID ED-2022-OESE-0006]

Proposed Priorities, Requirements, Definitions, and Selection Criteria—Expanding Opportunity Through Quality Charter Schools Program (CSP)—Grants to State Entities (SE Grants); Grants to Charter Management Organizations for the Replication and Expansion of High-Quality Charter Schools (CMO Grants); and Grants to Charter School Developers for the Opening of New Charter Schools and for the Replication and Expansion of High-Quality Charter Schools (Developer Grants)

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Proposed priorities, requirements, definitions, and selection criteria.

SUMMARY: The Department of Education proposes priorities, requirements, definitions, and selection criteria for CSP SE Grants, CMO Grants, and Developer Grants, Assistance Listing Numbers (ALNs) 84.282A, 84.282B, 84.282E, and 84.282M. We may use one or more of these priorities, requirements, definitions, and selection criteria for grant competitions under these programs in fiscal year (FY) 2022 and later years. We take this action to create results-driven policies to help promote positive student outcomes, student and staff diversity, educator and community empowerment, promising practices, and accountability, including fiscal transparency and responsibility, in charter schools supported with CSP funds, which can serve as models for other charter schools.

DATES: We must receive your comments on or before April 13, 2022.

ADDRESSES: Submit your comments through the Federal eRulemaking Portal or via postal mail, commercial delivery, or hand delivery. We will not accept comments submitted by fax or by email or those submitted after the comment period. To ensure that we do not receive

duplicate copies, please submit your comments only once. In addition, please include the Docket ID at the top of your comments.

- *Federal eRulemaking Portal:* Go to www.regulations.gov to submit your comments electronically. Information on using Regulations.gov, including instructions for accessing agency documents, submitting comments, and viewing the docket, is available on the site under “Help.”

- *Postal Mail, Commercial Delivery, or Hand Delivery:* If you mail or deliver your comments about these proposed priorities, requirements, definitions, and selection criteria, address them to Porscheoy Brice, U.S. Department of Education, 400 Maryland Avenue SW, Room 3E209, Washington, DC 20202-5970.

Privacy Note: The Department’s policy is to make all comments received from members of the public available for public viewing in their entirety on the Federal eRulemaking Portal at www.regulations.gov. Therefore, commenters should be careful to include in their comments only information that they wish to make publicly available.

FOR FURTHER INFORMATION CONTACT: Porscheoy Brice, U.S. Department of Education, 400 Maryland Avenue SW, Room 3E209, Washington, DC 20202-5970. Telephone: (202) 260-0968. Email: charterschools@ed.gov.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

SUPPLEMENTARY INFORMATION:

Invitation to Comment: We invite you to submit comments regarding the proposed priorities, requirements, definitions, and selection criteria. To ensure that your comments have maximum effect in developing the notice of final priorities, requirements, definitions, and selection criteria, we urge you to clearly identify the specific section of the proposed priority, requirement, definition, or selection criteria that each comment addresses.

We invite you to assist us in complying with the specific requirements of Executive Orders 12866 and 13563 and their overall requirement of reducing regulatory burden that might result from these proposed priorities, requirements, definitions, and selection criteria. Please let us know of any further ways we could reduce potential costs or increase potential benefits while preserving the effective and efficient administration of the program.

During and after the comment period, you may inspect all public comments about the proposed priorities, requirements, definitions, and selection criteria by accessing Regulations.gov. You may also inspect the comments in person. Please contact the person listed under **FOR FURTHER INFORMATION CONTACT** to make arrangements to inspect the comments in person.

Assistance to Individuals With Disabilities in Reviewing the Rulemaking Record: On request, we will provide an appropriate accommodation or auxiliary aid to an individual with a disability who needs assistance to review the comments or other documents in the public rulemaking record for the proposed priorities, requirements, definitions, and selection criteria. If you want to schedule an appointment for this type of accommodation or auxiliary aid, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Purpose of Programs: SE Grants, CMO Grants, and Developer Grants are three of six CSP grant programs that support various activities critical to the successful creation and implementation of charter schools. The major purposes of the CSP are to expand opportunities for all students, particularly traditionally underserved students, to attend charter schools and meet challenging State academic standards; provide financial assistance for the planning, program design, and initial implementation of charter schools; increase the number of high-quality charter schools available to students across the United States; evaluate the impact of charter schools on student achievement, families, and communities; share best practices between charter schools and other public schools; aid States in providing facilities support to charter schools; and support efforts to strengthen the charter school authorizing process.

SE Grants (ALN 84.282A) comprise the largest portion of CSP funds. These competitive grants are awarded to State entities (SEs) that, in turn, award competitive subgrants to eligible applicants for the purpose of opening new charter schools and replicating and expanding high-quality charter schools. Eligible applicants are charter school developers that have applied to an authorized public chartering agency to operate a charter school and have provided adequate and timely notice to that authority. A developer is an individual or group of individuals (including a public or private nonprofit organization), which may include teachers, administrators and other school staff, parents, or other members
