

Red Grouper Interim Analysis Health Status and SSC Recommendations.

Immediately following the *Reef Fish* Committee, there will be a virtual and in-person GMFMC and NOAA Question and Answer Session.

Wednesday, April 6, 2022; 8 a.m.–5 p.m., CDT

The Data Collection Committee will review Draft Framework Action: Modification to Location Reporting Requirements for For-Hire Vessels, receive updates on Southeast For-Hire Integrated Electronic Reporting (SEFHIER) Program, NMFS–SERO Permits office Use of Council Funding, and upcoming Workshop to Evaluate State-Federal Recreational Survey Differences.

The Sustainable Fisheries Committee will review Final Action: Framework Action: Historical Captain Permit Conversion and discuss Allocation Review Framework.

Following lunch at approximately 1:30 p.m., the Council will reconvene with a Call to Order, Announcements and Introductions, Adoption of Agenda and Approval of Minutes.

The Council will receive presentations on Gulf of Mexico Renewable Energy and Understanding Population Dynamics of Adult Red Drum.

The Council will hold public testimony from 2:30 p.m. to 5 p.m., CDT on Final Action Items: Draft Amendment 34: Atlantic Migratory Group *King Mackerel* Catch levels and *Atlantic King* and *Spanish Mackerel* Management Measures and Framework Action: Historical Captain Permit Conversion; and open testimony on other fishery issues or concerns. Public comment may begin earlier than 2:30 p.m. CDT, but will not conclude before that time. Persons wishing to give public testimony in-person must register at the registration kiosk in the meeting room. Persons wishing to give public testimony virtually must sign up on the Council website on the day of public testimony. Registration for virtual testimony closes one hour (1:30 p.m. CDT) before public testimony begins.

Thursday, April 7, 2022; 8 a.m.–5 p.m., CDT

The Council will receive Committee reports from Administrative Budget, Ecosystem, *Shrimp*, *Mackerel*, Data Collection, *Reef Fish* and Sustainable Fisheries Management Committees; and, a Closed Session report. The Council will receive updates from the following supporting agencies: South Atlantic Fishery Management Council; Alabama Law Enforcement Efforts; NOAA Office

of Law Enforcement (OLE); Gulf States Marine Fisheries Commission; U.S. Coast Guard; U.S. Fish and Wildlife Service; and Department of State.

The Council will discuss any Other Business items.

—Meeting Adjourns

The meeting will be a hybrid meeting; both in-person and virtual participation available. You may register for the webinar to listen-in only by visiting www.gulfcouncil.org and click on the Council meeting on the calendar.

The timing and order in which agenda items are addressed may change as required to effectively address the issue, and the latest version along with other meeting materials will be posted on the website as they become available.

Although other non-emergency issues not contained in this agenda may come before this group for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), those issues may not be the subject of formal action during these meeting. Actions will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Act, provided that the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid or accommodations should be directed to Kathy Pereira, (813) 348–1630, at least 15 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: March 8, 2022.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Mid-Atlantic Fishery Management Council (MAFMC); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council (Council) will hold a public meeting of its Mackerel, Squid, and Butterfish (MSB) Committee. See **SUPPLEMENTARY INFORMATION** for agenda details.

DATES: The meeting will be held on Monday, March 28, 2022, from 1 p.m. until 4:30 p.m.

ADDRESSES: The meeting will be held via webinar. Connection information will be posted to the calendar prior to the meeting at www.mafmc.org.

Council address: Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901; telephone: (302) 674–2331; www.mafmc.org.

FOR FURTHER INFORMATION CONTACT:

Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, telephone: (302) 526–5255.

SUPPLEMENTARY INFORMATION: The Council's Mackerel, Squid, and Butterfish (MSB) Committee will develop recommendations for the Council regarding 2022 *Illex* specifications and Atlantic mackerel rebuilding alternatives after reviewing input from the Council's Scientific and Statistical Committee (SSC), MSB Monitoring Committee, MSB Advisory Panel, and staff.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid should be directed to Shelley Spedden, (302) 526–5251, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: March 8, 2022.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Gulf of Mexico Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council will hold a

meeting of its Law Enforcement Technical Committee (LETC).

DATES: The meeting will convene on Wednesday, March 30, 2022, from at 10 a.m. to 12 p.m., EDT in CLOSED SESSION.

ADDRESSES: The meeting will be held virtually. Please visit the Gulf Council website at www.gulfcouncil.org for meeting materials and webinar registration information.

Council address: Gulf of Mexico Fishery Management Council, 4107 W Spruce Street, Suite 200, Tampa, FL 33607; telephone: (813) 348-1630.

FOR FURTHER INFORMATION CONTACT: Dr. Ava Lasseter, Anthropologist, Gulf of Mexico Fishery Management Council; ava.lasseter@gulfcouncil.org, telephone: (813) 348-1630.

SUPPLEMENTARY INFORMATION:

Wednesday, March 30, 2022; Beginning at 10 a.m. Until 12 p.m., EDT

Meeting will be in a CLOSED SESSION with introductions and review of nominations for the 2021 Officer/Team of the Year Award, followed by a discussion of the Council process for federal fishing violation checks. There will be no report out to the public on these items until the Gulf of Mexico Fishery Management Council discusses these recommendations at a future Council meeting. After that time, any decisions on the 2021 Officer/Team of the Year Award and proposed changes to the Statement of Organization Practices and Procedures (SOPPs) addressing the process for conducting federal fishing violations will be discussed in open Council session.

Meeting Adjourns.

The Agenda is subject to change, and the latest version along with other meeting materials will be posted on www.gulfcouncil.org.

The Law Enforcement Technical Committee consists of principal law enforcement officers in each of the Gulf States, as well as the NOAA Office of Law Enforcement, U.S. Fish and Wildlife Service and the NOAA Office of General Counsel for Law Enforcement.

Although other non-emergency issues not on the agenda may come before this group for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act, those issues may not be the subject of formal action during this meeting. Actions will be restricted to those issues specifically identified in the agenda and any issues arising after publication of this notice that require emergency action under Section 305(c) of the

Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take-action to address the emergency.

National Oceanic and Atmospheric Administration

Draft Revised Management Plan for the Rookery Bay National Estuarine Research Reserve

AGENCY: Office for Coastal Management, National Ocean Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

ACTION: Request for comments on draft revised management plan.

SUMMARY: The National Oceanic and Atmospheric Administration (NOAA) is soliciting comments from the public regarding a proposed revision of the management plan for the Rookery Bay National Estuarine Research Reserve. A management plan provides a framework for the direction and timing of a reserve's programs; allows reserve managers to assess a reserve's success in meeting its goals and to identify any necessary changes in direction; and is used to guide programmatic evaluations of the reserve. Plan revisions are required of each reserve in the National Estuarine Research Reserve System at least every five years. This revised plan is intended to replace the plan approved in 2012.

DATES: Comments are due by April 13, 2022.

ADDRESSES: The draft revised management plan is available at: <http://publicfiles.dep.state.fl.us/CAMA/plans/Rookery/Bay/NERR/Mgmt/Plan/DRAFT/220127.pdf>, or by emailing Matt Chasse of NOAA's Office for Coastal Management at matt.chasse@noaa.gov.

Submit comments by the following method:

Electronic Submission: Submit all electronic public comments by email to matt.chasse@noaa.gov. Include "Comments on the draft Rookery Bay Management Plan" in the subject line of the message.

FOR FURTHER INFORMATION CONTACT: Matt Chasse of NOAA's Office for Coastal

Management, by email at matt.chasse@noaa.gov, phone at 240-628-5417.

SUPPLEMENTARY INFORMATION:

Pursuant to 15 CFR 921.33(c), a state must revise the management plan for the research reserve at least every five years. If approved by NOAA, the Rookery Bay Reserve's revised plan will replace the plan previously approved in 2012.

The draft revised management plan outlines the reserve's strategic goals and objectives; administrative structure; programs for conducting research and monitoring, education, and training; resource protection, restoration, volunteer, and communications plans; prescribed fire and invasive species plans; consideration for future land acquisition; and facility development to support reserve operations. In particular, this draft revised management plan focuses on building upon past successes and accomplishments. Research and monitoring will focus on habitat mapping, wildlife communities, resource management and restoration, coastal change and resilience, and ecosystem services. Reserve education programming will focus on informed community and individual action as related to ecosystems, human connections, resilience, and outreach. The reserve is also planning on enhancing the use of technology in education programming and on building a robust interpretation program with volunteer staff. Coastal training will continue offering programs to professional audiences and conduct an updated needs assessment. The plan also includes the reserve monitoring the health of fish and bird communities, invasive species control efforts, and the use of prescribed fire as a management tool. In addition, the reserve is expecting to expand its strategic partnership with Florida International University.

Since 2012, the reserve has developed a map of reserve habitats, installed surface elevation tables in the Henderson Creek area to support the sentinel site program, and continued a host of habitat and species monitoring programs. The reserve has conducted projects that assess and value freshwater within the reserve supporting the Collier County watershed improvement plans and mangrove habitat restoration efforts. A new partnership with Florida International University is supporting reserve staffing needs and various research projects. Mangrove and research symposiums hosted by the reserve highlighted the diversity of reserve activities and partnerships. Post
