Barium Chloride From India: Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable March 15, 2022.

FOR FURTHER INFORMATION CONTACT:

Tyler Weinhold and Harrison Tanchuck, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue

NW, Washington, DC 20230; telephone: (202) 482-1221 and (202) 482-7421, respectively.

SUPPLEMENTARY INFORMATION:

Background

On February 1, 2022, the Department of Commerce (Commerce) initiated a countervailing duty (CVD) investigation of imports of barium chloride from India.¹ Currently, the preliminary determination is due no later than April 7, 2022.

Postponement of Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) The petitioner² makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On March 8, 2022, the petitioner submitted a timely request that Commerce postpone the preliminary CVD determination.³ The petitioner stated that it requests postponement “. . . so that Petitioner’s counsel can analyze and comment upon the responses of the respondent company and the Government of India to Commerce’s Countervailing Duty Questionnaire.”⁴ In accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determination, and Commerce finds no compelling reason to deny the request.

Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determination to no later than 130 days after the date on which this investigation was initiated, *i.e.*, June 13, 2022.⁵ Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: March 9, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

Granular Polytetrafluoroethylene Resin From India and the Russian Federation: Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC), Commerce is issuing countervailing duty orders on granular polytetrafluoroethylene (PTFE) resin from India and the Russian Federation (Russia).

DATES: Applicable March 15, 2022.

FOR FURTHER INFORMATION CONTACT: Joshua Simonidis (India) or George Ayache (Russia), AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone (202) 482-0608 or (202) 482-2623, respectively.

SUPPLEMENTARY INFORMATION:

⁵ Postponing the preliminary determination to 130 days after initiation would place the deadline on Saturday, June 11, 2022. Commerce’s practice dictates that where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day. See *Notice of Clarification: Application of “Next Business Day” Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

Background

On January 25, 2022, Commerce published in the **Federal Register** its affirmative final determinations in the countervailing duty investigations of granular PTFE resin from India and Russia.¹ On March 8, 2022, the ITC notified Commerce of its final affirmative determinations, pursuant to sections 705(b)(1)(A)(i) and 705(d) of the Tariff Act of 1930, as amended (the Act), that an industry in the United States is materially injured by reason of subsidized imports of granular PTFE resin from India and Russia, and of its determination that critical circumstances do not exist with respect to imports of granular PTFE resin from India.²

Scope of the Orders

The product covered by these orders is granular PTFE resin from India and Russia. For a complete description of the scope of these orders, see the Appendix to this notice.

Countervailing Duty Orders

On March 8, 2022, in accordance with sections 705(b)(1)(A)(i) and 705(d) of the Act, the ITC notified Commerce of its final determinations in these investigations, in which it found that an industry in the United States is materially injured by reason of subsidized imports of granular PTFE resin from India and Russia. Therefore, in accordance with section 705(c)(2) of the Act, Commerce is issuing these countervailing duty orders. Because the ITC determined that imports of granular PTFE resin from India and Russia are materially injuring a U.S. industry, unliquidated entries of such merchandise from India and Russia, entered or withdrawn from warehouse for consumption, are subject to the assessment of countervailing duties.

Therefore, in accordance with section 706(a) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, countervailing duties on unliquidated entries of granular PTFE resin from India and Russia. With the exception of entries occurring after the expiration of the provisional measures period and before the publication of the
