National Institutes of Health

Submission for OMB Review; 30-Day Comment Request NIH Electronic Application System for Certificates of Confidentiality

AGENCY: National Institutes of Health, HHS.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below.

DATES: Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and

instruments, contact Dr. Pamela Reed Kearney, Division of Human Subjects Research, OER, NIH, 6705 Rockledge Dr., Building Rockledge 1, Room 812-C, Bethesda, MD 20817, or call non-toll-free number (301) 402-2512 or email your request, including your address to: NIH-CoC-Coordinator@mail.nih.gov.

SUPPLEMENTARY INFORMATION: This proposed information collection was previously published in the **Federal Register** on December 17, 2021, page 71650 (FR 86 pages 71650-71651) and allowed 60 days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The National Institutes of Health may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after February 28, 2023, unless it displays a currently valid OMB control number.

In compliance with Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below.

Proposed Collection: Electronic Application for NIH Certificates of Confidentiality (CoC E-application System), 0925-0689, REVISION, exp., date 02/28/2023, Office of Extramural Research (OER), National Institutes of Health (NIH).

Need and Use of Information Collection: The current CoC system sends system communications and the approved Certificate to the Principal Investigator and the Institutional Official. The optional data fields will allow the requester to identify another person that receives CoC system

communications and the approved Certificate. This request system provides one electronic form to be used by all non-NIH funded research organizations that request a discretionary Certificates of Confidentiality (CoC) from NIH. As described in the authorizing legislation (Section 301(d) of the Public Health Service Act, 42 U.S.C. 241(d)), CoCs are issued by the agencies of the Department of Health and Human Services (HHS), including NIH, to authorize researchers to protect the privacy of human research subjects by prohibiting them from releasing names and identifying characteristics of research participants to anyone not connected with the research, except in limited circumstances specified in the statute. At NIH, the issuance of discretionary CoCs has been delegated to the OER in the NIH Office of the Director. NIH received 795 requests for CoCs from January 2020 through December 2020 and expects to receive approximately the same number of requests in subsequent years. The NIH has been using an online CoC system to review requests and issue CoCs since 2015. The current CoC request form includes six sections of information collected from research organizations. The information provided is used to determine eligibility for a CoC and to issue the CoC to the requesting organization. Eligible requesting organizations that provide legally binding affirmations that they will abide by the terms of the CoC are issued a Certificate of Confidentiality. This system has increased efficiency and reduced burden for both requesters and NIH staff who currently process these requests. OMB approval is requested for three years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 1193.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total annual burden hour
Life Scientists	795	1 795	90/60	1193 1193

Center for Scientific Review; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Center for Scientific Review Special Emphasis Panel; Neuroimaging Technologies.

Date: April 13, 2022.

Time: 1:00 p.m. to 5:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, Rockledge II, 6701 Rockledge Drive, Bethesda, MD 20892 (Virtual Meeting).

Contact Person: Sharon S. Low, Ph.D., Scientific Review Officer, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 5104, MSC 7846, Bethesda, MD 20892, 301-237-1487, lowss@csr.nih.gov.

(Catalogue of Federal Domestic Assistance Program Nos. 93.306, Comparative Medicine; 93.333, Clinical Research, 93.306, 93.333, 93.337, 93.393-93.396, 93.837-93.844, 93.846-93.878, 93.892, 93.893, National Institutes of Health, HHS)

Dated: March 10, 2022.

Substance Abuse and Mental Health Services Administration

Fiscal Year (FY) 2022 Notice of Funding Opportunity (NOFO)

AGENCY: Substance Abuse and Mental Health Services Administration, HHS.

ACTION: Notice of intent to award supplemental funding to the Certified Community Behavioral Health Clinic (CCBHC) Expansion (Short Title: CCBHC Expansion Grants) NOFO SM-20-012 grant recipients funded in FY 2020.

SUMMARY: This notice is to inform the public that the Substance Abuse and Mental Health Services Administration (SAMHSA) is supporting administrative supplements (in scope of the parent award) up to \$249,999 (total costs) for the 166 CCBHC Expansion grant recipients funded in FY 2020 under the Certified Community Behavioral Health Clinic (CCBHC) Expansion (Title: CCBHC Expansion Grants, NOFO SM-20-012, with a project end date of April 30, 2022) to cover unanticipated costs caused by the COVID-19 pandemic or related mitigation efforts that could not have been covered by rebudgeting existing funds. The supplemental funding is to assist CCBHC Expansion grant recipients that had unplanned administrative, staffing, labor, and other program costs due to the COVID-19 pandemic.

FOR FURTHER INFORMATION CONTACT: Mary Blake, Substance Abuse and Mental Health Services Administration, 5600 Fishers Lane, Rockville, MD 20857, telephone (240) 276-1747; email: mary.blake@samhsa.hhs.gov.

SUPPLEMENTARY INFORMATION: It is expected that recipients of this supplemental funding will provide services and supports consistent with

the approved activities in the FY 2020 CCBHC Expansion Grants NOFO SM-20-012 and the majority of funds will be used for services. No more than 15 percent of these funds may be used for infrastructure, supplies, or equipment. SAMHSA expects that this program will improve the behavioral health of individuals across the nation by providing comprehensive community-based mental and substance use disorder services; treatment of co-occurring disorders; advance the integration of behavioral health with physical health care; assimilate and utilize evidence-based practices on a more consistent basis; and promote improved access to high quality care.

Supplemental awards will be prioritized for FY 2020 CCBHC Expansion grant recipients with an unobligated balance of less than \$1,000,000 under their current grant.

This is not a formal request for application. Assistance will only be provided to the 166 CCBHC Expansion grant recipients, funded in FY 2020 under NOFO SM-20-012, based on the receipt of a satisfactory application and associated budget that is approved by a review group.

Funding Opportunity Title: FY 2020 CCBHC Expansion Supplemental Funding.

Assistance Listing Number: 93.696.

Authority: Section 520A (42 U.S.C. 290bb-32) of the Public Health Service Act, as amended.

Justification: Eligibility for this supplemental funding is limited to the 166 CCBHC Expansion grant recipients who received funding in FY 2020 under the CCBHC Expansion Grants NOFO SM-20-012. These recipients have experienced unexpected and/or increased costs for program activities and services due to the COVID-19 pandemic. It is expected that this supplemental funding will allow CCBHC Expansion grant recipients to provide the required and approved program activities and services that were affected during the pandemic.

Carlos Graham,
Reports Clearance Officer.
