Abstract: The National Emission Standards for Hazardous Air Pollutants (NESHAP) for Polyvinyl Chloride and Copolymers Production (40 CFR part 63, subpart HHHHHHH) apply to both existing and new PVC production facilities. Area source PVC facilities are subject to 40 CFR part 63, subpart DDDDDDD and not covered in this ICR. New facilities include those that either commenced construction or reconstruction after the date of proposal. In general, all NESHAP standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NESHAP. This information is being collected to assure compliance with 40 CFR part 63, subpart HHHHHHH.

Form Numbers: None.

Respondents/affected entities: Polyvinyl chloride and copolymer production facilities that are major sources of HAP.

Respondent's obligation to respond: Mandatory (40 CFR part 63, subpart HHHHHHH).

Estimated number of respondents: 13 (total).

Frequency of response: Initially, occasionally, and semiannually.

Total estimated burden: 318,000 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$44,700,000 (per year), which includes \$7,140,000 in annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: The decrease in burden from the most-recently approved ICR is due to four adjustments. There is an adjustment decrease in the total estimated burden as currently identified in the OMB Inventory of Approved Burdens. The adjustment decrease in burden from the most-recently approved ICR is due to a decrease in the number of respondents. The most-recently approved ICR

estimated 15 major source facilities. The Wacker-Calvert City facility has ceased PVC operations. Although the previous ICR considered the Formosa—Point Comfort operations to be two facilities, this ICR more appropriately considers these operations as a single respondent, due to shared equipment, controls, and/or employees. Therefore, this ICR renewal considers there to be 13 major source facilities. The adjustment decrease is also due to a correction to the number of hours needed for existing respondents to refamiliarize with rule requirements each year.

The adjustment decrease is also offset by corrections to burden estimates for resin sampling, PRD electronic monitor review, gasholders, storage vessels, and ongoing inspections of bypasses, and to the number of occurrences per year for recordkeeping requirements to more accurately reflect facility activities.

There is an increase in the operation and maintenance (O&M) costs, as calculated in section 6(b)(iii), compared with the costs in the previous ICR. Although the number of respondents with O&M decreased, corrections were made to the annual O&M costs for VC ambient monitoring, uncontrolled wastewater testing, and uncontrolled wastewater Non-VC TOHAP testing to more accurately reflect both the number of monitors per facility and the number of waste streams sampled per facility.

AGENCY: Federal Mediation and Conciliation Service.

ACTION: Notice of a modified system of records.

SUMMARY: To fulfill its conflict resolution and training mission, Federal Mediation and Conciliation Service (FMCS) uses Microsoft SharePoint, Microsoft Outlook, and a case records management system new to FMCS to enable mediators and managers to manage cases, manage reporting requirements, provide data for research and training, store recorded trainings and meetings, and collect information on Agency operations. The Agency's internal drives, SharePoint, Outlook, Cloud-based services such as *Zoom.gov* and Microsoft Teams, and a case records

management system are used to store electronic case tracking information, electronic case files (including mediation agreements), and recorded meetings and trainings, permitting the accurate and timely collection, retrieval, and retention of information maintained by offices of the Agency. Inter-Agency Agreements (IAA), agreements for reimbursable services, and requests for mediation and training are also stored in these locations. IAAs and agreements for reimbursable services allow FMCS to provide requested services, such as training and labor dispute resolution, to other federal agencies. The notice amendment includes administrative updates to refine details published under summary, dates, supplementary information, system name, system location, authority for maintenance of the system, purpose of the system, categories of individuals covered by the system, categories of records in the system, record source categories, routine uses, policies and practices for storage of records, policies and practices for retrieval of records, policies and practices for retention and disposal of records, administrative safeguards, record access procedures, and contesting records procedures. These sections are amended to refine previously published information about the system of records. The addresses, for further information contact, security classification, system location, system manager, notification procedures, exemptions promulgated, and history remain unchanged. This amended SORN deletes and supersedes the SORN published in the **Federal Register** on September 21, 2021.

DATES: This system of records will be effective without further notice on April 15, 2022 unless otherwise revised pursuant to comments received. New routine uses will be effective on April 15, 2022. Comments must be received on or before April 15, 2022.

Abstract: Pursuant to the Administrative Dispute Resolution Acts of 1990 and 1996, 5 U.S.C. 561 *et seq.* and 571 *et seq.*, and 29 U.S.C. 173(f), the Federal Mediation and Conciliation Service provides conflict prevention, management, and resolution services, including, but not limited to, public policy facilitation and mediation services, to Federal agencies.
