

business for the day has been completed.

ADDRESSES: This meeting will be held online. Specific meeting information, including directions on how to join the meeting and system requirements will be provided in the meeting announcement on the Pacific Council's website (see www.pcouncil.org). You may send an email to Mr. Kris Kleinschmidt (kris.kleinschmidt@noaa.gov) or contact him at (503) 820-2412 for technical assistance.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT: Kerry Griffin, Staff Officer, Pacific Council; telephone: (503) 820-2409.

SUPPLEMENTARY INFORMATION: The primary purpose of this online meeting is for the MPC to discuss several issues related to offshore wind energy development and NOAA Aquaculture Opportunity Areas, and to develop recommendations in advance of upcoming public comment opportunities on the Bureau of Ocean Energy Management's Oregon Call Areas for offshore wind energy and NOAA's Notice of Intent to develop an Environmental Impact Statement for Aquaculture Opportunity Areas. Other marine planning topics or emerging issues may be discussed as necessary. The meeting agenda will be available on the Pacific Council's website in advance of the meeting.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt (kris.kleinschmidt@noaa.gov; (503) 820-2412) at least 10 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: March 15, 2022.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Marine Recreational Information Program, Fishing Effort Survey

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on January 7, 2022, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration (NOAA), Commerce.

Title: Marine Recreational Information Program, Fishing Effort Survey.

OMB Control Number: 0648-0652.

Form Number(s): None.

Type of Request: Regular (revision and extension of current information collection.)

Number of Respondents: 113,000.

Average Hours per Response: 5 minutes.

Burden Hours: 9,417.

Needs and Uses: Marine recreational anglers are surveyed to collect catch and effort data, fish biology data, and angler socioeconomic characteristics. These data are required to carry out provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*), as amended, regarding conservation and management of fishery resources.

Marine recreational fishing catch and effort data are collected through a combination of mail surveys, telephone surveys and on-site intercept surveys with recreational anglers. The Marine Recreational Information Program (MRIP) Fishing Effort Survey (FES) is a self-administered, household mail survey that samples from a residential address frame to collect data on the number of recreational anglers and the number of recreational fishing trips. The survey estimates marine recreational

fishing activity for all coastal states from Maine through Mississippi, as well as Hawaii and Puerto Rico.

FES estimates are combined with estimates derived from complementary surveys of fishing trips, the Access-Point Angler Intercept Survey, to estimate total, state-level fishing catch, by species. These estimates are used in the development, implementation, and monitoring of fishery management programs by NOAA Fisheries, regional fishery management councils, interstate marine fisheries commissions, and state fishery agencies.

The proposed collection will include experimental work to evaluate non-sampling errors in recreational fishing surveys. Specifically, the revision will include three mail survey questionnaires designed to evaluate measurement error in the reporting of saltwater fishing effort and possession of a saltwater fishing license.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648-0652.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Sanctuary System Business Advisory Council: Public Meeting

AGENCY: Office of National Marine Sanctuaries (ONMS), National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice of open public meeting.

SUMMARY: Notice is hereby given of a meeting of the Sanctuary System Business Advisory Council (council). The meeting is open to the public, and an opportunity for oral and written comments will be provided.

DATES: The meeting will be held Wednesday, April 6, 2022, from 3 p.m. to 3:30 p.m. ET, and an opportunity for public comment will be provided around 3:20 p.m. ET. Both times and agenda topics are subject to change.

ADDRESSES: The meeting will be held virtually using Google Meet. To participate, please use the weblink provided below. If you are unable to participate online, you can also connect to the public meeting using the phone number provided.

Weblink: meet.google.com/kqx-jtns-cbz
Phone: +1 240-468-7658 PIN: 649 182 481#

To provide an oral public comment during the virtual meeting, please sign up prior to or during the meeting by contacting Katie Denman by phone (240-533-0702) or email (katie.denman@noaa.gov). To provide written public comment, please send the comment to Katie Denman prior to or during the meeting via email (katie.denman@noaa.gov). Please note, the meeting will not be recorded. However, public comments, including any associated names, will be captured in the minutes of the meeting, will be maintained by ONMS as part of its administrative record, and may be subject to release pursuant to the Freedom of Information Act. By signing up to provide a public comment, you agree that these communications, including your name and comment, will be maintained as described here.

FOR FURTHER INFORMATION CONTACT: Katie Denman, Office of National Marine Sanctuaries, 1305 East-West Highway, Silver Spring, Maryland 20910 (Phone: 240-533-0702; Email: katie.denman@noaa.gov).

SUPPLEMENTARY INFORMATION: ONMS serves as the trustee for a network of underwater parks encompassing more than 620,000 square miles of marine and Great Lakes waters from Washington State to the Florida Keys, and from Lake Huron to American Samoa. The network includes a system of 15 national marine sanctuaries and Papahānaumokuākea and Rose Atoll marine national monuments. National marine sanctuaries protect our Nation's most vital coastal and marine natural and cultural resources, and through active research, management, and public engagement, sustain healthy environments that are the foundation for

thriving communities and stable economies.

One of the many ways ONMS ensures public participation in the designation and management of national marine sanctuaries is through the formation of advisory councils. The Sanctuary System Business Advisory Council has been formed to provide advice and recommendations to the Director regarding the relationship of ONMS with the business community. Additional information on the council can be found at <https://sanctuaries.noaa.gov/management/bac/>.

Matters to be discussed:

The meeting will include a discussion and vote on a proposed amendment to the current council charter. For a complete agenda, including times and topics, please visit <http://sanctuaries.noaa.gov/management/bac/meetings.html>.

Authority: 16 U.S.C. Sections 1431, *et seq.*

John Armor,

Director, Office of National Marine Sanctuaries, National Ocean Service, National Oceanic and Atmospheric Administration.

BILLING CODE 3510-NK-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Weather and Society Survey and Using Quick Response Surveys To Build a Public Perception and Response Database

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on 9/22/2021 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration, Commerce.

Title: Weather and Society Survey and Using Quick Response Surveys to Build a Public Perception and Response Database.

OMB Control Number: 0648-XXXX.

Form Number(s): None.

Type of Request: Regular (New information collection).

Number of Respondents: 37,650.

Average Hours per Response:

Longitudinal surveys: .20 minutes; QRS: 10 minutes.

Total Annual Burden Hours: 7,140.

Needs and Uses: In alignment with the Weather Forecasting and Innovation Act of 2017 (Pub. L. 115-25), two data collections are proposed under this request. There are no other collections for which these can be merged.

The first proposed information collection request is sponsored by DOC/NOAA/National Weather Service (NWS)/Office of Science and Technology Integration (OSTI). Currently, NOAA lacks data and data collection instruments that articulate and explicate how individuals receive, interpret, and respond to NOAA information, forecasts, and warnings for severe, winter, and tropical weather hazards. Furthermore, NOAA lacks this type of data longitudinally (*i.e.*, collected over time). Without this type of longitudinal data, NOAA, and the NWS specifically, cannot determine if it has met its mission of saving lives and property, propose societal impact performance metrics, nor demonstrate if progress or improvements have been made, as outlined in the Weather Research and Forecasting Innovation Act of 2017. This effort aims to advance the Tornado Warning Improvement and Extension Program (TWIEP)'s goal to "reduce the loss of life and economic losses from tornadoes through the development and extension of accurate, effective, and timely tornado forecasts, predictions, and warnings, including the prediction of tornadoes beyond one hour in advance (Pub. L. 115-25)". This work addresses NOAA's 5-year Research and Development Vision Areas (2020-2026) Section 1.4 (FACETs). The Weather and Society Survey also advances the findings of the National Academy of Science 2012 report, "Assessment of the NWS Modernization Program", in reference to NWS' "chain of events associated with a tornado warning" (p52). This effort also advances the NWS Strategic Plan (2019-2022) "Transformative Impact-Based Decision Support Services (IDSS) and Research to Operations and Operations to Research (R2O/O2R). Furthermore,
