DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP22–69–000]

Chesapeake Utilities Corporation; Notice of Application and Establishing Intervention Deadline

Take notice that on March 7, 2022, Chesapeake Utilities Corporation (Chesapeake), 909 Silver Lake Boulevard, Dover, Delaware 19904, filed in Docket No. CP22–069–000 an abbreviated application under section 7(f) of the Natural Gas Act (NGA), and Part 157 of the Commission's regulations, that would allow it to amend its previously granted Initial Service Area to include Worcester County, Maryland. Amending the Initial Service Area will allow Chesapeake to extend its natural gas facilities across the Delaware/Maryland state line from the area around Fenwick Island, Delaware into the area of North Ocean City, Maryland and would allow Chesapeake to enlarge or expand its natural gas distribution facilities in the specified area without further Commission authorization.

Chesapeake operates separate natural gas local distribution companies in both Delaware and Maryland, subject to regulation by the Delaware Public Service Commission and the Maryland Public Service Commission, respectively. Chesapeake's Delaware service area includes portions of all three of the state's counties. In

Maryland, Chesapeake operates in six counties located along the eastern shore of the state. Chesapeake's Initial Service Area was limited in geographic scope to an area within Cecil County, Maryland, which was necessary to encompass the extension of approximately five miles of the Company's natural gas distribution pipeline from Middletown, Delaware (located in the northern half of Delaware in New Castle County) across the state line to the town of Warwick located in Cecil County, Maryland. Chesapeake now seeks an amendment to that Initial Service Area to include Worcester County, Maryland.

Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact the Federal Energy Regulatory Commission at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this filing may be directed to Brian M. Quinn, Counsel for Chesapeake Utilities, 210 W Pennsylvania Avenue, Suite 500, Towson, Maryland 21204, by phone at (410) 494-6621, or by email at bmquinn@venable.com.

Pursuant to Section 157.9 of the Commission's Rules of Practice and Procedure,¹ within 90 days of this Notice the Commission staff will either: Complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the

completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Public Participation

There are two ways to become involved in the Commission's review of this project: you can file comments on the project, and you can file a motion to intervene in the proceeding. There is no fee or cost for filing comments or intervening. The deadline for filing a motion to intervene is 5:00 p.m. Eastern Time on April 7, 2022.

Comments

Any person wishing to comment on the project may do so. Comments may include statements of support or objections to the project as a whole or specific aspects of the project. The more specific your comments, the more useful they will be. To ensure that your comments are timely and properly recorded, please submit your comments on or before April 7, 2022.

There are three methods you can use to submit your comments to the Commission. In all instances, please reference the Project docket number CP22-69-000 in your submission.

(1) You may file your comments electronically by using the eComment feature, which is located on the Commission's website at www.ferc.gov under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project;

Persons who comment on the environmental review of this project will be placed on the Commission's environmental mailing list, and will receive notification when the environmental documents (EA or EIS) are issued for this project and will be notified of meetings associated with the Commission's environmental review process.

The Commission considers all comments received about the project in determining the appropriate action to be taken. However, the filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding. For instructions on how to intervene, see below.

Interventions

Any person, which includes individuals, organizations, businesses, municipalities, and other entities,³ has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁴ and the regulations under the NGA⁵ by the intervention deadline for the project, which is April 7, 2022. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as the your interest in the proceeding. [For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist.
