Information Collection

1. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Transformed—Medicaid Statistical Information System (T-MSIS); *Use:* The data reported in T-MSIS are used by federal, state, and local officials, as well as by private researchers and corporations to monitor past and projected future trends in the Medicaid program. The data provide the only national level information available on enrollees, beneficiaries, and expenditures. It also provides the only national level information available on Medicaid utilization. The information is the basis for analyses and for cost savings estimates for the Department's cost sharing legislative initiatives to Congress. The collected data are also crucial to our actuarial forecasts. *Form Number:* CMS-R-284 (OMB control number: 0938-0345); *Frequency:* Quarterly and monthly; *Affected Public:* State, Local, or Tribal Governments; *Number of Respondents:* 54; *Total Annual Responses:* 684; *Total Annual Hours:* 6,480. (For policy questions regarding this collection contact Connie Gibson at 410-786-0755.)

2. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Minimum Data Set 3.0 Nursing Home and Swing Bed Prospective Payment System (PPS) For the collection of data related to the Patient Driven Payment Model and the Skilled Nursing Facility Quality Reporting Program (QRP); *Use:* We are requesting to implement the MDS 3.0 v1.17.2 from Oct 1, 2020 to Oct 1, 2023. On May 15, 2020, in response to State Medicaid Agency and stakeholder requests, we updated the MDS 3.0 item sets to version 1.17.2. The changes in this version will allow State Medicaid Agencies to collect Patient Driven Payment Model (PDPM) payment codes and thereby inform their future payment models. Calculation of the PDPM payment code on OBRA assessment is not a federal requirement. These item set changes do not reflect any change in burden from the previous version, MDS 3.0 v1.17.1.

CMS uses the MDS 3.0 PPS Item Set to collect the data used to reimburse skilled nursing facilities for SNF-level care furnished to Medicare beneficiaries and to collect information for quality measures and standardized patient assessment data under the SNF QRP. *Form Number:* CMS-10387 (OMB

control number: 0938-1140); *Frequency:* Yearly; *Affected Public:* Private Sector: Business or other for-profit and not-for-profit institutions; *Number of Respondents:* 15,471; *Total Annual Responses:* 4,905,042; *Total Annual Hours:* 4,169,286. Centers for Medicare & Medicaid Services

[Document Identifier: CMS-10371]

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by April 25, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent

within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of following:

1. Access CMS' website address at website address at: <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing.html>.

FOR FURTHER INFORMATION CONTACT:

William Parham at (410) 786-4669.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Revision of an existing information collection request; *Title of Information Collection:* Cooperative Agreements to Support Establishment of State-Operated Health Insurance Exchanges; *Use:* Section 1311(b) of the Affordable Care Act provides the opportunity for each State to establish an Exchange (now referred to as an Exchange). Section 1311 of the Affordable Care Act provides for grants to States for the planning and establishment of these Exchanges. Given the innovative nature of Exchanges and the statutorily-prescribed relationship between the Secretary and States in their development and operation, it is critical that the Secretary work closely with States to provide necessary guidance and technical assistance to ensure that States can meet the prescribed timelines, federal

requirements, and goals of the statute. Additionally, under 42 CFR 155.1200(b) State Exchanges are required to provide performance monitoring data to CMS. State Exchanges must provide this data at least annually and, in the manner, format, and deadlines specified by HHS. The information collection requirements associated with these ICRs will primarily involve programmatic narrative, accompanying budget narrative and appropriate supporting documentation, and provision of performance outcome and operational data by grantees operating their Exchanges. The SBEs are not required to track or submit any personally identifiable data. It is expected that States will create data with readily available word processing and spreadsheet programs relying on source data from information systems developed from grant funding, ACA section 1332 pass-through funding, or state funding sources and submit such information electronically. *Form Number:* CMS-10371 (OMB control number: 0938-1119); *Frequency:* Once; *Affected Public:* State Government agencies, non-profit entities; *Number of Respondents:* 75; *Number of Responses:* 273; *Total Annual Hours:* 2,451. For policy questions regarding this collection contact Jenny Chen at (301) 492-5156 or Shilpa Gogna at (301) 492-4257.

SUPPLEMENTARY INFORMATION:

Description: The Foster Care Independence Act of 1999 (42 U.S.C. 1305 *et seq.*) as amended by Public Law 106-169 requires state child welfare agencies to collect and report to ACF Children’s Bureau data on the characteristics of youth receiving independent living services and information regarding their outcomes. The regulation implementing the NYTD, listed in 45 CFR 1356.80, contains standard data collection and reporting requirements for states to meet the law’s requirements. ACF uses the information collected under the regulation to track independent living services, assess the collective outcomes of youth, and potentially to evaluate state performance with regard to those outcomes consistent with the law’s mandate.
