SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection:

Manufactured Home Construction and Safety Standards Program.

OMB Approval Number: 2502-0233.

OMB Expiration Date: November 30, 2022.

Type of Request: Revision of a currently approved collection.

Form Numbers: HUD-101, HUD-203, HUD-203B, HUD-301, HUD-302, HUD-303, HUD-304.

Description of the need for the information and proposed use: This information collection is used in conjunction with certification labels, which are 2-inch x 4-inch metal tags permanently attached to each section of manufactured homes to provide a unique identifying number to each section of home produced under 24 CFR chapter XX part 3280, the Manufactured Home Construction and Safety Standards (Standards). Manufacturers are required to affix labels to all

manufactured homes to be sold or leased in the United States, to certify compliance with the Standards in accordance with 24 CFR 3280.11, 24 CFR 3282.204, and 24 CFR 3282.205.

Respondents are both approved Production Inspection Primary Inspections Agencies (IPIAs) as described in 24 CFR 3282.362, and manufacturers, as defined in 24 CFR 3282.7. HUD issues certification labels to IPIAs and those certification labels are re-distributed to manufacturers in accordance with the rules. Manufacturers pay the fee designated in 24 CFR 3284.5. The information collection is necessary to ensure label control, production levels, and provide certification label association to allow the Department to identify a manufactured home after it leaves the plant and to ensure that the certification label fee has been paid. The information will also facilitate any recall or safety-related defect campaigns and provide the data that is needed to pay required fees or credits for program participants in the various states where such homes are manufactured and located.

HUD has updated the number of respondents based on current industry characteristics. The number of manufacturing plants has increased and the number of burden hours per response on the HUD-302 Monthly Production Report has been increased to one hour. Form HUD-203B has been revised to include a field for "Explanation of Damage/Repair." The forms have also been updated to include more precise burden statements.

Respondents: Business or other for-profit; State, Local or Tribal Government.

Estimated Number of Respondents: 151.

Estimated Number of Responses: 5,153.

Frequency of Response: Monthly.

Average Hours per Response: 1.0 burden hour for HUD-302; 0.5 burden hours for all other forms included with this information collection.

Total Estimated Burden: 3,410 hours.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

C. Authority

Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. chapter 35.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1289]

Certain Knitted Footwear; Notice of a Commission Determination Not To Review an Initial Determination Granting a Motion To Amend the Complaint and Notice of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review the presiding administrative law judge's ("ALJ") initial determination ("ID") (Order No. 8) granting an unopposed motion to amend the complaint and notice of investigation ("NOI") to (1) add an additional adidas respondent, adidas International Trading AG of Lucerne, Switzerland ("adidas International") and (2) add Harmonized Tariff Schedule ("HTS") numbers for the imported accused products and identify additional countries from which the accused products are imported.

FOR FURTHER INFORMATION CONTACT: Panyin A. Hughes, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205-3042. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General

information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal, telephone (202) 205-1810.

SUPPLEMENTARY INFORMATION: On January 13, 2022, the Commission instituted this investigation based on a complaint filed by Nike, Inc. of Beaverton, Oregon. 87 FR 2176-77 (Jan. 13, 2022). The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended, based on the importation into the United States, the sale for importation, or the sale within the United States after importation of certain knitted footwear by reason of infringement of one or more claims of U.S. Patent Nos. 9,918,511; 9,743,705; 8,266,749; 7,814,598; 9,060,562; and 8,898,932. *Id.* The Commission's notice of investigation named the following adidas entities as respondents: Adidas AG of Herzogenaurach, Germany; adidas North America, Inc. of Portland Oregon; and adidas America, Inc. also of Portland, Oregon. The Office of Unfair Import Investigations was not named as a party in this investigation. *Id.*

On February 22, 2022, Nike moved under 19 CFR 210.14 to amend the Complaint and NOI to (1) add adidas International as a respondent; and (2) to add importation information for the accused products relating to HTS numbers and countries of origin. Nike argued that it did not know about the role of adidas International until the existing respondents filed their responses to the complaint and NOI and that adding adidas International "is necessary to provide a complete evidentiary record regarding the distribution, sale for importation, importation, and sale after importation of the Accused Products, among other issues." ID at 2. Similarly, Nike argued that it did not know about the additional HTS numbers and countries of origin until receiving responses to the complaint and NOI. Nike stated that the named adidas respondents do not oppose the motion. *Id.* at 1.

On March 7, 2022, the ALJ issued the subject ID, granting the motion. The ID found that good cause exists to grant the motion to add adidas International as a respondent and add information regarding HTS numbers of the imported accused products and their countries of origin. *Id.* at 3-4. No one petitioned for review of the subject ID.

The Commission has determined not to review the subject ID. adidas

International is added to the investigation as a respondent.

The Commission vote for this determination took place on March 21, 2022.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: March 21, 2022.

Lisa Barton,

Secretary to the Commission.
