

distribution will be considered in the review of NWP 12.

III. Stakeholder Engagement

The Army poses a series of questions detailed below for stakeholder input. These questions are only guideposts for comments. Input on all aspects of NWP 12 are welcome. Written input to the docket as well as verbal input during the virtual meetings are strongly encouraged.

(1) As part of any future action the Army may take with respect to NWP 12, should the Army consider utilization of the procedures in 33 CFR 330.5 in advance of the current cycle for nationwide permit review?

(2) Should modifications be considered to further ensure NWP 12 has no more than minimal individual and cumulative adverse environmental effects under Section 404(e) of the Clean Water Act?

(3) Should modifications to NWP 12 be considered to provide notice to and an opportunity to be heard by potentially impacted communities, particularly with regard to environmental justice communities?

(4) Would it be prudent for the Corps to consider further limits on the NWP 12, PCN requirements, general conditions, and the ability of division and district engineers to modify, suspend, and revoke NWP authorizations to further ensure that the NWP 12 causes no more than minimal cumulative adverse environmental effects at the national, regional, and site scales?

(5) Should distinctions be drawn between new construction of oil and natural gas pipelines and maintenance of existing oil and natural gas pipelines?

(6) Should distinctions be drawn between oil pipelines and natural gas pipelines, especially in consideration of differences in overall Federal regulation of different types of pipelines?

(7) Does the NWP 12 verification process ensure that environmental justice and climate change factors are adequately considered?

(8) Are the PCN requirements for the current NWP 12 adequate?

(9) Should there be new triggers for oil or natural gas pipeline activities in jurisdictional waters that mandate review under an individual permit?

IV. Public Meetings and Outreach

The Army will hold a series of public virtual meetings intended to solicit input to inform its review of potential future actions regarding NWP 12. The Army will hold four virtual meetings open to all stakeholders and an additional two virtual meetings specific

for tribal input. Registration information for the public and tribal virtual meetings is below. Separate notification to tribal leaders is also being provided.

Registration of members of the public who wish to attend the virtual meeting is required. Spots are limited and those unable to attend are encouraged to provide written comments to the docket which will be given equal consideration. Attendees will be asked to provide their name, title, affiliation, and contact information to include email address and daytime telephone number at registration.

Registration instructions can be found at the following website: <https://www.army.mil/article/254909>. Persons or organizations wishing to provide verbal input during the meetings will be selected on a first-come, first-serve basis. Due to the expected number of participants, individuals will be asked to limit their spoken presentation to three minutes. Once the speaking slots are filled, participants may be placed on a standby list to speak or continue to register to listen to the input. Supporting materials and written feedback from those who do not have an opportunity to speak can be submitted to the docket as described above.
