

Need and Proposed Use of the Information Deeming applications are required by law and must address certain specific criteria in order for deeming determinations to be issued. The application submissions provide BPHC with the information essential for evaluation of compliance with legal requirements and making a deeming determination under Section 224(g)–(n) of the PHS Act (42 U.S.C. 233(g)–(n)).

Likely Respondents: Respondents include recipients of Health Center

Program funds seeking deemed PHS employee status under Section 224(g)–(n) of the PHS Act (42 U.S.C. 233(g)–(n)).

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying

information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
FTCA Health Center Program Initial Application	35	1	35	2.5	87.5
FTCA Health Center Program Redeeming Application	1,125	1	1,125	2.5	2,812.5
Total	1,160	1,160	2,900

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.
