There are also potential economic impacts that affect businesses, such as stores or restaurants not being accessible to a customer base for an extended

BILLING CODE 4910–06–P

DEPARTMENT OF VETERANS AFFAIRS

Privacy Act of 1974; Matching Program

AGENCY: Department of Veterans Affairs (VA).

ACTION: Notice of a re-established matching program.

SUMMARY: In accordance with subsection (e)(12) of the Privacy Act of 1974, as amended, VA is providing notice of a re-established matching program between VA and the Department of Health and Human Services (HHS) Centers for Medicare & Medicaid Services (CMS)

entitled “Disclosure of Information to Support the Veterans Affairs’ Seek to Prevent Fraud, Waste, and Abuse Initiative.”

DATES: Comments on this matching program must be received no later than May 2, 2022. If no public comment is received during the period allowed for comment or unless otherwise published in the **Federal Register** by VA, the new agreement will become effective a minimum of 30 days after date of publication in the **Federal Register**. If VA receives public comments, VA shall review the comments to determine whether any changes to the notice are necessary. This matching program will be valid for 18 months from the effective date of this notice.

ADDRESSES: Comments may be submitted through www.Regulations.gov or mailed to VA Privacy Service, 810 Vermont Avenue NW, (005R1A), Washington, DC 20420. Comments should indicate that they are submitted in response to “Disclosure of Information to Support the Veteran Affairs’ Seek to Prevent Fraud, Waste, and Abuse Initiative.” Comments received will be available at regulations.gov for public viewing, inspection or copies.

FOR FURTHER INFORMATION CONTACT: Maggie Drye, Director, VA Office of Business Oversight Program Integrity Office, 1615 Woodward Street, Austin, TX 78772, (512) 386–2218.

SUPPLEMENTARY INFORMATION: This Agreement establishes the terms, conditions, and procedures under which CMS will provide certain data to VA that supports the VA’s Seek to Prevent Fraud, Waste, and Abuse initiative. The data will be provided

from CMS’ database of enrolled Medicare providers and suppliers (System of Records Notice [SORN] No. 09–70–0532, *Provider Enrollment, Chain, and Ownership System [PECOS]*). Using PECOS data in a matching program for this purpose will provide VA prompt access to extant information, using an efficient process that both eliminates the need to manually compare substantial numbers of data-intensive files and enables VA to leverage, instead of duplicating, the costly Advance Provider Screening process that CMS uses to check suitability of Medicare providers and generate the data in PECOS.

Participating Agencies: VA and CMS.
Authority for Conducting the Matching Program: This Agreement is executed pursuant to the Privacy Act (5 United States Code [U.S.C.] § 552a) and the regulations and guidance promulgated thereunder; Office of Management and Budget (OMB) Circular A–108, *Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act*, published at 81 FR 94424 (December 23, 2016); and OMB guidelines pertaining to computer matching published at 54 FR 25818 (June 19, 1989). Title 38 U.S.C. 7301(b) states that the primary function of VA is to provide a complete medical and hospital service for the care of eligible Veterans. In carrying out this function, including through contracts with external entities and providers, VA has an obligation to (1) ensure providers furnish care that is appropriate and safe and meets or exceeds professional standards for quality and (2), in the case of external providers, maintain billing integrity and compliance with contractual terms. The VA

⁴ The current inventory exhibits a total burden of 250 hours while the total burden of this notice is 793 hours. The increase in burden hours is due to an anticipated increase in the number of responses.

⁵ FRA used an hourly rate of \$27 per hour for the value of the public’s time. FRA obtained this data from the Department of Labor, Bureau of Labor Statistics.

Accountability First Act of 2017 provides the VA Secretary the authority to expeditiously remove, demote, or suspend any VA employee, including Senior Executive Service employees, for performance or misconduct.

Purpose(s): Under this matching program, VA internal and external providers will be matched against the database of Medicare providers and suppliers who have been revoked by CMS pursuant to 42 Code of Federal Regulations (CFR) 424.535. VA intends to review the information provided, perform additional validation, and if deemed appropriate, conduct further investigation or refer the matter to the VA Office of the Inspector General (OIG) for further investigation. Based on additional validation or investigation, should VA determine VA program requirements have been violated, VA intends to take action (or refer to the OIG for action) against the VA internal and external providers. Such action may be based on activities that endanger VA patients and/or reflect improper or erroneous billing practices related to claims for health care provided to VA beneficiaries. Actions VA may take include (1) terminating or modifying existing contractual or provider agreements; (2) stopping referral of VA patients to the VA external providers; (3) referring the VA internal and external providers to the OIG; (4) performing pre- or post-payment reviews of claims paid or submitted; or (5) taking disciplinary actions or removing, demoting, or suspending VA internal providers.

Categories of Individuals: VA internal and external health care providers will be matched against the database of Medicare providers who have been revoked by CMS under 42 CFR 424.535. "Provider" is defined by 42 CFR 400.202 as a "hospital, a Critical Access Hospital, a skilled nursing facility, a comprehensive outpatient rehabilitation

facility, a home health agency, or a hospice that has in effect an agreement to participate in Medicare, or a clinic, a rehabilitation agency, or a public health agency that has in effect a similar agreement but only to furnish outpatient physical therapy or speech pathology services, or a community mental health center that has in effect a similar agreement but only to furnish partial hospitalization services."

Categories of Records: VA will provide CMS electronic files, in a format defined by CMS, containing identifying information required to match VA records with CMS records. Data fields will include one or more of the following elements: (1) Name of Provider/Business; (2) Tax Identification Number (TIN) (EIN, ITIN or SSN); (3) National Provider Identifier (NPI); (4) State(s) in which the provider is providing services; and (5) Specialty Code or Taxonomy Code. Upon matching the TIN or NPI, CMS will provide VA the matched data elements above and the following additional fields: (1) NPI (for individuals) where VA provided a TIN; (2) Current Enrollment Status; (3) Current Enrollment Status Effective Date; (4) Status Reason (PECOS codes used to denote the specific reason(s) on which the final revocation was based); and (5) All NPIs associated with a revoked TIN to include all above fields (1–4) and Enrollment State, Specialty, Role, Enrollment Bar status, and Enrollment Bar Expiration Date (if applicable).

System(s) of Records: VA will provide information covered by SORN 77VA10A4, *Health Care Provider Credentialing and Privileging Records-VA*, last published in full at 85 FR 7395 (February 7, 2020), routine uses 1 and 2; SORN 23VA10NB3, *Non-VA Care (Fee) Records-VA*, last published in full at 80 FR 45590 (July 30, 2015), routine use 2 and 30; and SORN 02VA135, *Applicants for Employment under Title*
