SUPPLEMENTARY INFORMATION: The Telegraph Vegetation Project Record of Decision was signed by Helena-Lewis and Clark Forest Supervisor William Avey on January 9, 2017 and with it, the Final Environmental Impact Statement was released to the public. The District Court for the Federal District of Montana rejected a legal challenge to the Telegraph Vegetation Project and that ruling was appealed to the Ninth Circuit Court of Appeals where the case was affirmed in part and remanded without vacatur to allow the Forest Service to reconsider the scope of the project-area wildland-urban interface. Before the Court issued a decision, a discrepancy was identified between the wildland urban interface boundary used for project analysis and the 2005 Powell County Community Protection Plan wildland urban interface boundary. This discrepancy resulted in 50 acres being analyzed as within the wildland urban interface when they were in fact outside of the 2005 Powell County's Community Protection Plan's wildland urban interface boundary. In September of 2019, the Helena-Lewis and Clark National Forest completed pre-commercial thinning on Telegraph units 102 and 107 which contained 8.4 acres of early stand or stand initiation lynx habitat that were within the project wildland urban interface but outside the wildland urban interface under the 2005 Powell County Community Protection Plan.

Purpose and Need for Action

The original purpose, to improve the resiliency, diversity, and reforestation within the Telegraph Vegetation Project, area remains the same. The Draft Supplemental Environmental Impact Statement will update, review, and correct the project analysis and evaluate making changes to the project, including dropping planned treatment acres that are outside the Powell County wildland urban interface and droppings treatment acres to protect lynx habitat within the lynx analysis unit.

Proposed Action

The original proposed action for the Telegraph project remains the same; the 2017 Record of Decision is not vacated nor withdrawn. The draft supplemental

environmental impact statement will update and review the effects of the wildland urban interface boundary differences as well as the treatment of 8.4 acres of pre-commercial thinning within lynx habitat that did not fall under the Northern Rockies Lynx Management Direction exemption. In addition, the draft supplemental environmental impact statement will analyze removing units 129 and 164 from treatment, which combined amounts to 30.9 acres. These units, 129 and 164, are located within the same lynx analysis unit as the 8.4 acres of precommercial thinning.

Impacts Under Review

The intent of the draft supplemental environmental impact statement is to review, update, and evaluate dropping treatment units which were analyzed under the Final Environmental Impact Statement. Therefore, the effects of the proposed action are expected to be less than originally analyzed.

Responsible Official

Helena-Lewis and Clark Forest Supervisor.

Scoping Process

A notice of intent published on November 12, 2009 initiated the scoping process for the Telegraph Vegetation Project. The start of a 30-day scoping period began on November 13, 2009. The Project was re-scoped in July of 2012 and a corrected Notice of Intent was published on July 20, 2012. In accordance with 40 CFR 1502.9(c)(4), no scoping will be conducted for this supplemental environmental impact statement.

The Draft Supplemental Environmental Impact Statement will be available for public comment as required by 40 CFR 1503.1. The Draft Supplemental Environmental Impact Statement will be announced for public review and comment in **Federal Register**, on the Forest's website <https://www.fs.usda.gov/projects/helena/landmanagement/projects>, and in the *Helena Independent Record*.

Authority

This Notice of Intent is being published pursuant to regulation (40 CFR 1508.22) implementing the procedural provision of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 *et seq.*).

Nature of Decision To Be Made

The January 2017 Record of Decision is not being vacated. The Draft Supplemental Environmental Impact Statement will supplement the

Telegraph Vegetation Project Final Environmental Impact Statement. The Forest will solicit public comment on its suggested remedy and the associated effects of using units 129 and 164 to remediate the treatment of 8.4 acres within lynx habitat.

DEPARTMENT OF AGRICULTURE

National Agricultural Statistics Service

Notice of Intent To Request Revision and Extension of a Currently Approved Information Collection

AGENCY: National Agricultural Statistics Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention of the National Agricultural Statistics Service (NASS) to request revision and extension of a currently approved information collection, the Vegetable Surveys Program. Revision to burden hours will be needed due to changes in the size of the target population, sampling design, questionnaire length, and/or data collection plan. Some of the vegetable production surveys will incorporate sampling of the total population of producers, while the processing surveys will involve a total enumeration of the entire population. Changes are being made to some of the questionnaires to accommodate changes in the industry and to make the questionnaires easier for the respondent to complete. This should help to reduce respondent burden and improve the overall response rates.

DATES: Comments on this notice must be received by May 31, 2022 to be assured of consideration.

ADDRESSES: You may submit comments, identified by docket number 0535-0037, by any of the following methods:

- *Email:* ombofficer@nass.usda.gov.

Include docket number above in the subject line of the message.

- *E-fax:* (855) 838-6382.

- *Mail:* Mail any paper, disk, or CD-ROM submissions to: Richard Hopper, NASS Clearance Officer, U.S.

Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, DC 20250-2024.

• *Hand Delivery/Courier: Hand deliver to:* Richard Hopper, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, DC 20250–2024.

FOR FURTHER INFORMATION CONTACT:

Kevin L. Barnes, Associate Administrator, National Agricultural Statistics Service, U.S. Department of Agriculture, (202) 720–2707. Copies of this information collection and related instructions can be obtained without charge from Richard Hopper, NASS—OMB Clearance Officer, at (202) 720–2206 or at ombofficer@nass.usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Vegetable Surveys Program.

OMB Number: 0535–0037.

Expiration Date of Approval:

September 30, 2022.

Type of Request: Intent to Seek Approval to Revise and Extend an Information Collection for 3 years.

Abstract: The primary objective of the National Agricultural Statistics Service (NASS) is to collect, prepare, and issue State and national estimates of crop and livestock production, prices, and disposition; as well as economic statistics, environmental statistics related to agriculture and also to conduct the Census of Agriculture. The Vegetable Surveys Program obtains basic agricultural statistics for fresh market and processing vegetables in major producing States. Vegetable statistics are used by the U.S. Department of Agriculture to help administer programs and by growers, processors, and marketers in making production and marketing decisions. The Federal vegetable estimation program now consists of 26 selected crops.

Every 5 years NASS conducts a program review following the completion of the Census of Agriculture. The primary purpose is to ensure that the NASS annual estimating program targets commodities and states most relevant based on the latest available information. The next program review will occur after the 2022 Census of Agriculture.

All questionnaires included in this information collection will be voluntary.

Authority: These data will be collected under authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in

accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104–113) and Office of Management and Budget regulations at 5 CFR part 1320.

All NASS employees and NASS contractors must also fully comply with all provisions of the Confidential Information Protection and Statistical Efficiency Act (CIPSEA) of 2018, Title III of Public Law 115–435, codified in 44 U.S.C. ch. 35. CIPSEA supports NASS’s pledge of confidentiality to all respondents and facilitates the agency’s efforts to reduce burden by supporting statistical activities of collaborative agencies through designation of NASS agents, subject to the limitations and penalties described in CIPSEA.

Estimate of Burden: Public reporting burden for this collection of information is estimated to be between 5 and 20 minutes per respondent per survey.

Respondents: Farms and businesses.

Estimated Number of Respondents: 11,200.

Estimated Total Annual Burden on Respondents: 8,600 hours.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, March 29, 2022.

Kevin L. Barnes,

Associate Administrator.
