BILLING CODE 6560-50-P

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 52

[EPA-R07-OAR-2021-0953; FRL-9396-02-R7]

### Air Plan Approval; Missouri; Control of Emissions From the Manufacturing of Paints, Varnishes, Lacquers, Enamels and Other Allied Surface Coating Products

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is taking final action to approve a revision to the State Implementation Plan (SIP) for the State of Missouri. This final action will amend a Missouri regulation that controls emissions from facilities in St. Louis City and Jefferson, St. Charles, Franklin, and St. Louis Counties. The revisions to this rule include adding incorporations by reference to other State rules, including definitions specific to the rule, removing unnecessary words, making other administrative wording changes, and adding alternative test methods. These revisions do not impact the stringency of the SIP or air quality. Approval of these revisions will ensure consistency between state and federally approved rules.

**DATES:** This final rule is effective on May 4, 2022.

**ADDRESSES:** The EPA has established a docket for this action under Docket ID No. EPA-R07-OAR-2021-0953. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available through <https://www.regulations.gov> or please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional information.

**FOR FURTHER INFORMATION CONTACT:** Allie Donohue, Environmental Protection Agency, Region 7 Office, Air Quality Planning Branch, 11201 Renner Boulevard, Lenexa, Kansas 66219;

telephone number: (913) 551-7986; email address: [donohue.allie@epa.gov](mailto:donohue.allie@epa.gov).

#### SUPPLEMENTARY INFORMATION:

Throughout this document “we,” “us,” and “our” refer to EPA.

#### Table of Contents

- I. What is being addressed in this document?
- II. Have the requirements for approval of a SIP revision been met?
- III. What action is the EPA taking?
- IV. Incorporation by Reference
- V. Statutory and Executive Order Reviews

#### I. What is being addressed in this document?

The EPA is taking final action to approve revisions to 10 Code of State Regulations (CSR) 10-5.390, Control of Emissions from the Manufacturing of Paints, Varnishes, Lacquers, Enamels and Other Allied Surface Coating Products in the Missouri SIP. On January 27, 2022, the EPA published a notice of proposed rulemaking (NPRM) which proposed to approve the SIP revision as submitted by Missouri on June 10, 2021. (87 FR 4181) The revisions move previously SIP-approved definitions from 10 CSR 10-6.020, 40 CFR 63.11607, and 40 CFR 63.5781 to this chapter to streamline the rule. The revisions also reorganize reporting and recordkeeping requirements to improve readability, add specific test methods applicable to sources subject to the rule, and make minor edits. More detail on the EPA’s analysis of the revisions can be found in the NPRM and technical support document (TSD) included in this docket.

#### II. Have the requirements for approval of a SIP revision been met?

The State’s submission has met the public notice requirements for SIP submissions in accordance with 40 CFR 51.102. The submission also satisfied the completeness criteria of 40 CFR part 51, appendix V. The State provided public notice on this SIP revision from January 2, 2020 to April 2, 2020 and received five comments. The State revised the rule based on the comments submitted. In addition, as explained in more detail in the NPRM and technical support document (TSD) which is part of this document, the revision meets the substantive SIP requirements of the CAA, including section 110 and implementing regulations.

#### III. What action is the EPA taking?

On January 27, 2022, the EPA published a NPRM proposing to approve Missouri’s June 10, 2021, SIP revision submittal. (87 FR 4180) The EPA sought public comment on the NPRM and received no comments.

Therefore, the EPA is taking final action to amend the Missouri SIP to include revisions to 10 Code of State Regulations (CSR) 10-5.390, Control of Emissions from the Manufacturing of Paints, Varnishes, Lacquers, Enamels and Other Allied Surface Coating Products. Approval of these revisions will ensure consistency between State and federally approved rules. As described in the NPRM and the TSD, the EPA has determined that these changes will not adversely impact air quality or the stringency of the SIP.

#### IV. Incorporation by Reference

In this document, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the incorporation by reference of the Missouri Regulations described in Section I of this preamble and set forth the amendments to 40 CFR part 52 below. The EPA has made, and will continue to make, these materials generally available through [www.regulations.gov](http://www.regulations.gov) and at the EPA Region 7 Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information).

Therefore, these materials have been approved by the EPA for inclusion in the State Implementation Plan, have been incorporated by reference by EPA into that plan, are fully federally enforceable under sections 110 and 113 of the CAA as of the effective date of the final rulemaking of the EPA’s approval, and will be incorporated by reference in the next update to the SIP compilation.<sup>1</sup>

#### V. Statutory and Executive Order Reviews

Under the Clean Air Act CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);

<sup>1</sup> 62 FR 27968, May 22, 1997.

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of the National Technology Transfer and Advancement Act (NTTA) because this rulemaking does not involve technical standards; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible

methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

- In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).
- This action is subject to the Congressional Review Act, and the EPA will submit a rule report to each House of the Congress and to the Comptroller General of the United States. This action is not a “major rule” as defined by 5 U.S.C. 804(2).
- Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by June 3, 2022. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to

enforce its requirements (see section 307(b)(2)).

**List of Subjects in 40 CFR Part 52**

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Ozone, Reporting and recordkeeping requirements, Volatile organic compounds.

Dated: March 28, 2022.

**Meghan A. McCollister,**  
*Regional Administrator, Region 7.*

For the reasons stated in the preamble, the EPA amends 40 CFR part 52 as set forth below:

**PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS**

- 1. The authority citation for part 52 continues to read as follows:

*Authority:* 42 U.S.C. 7401 *et seq.*

**Subpart AA—Missouri**

- 2. In § 52.1320, the table in paragraph (c) is amended by revising the entry for “10–5.390” to read as follows:

**§ 52.1320 Identification of plan.**

**[WC Docket No. 21–93; DA 22–309; FR ID 80121]**  
**Establishing Emergency Connectivity Fund To Close the Homework Gap**  
**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule.  
**SUMMARY:** In this document, the Wireline Competition Bureau (Bureau) announces that a third application filing window for the Emergency Connectivity Fund (ECF) Program will open on Thursday, April 28, 2022, and close on Friday, May 13, 2022. The Bureau anticipates that a minimum of \$1 billion will be available for commitment and disbursement for this third window. In view of outstanding demand, eligible
