

sections of the CAA is section 307, id. § 7607, which includes provisions on judicial review. Section 307(b)(1) provides, in part, that petitions for review must be filed in the United States Court of Appeals for the District of Columbia Circuit: (i) When the agency action consists of “nationally applicable regulations promulgated, or final actions taken, by the Administrator,” or (ii) when such action is locally or regionally applicable, but “such action is based on a determination of nationwide scope or effect and if in taking such action the Administrator finds and publishes that such action is based on such a determination.” For locally or regionally applicable final actions, the CAA reserves to the EPA complete discretion whether to invoke the exception in (ii).

This final action is “nationally applicable” within the meaning of CAA section 307(b)(1). In the alternative, to the extent a court finds this final action to be locally or regionally applicable, the Administrator is exercising the complete discretion afforded to him under the CAA to make and publish a finding that this action is based on a determination of “nationwide scope or effect” within the meaning of CAA section 307(b)(1).<sup>2</sup> This final action consisted of the Agency issuing hydrofluorocarbon allowances to applicants that met the applicable criteria from the set-aside pool and redistributing allowances remaining in the set-aside pool to entities that received general pool production and consumption allowances on October 1, 2021. The applicants and entities are located throughout the country in varying judicial circuits.<sup>3</sup> This final action is based on a common core of factual findings concerning the eligibility of applicants to the set-aside pool. For these reasons, this final action is nationally applicable or, alternatively, the Administrator is exercising the complete discretion afforded to him by the CAA and hereby finds that this final action is based on a determination of nationwide scope or effect for purposes

<sup>2</sup> In deciding whether to invoke the exception by making and publishing a finding that this final action is based on a determination of nationwide scope or effect, the Administrator has also taken into account a number of policy considerations, including his judgment balancing the benefit of obtaining the D.C. Circuit’s authoritative centralized review versus allowing development of the issue in other contexts and the best use of Agency resources.

<sup>3</sup> In the report on the 1977 Amendments that revised section 307(b)(1) of the CAA, Congress noted that the Administrator’s determination that the “nationwide scope or effect” exception applies would be appropriate for any action that has a scope or effect beyond a single judicial circuit. See H.R. Rep. No. 95–294 at 323, 324, reprinted in 1977 U.S.C.A.N. 1402–03.

of CAA section 307(b)(1) and is hereby publishing that finding in the **Federal Register**.

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the District of Columbia Circuit within 60 days from the date this final action is published in the **Federal Register**. Filing a petition for reconsideration by the Administrator of this final action does not affect the finality of the action for the purposes of judicial review, nor does it extend the time within which a petition for judicial review must be filed and shall not postpone the effectiveness of such rule or action.

Suppliers are encouraged during these efforts to register in the Board's Supplier Registration System (FR 1400A). A supplier searching the internet can also find the registration system via the Board's public website and elect to register.<sup>1</sup> The Supplier Registration System collects pertinent information on their firm and the capabilities they can offer to the Board. While completion of the registration process does not guarantee future opportunities with the Board, it does bring a supplier's capabilities to the attention of procurement staff whose role is to match supplier capabilities with specific acquisition activities when contracting opportunities arise.

- Representations and certifications suppliers must make in order to participate in the solicitation.

The Solicitation Package may also include the Past Performance Data Sheet and Past Performance Questionnaire (Attachment I) if past performance is an evaluation factor. This questionnaire requests information on up to three previous contracts that are recent and relevant to the solicitation, such as a description of the work, the period of performance when the work was completed, the agency for which the work was performed, and an estimated total dollar amount of the effort.

*Report title:* Supplier Risk Management Offeror Questionnaire.

The subcontracting plan provides information on the nature of subcontracted activities, including the percentage of subcontracted work, and identity of subcontractors, including the subcontractors' size and ownership status, the company will use if awarded the effort. If a supplier is awarded a contract following a Subcontracting Solicitation, the supplier must provide semiannual Subcontracting Reports (FR 1400D) to the Board to document compliance with section 342(e) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act).<sup>4</sup>

*Legal authorization and confidentiality:* The filing requirements under the FR 1400 are authorized by sections 10 and 11 of the Federal Reserve Act (FRA)<sup>5</sup> and section 342(c) of the Dodd-Frank Act.<sup>6</sup> Registering in the Supplier Registration System (FR 1400A) is voluntary. The remaining portions of the FR 1400 (FR 1400B, FR 1400C, and FR 1400D) are required to obtain a benefit for prospective suppliers to the Board.

A prospective supplier may request confidential treatment of information submitted as part of its Procurement Solicitation Package under exemption 4 of the Freedom of Information Act (FOIA), which protects commercial or financial information that is both customarily and actually treated as private.<sup>7</sup> In addition, a prospective supplier may request confidential treatment of information pursuant to exemption 6 of the FOIA, which protects personal information, the disclosure of which would “constitute a clearly unwarranted invasion of privacy.”<sup>8</sup> Determinations of confidentiality based on exemption 4 or exemption 6 of the FOIA would be made on a case-by-case basis.

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection’s supporting statement and associated materials (see **ADDRESSES**).

#### *CMS-10416 Blueprint for Approval of State-Based Exchange*

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

#### Information Collection

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Blueprint for Approval of State-based Exchange; *Use:* The Patient Protection and Affordable Care Act (ACA) and its implementing regulations provide states with flexibility in the design and operation of Exchanges to ensure states are implementing Exchanges that best meet the needs of their consumers. States can choose to establish and operate a State-based Exchange (SBE) or a State-based Exchange on the Federal Platform (SBE-FP). To ensure a state can operate a successful and compliant SBE or SBE-FP, it is critical that states provide CMS with a complete and thorough Exchange
