BILLING CODE 4710-25-P

SURFACE TRANSPORTATION BOARD

[Docket No. FD 36600]

North Shore Railroad Company— Operation and Trackage Rights Exemption—Lines of SEDA-COG Joint Rail Authority and Norfolk Southern Railway Company, Including Interchange Commitment

North Shore Railroad Company (North Shore), a Class III rail carrier, has filed a verified notice of exemption pursuant to 49 CFR 1150.41 to: (1) Operate approximately 7.7 miles of existing railroad track and right-of-way known as the Selinsgrove Industrial Track, extending from milepost 0.0 at Selinsgrove Junction, Pa., to milepost 7.7 in Kreamer, Pa., and an approximately 1.3-mile industrial spur known as the Power Plant Lead, both in Snyder County, Pa. (collectively, the Line), and (2) acquire incidental trackage rights over approximately 4.7 miles of track owned by Norfolk Southern Railway Company (NSR), on NSR's Buffalo Line, from milepost BR 258.6 at Sunbury, Pa., to milepost BR 263.3 at Selinsgrove Junction.

The Line is currently owned and operated by NSR and is being acquired by the SEDA-COG Joint Rail Authority (the Authority), a Pennsylvania municipal authority and noncarrier. The Authority has concurrently filed a verified notice of exemption to acquire the Line¹ in *SEDA-COG Joint Rail Authority—Acquisition Exemption with Interchange Commitment—Norfolk Southern Railway Company*, Docket No. FD 33602. The Authority and NSR have also entered into a Freight Service Easement Agreement (FSEA), providing the Authority an easement and right to operate freight rail service on the Line. According to the verified notice, the FSEA expressly contemplates that the Authority will enter into an agreement with a third-party operating railroad to operate the Line for the Authority. North Shore will be operating over the Line pursuant to an operating agreement with the Authority.

North Shore certifies that the proposed transaction will not result in North Shore's becoming a Class I or Class II rail carrier and that the 60-day advance notice requirements of 49 CFR 1150.42 do not apply. North Shore certifies that the FSEA contains a provision that would limit future interchange with a third-party connecting carrier other than NSR at Northumberland. North Shore has provided additional information regarding the interchange commitment, as required by 49 CFR 1150.43(h).²

The earliest this transaction may be consummated is April 23, 2022, the effective date of the exemption (30 days after the verified notice was filed).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than April 15, 2022 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36600, should be filed with the Surface Transportation Board via e-filing on the Board's website. In addition, a copy of each pleading must

¹ According to the verified notice, the Power Plant Lead is currently an industrial spur line, the Authority's acquisition of which does not require Board authorization. However, the verified notice indicates that the Power Plant Lead is part of the Line for which North Shore seeks common carrier operating authority, as it will become a line of railroad subject to the Board's authority upon the effective date of the exemption.

² A copy of the FSEA containing the interchange commitment was filed under seal with the verified notice. See 49 CFR 1150.43(h)(1).

be served on North Shore's representative, Richard A. Allen, KMA Zuckert, LLC, 888 Seventeenth Street NW, Suite 700, Washington, DC 20006.

According to North Shore, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b).

Board decisions and notices are available at www.stb.gov.

Decided: April 5, 2022.

By the Board, Scott M. Zimmerman, Acting Director, Office of Proceedings.

Kenyatta Clay,
Clearance Clerk.

SURFACE TRANSPORTATION BOARD

[Docket No. FD 36602]

SEDA-COG Joint Rail Authority— Acquisition Exemption With Interchange Commitment—Norfolk Southern Railway Company

SEDA-COG Joint Rail Authority (the Authority), a noncarrier, has filed a verified notice of exemption to permit the Authority to acquire approximately 7.7 miles of rail line from Norfolk Southern Railway Company (NSR), excluding interest in the real property, known as the Selinsgrove Industrial Track in Snyder County, Pa., extending from milepost 0.0, at Selinsgrove Junction, Pa., to milepost 7.7, in Kreamer, Pa. (the Line).¹

According to the verified notice, the Authority is acquiring the Line from NSR pursuant to an asset purchase agreement. The Authority and NSR have also entered into a Freight Service Easement Agreement (FSEA), providing the Authority an easement and right to operate freight rail service on the Line and the PPL Track. According to the verified notice, the FSEA expressly contemplates that the Authority will enter into an agreement with a third-party operating railroad to operate the Line for the Authority. North Shore Railroad Company (North Shore), a

¹ The verified notice states that the Authority will also be purchasing from NSR certain track referred to as the Power Plant Lead (PPL Track), a 1.3-mile segment of 49 U.S.C. 10906 excepted spur track in Snyder County. The Authority states that, because the Board does not have authority over the acquisition of section 10906 track, the PPL Track need not be included as part of its notice of exemption but is referenced for informational purposes and will be converted from 49 U.S.C. 10906 spur track to 49 U.S.C. 10901 common carrier track as part of North Shore Railroad Company's operating exemption concurrently filed in Docket No. FD 36600, as discussed below.

Class III rail carrier, will operate over the Line pursuant to an operating agreement with the Authority and has concurrently filed a verified notice of exemption to operate the Line in *North Shore Railroad Company—Operation & Trackage Rights Exemption—Lines of SEDA-COG Joint Rail Authority & Norfolk Southern Railway Company, Including Interchange Commitment*, Docket No. FD 36600.²

The Authority certifies that its projected annual revenues from this transaction will not exceed those that would qualify it as a Class III rail carrier and will not exceed \$5 million. The Authority further states that the FSEA contains an interchange commitment that would limit future interchange with a third-party carrier other than NSR, and the Authority has provided additional information regarding the interchange commitment as required by 49 CFR 1150.33(h).³

The earliest this transaction may be consummated is April 23, 2022, the effective date of the exemption (30 days after the verified notice was filed).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than April 15, 2022 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36602, should be filed with the Surface Transportation Board via e-filing on the Board's website. In addition, a copy of each pleading must be served on the Authority's representative, Peter A. Pfohl, Slover & Loftus LLP, 1224 Seventeenth Street NW, Washington, DC 20036.

According to the Authority, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b).

Board decisions and notices are available at www.stb.gov.

Decided: April 5, 2022.

²The Authority states that it is not seeking operating authority over the Line. However, a grant of acquisition authority provides the necessary authority to conduct operations and imposes an obligation to provide service upon reasonable request. See, e.g., *Norfolk & W. Ry.—Acquis. Exemption—Consol. Rail Corp.*, FD 32957, slip op. at 1, n.2 (STB served Aug. 15, 1996); *City of Austin—Acquis.—S. Pac. Transp. Co.*, FD 30861, slip op. at 1–2 (ICC served Nov. 4, 1986).

³A copy of the FSEA containing the interchange commitment was filed under seal with the verified notice. See 49 CFR 1150.33(h)(1).

By the Board, Scott M. Zimmerman, Acting Director, Office of Proceedings.

Kenyatta Clay,
Clearance Clerk.

BILLING CODE 4915–01–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket No. FAA–2020–0611]

Agency Information Collection Activities: Requests for Comments; Clearance of a New Approval of Information Collection: FAA Advisory Circular 120–119, Voluntary Safety Management System for Other Regulated Entities Transporting Dangerous Goods by Air

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval for a new information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on June 8, 2021. The collection involves entities that voluntarily follow the guidance in FAA Advisory Circular (AC) 120–119, Voluntary Safety Management System (SMS) for Other Regulated Entities Transporting Dangerous Goods by Air, on how to use the SMS principles included in FAA regulations, as a basis to develop and implement a voluntary SMS program and how to submit such a voluntary program to the FAA's Office of Hazardous Materials Safety (AXH) for acceptance. Information received from the first collection will be used to determine consistency with FAA SMS regulations. With the exception of a one-time submission of an implementation plan, the data will not be submitted to the FAA. The records for Safety Policy, Safety Risk Management, and Safety Assurance processes, training, and communications are kept under Safety Promotion and will be kept by the organization and used in its SMS.

DATES: Written comments should be submitted by May 9, 2022.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and

Budget. Comments should be addressed to the attention of the Desk Officer, Department of Transportation/FAA, and sent via electronic mail to oir_submission@omb.eop.gov, or faxed to (202) 395–6974, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street NW, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT:

Andrea Giordani, Security and Hazardous Materials Safety, Office of Hazardous Materials Safety (AXH–002), Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; (202) 267–3770.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: To be determined.

Title: Agency Information Collection Activities: Requests for Comments; Clearance of a New Approval of Information Collection: FAA Advisory Circular 120–119, Voluntary Safety Management System for Other Regulated Entities Transporting Dangerous Goods by Air.

Form Numbers: N/A.

Type of Review: Clearance of a new information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on June 8, 2021 (86 FR 30514). Advisory Circular (AC) No. 120–119 provides information on how entities subject to the regulatory requirements of Title 49 of the Code of Federal Regulations (CFR) parts 171–180 (e.g., entities performing functions such as, but not limited to, handling or shipping of dangerous goods by air and hereinafter referred to as “other regulated entities”) may choose to implement voluntarily a Safety Management System (SMS) as described in Title 14 CFR, part 5—Safety Management Systems.

AC 120–119 addresses general SMS principles and explains certain regulatory requirements outlined in 14 CFR part 5. While part 5 does not apply
