

in the rules describing the ECO opening process, which should help to assure that the proposed rules accurately describe the Exchange's ECO opening process. In addition, Amendment No. 2 revises the proposal to state that bids and offers for complex strategies may be expressed in \$0.01 increments regardless of the MPV otherwise applicable to the individual leg(s) of the ECO, which is consistent with the rules of other options exchanges. Accordingly, the Commission finds good cause for approving the proposed rule change, as modified by Amendment No. 1, on an accelerated basis.

VI. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁸⁵ that the proposed rule change (SR-NYSEArca-2021-68), as modified by Amendment Nos. 1 and 2, is approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁸⁶

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Extension:

Appendix F to Rule 15c3-1

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("PRA"), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Appendix F to Rule 15c3-1 ("Appendix F" or "Rule 15c3-1f") (17 CFR 240.15c3-1f) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) ("Exchange Act").

Appendix F applies to certain members of a class of broker-dealers known as over-the-counter ("OTC") derivatives dealers. Exchange Act Rule 15c3-1 is the Commission's net capital

rule for broker-dealers.¹ Under Appendix F, an OTC derivatives dealer that is not a security-based swap dealer may apply to the Commission for authorization to compute net capital charges for market and credit risk in accordance with Appendix F in lieu of computing securities haircuts under paragraph (c)(2)(vi) of Exchange Act Rule 15c3-1.²

At present, three OTC derivatives dealers have been approved to use Appendix F. No additional OTC derivatives dealers have applied to use Appendix F, and the staff does not expect that any additional OTC derivatives dealers will apply to use Appendix F during the next three years. The Commission estimates that the three approved OTC derivatives dealers will spend an average of approximately 1,000 hours each per year reporting information concerning their value-at-risk ("VAR") models and internal risk management systems, for a total annual burden of approximately 3,000 hours.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.
