

your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. *Performance Measures:* The success of the UBMS Program will be measured by the percentage of UBMS participants who enroll in and complete postsecondary education. The following performance measures have been developed to track progress toward achieving program success for purposes of Department reporting under 34 CFR 75.110:

a. The percentage of UBMS students who took two years of mathematics beyond Algebra I by the 12th grade;

b. The percentage of UBMS students who graduated from secondary school with a regular secondary school diploma;

c. The percentage of UBMS students who enrolled in postsecondary education;

d. The percentage of UBMS students who enrolled in a program of postsecondary education by the fall term following graduation from high school and who in the first year of postsecondary education placed into college-level math and English without need for remediation;

e. The percentage of former UBMS students who enrolled in a program of postsecondary education and graduated

on time—within four years for the bachelor's degree and within two years for the associate's degree;

f. The percentage of former UBMS participants who enrolled in a program of postsecondary education and attained either an associate's degree within three years or a bachelor's degree within six years of enrollment; and

g. The percentage of UBMS students expected to graduate high school in the reporting year who complete a Free Application for Federal Student Aid (FAFSA).

All UBMS Program grantees will be required to submit APRs.

6. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
