Coast Guard

33 CFR Part 100

[Docket No. USCG-2022-0053]

AGENCY: Coast Guard, DHS.

ACTION: Notification of enforcement of regulation.

SUMMARY: The Coast Guard will enforce the safety zones for the Big Bay Boom Fourth of July Fireworks on the waters of San Diego Bay, CA on Monday, July 4, 2022. The safety zones are necessary to provide for the safety of the participants, spectators, official vessels of the event, and general users of the waterway. Our regulation for the Southern California Annual Firework Events for the San Diego Captain of the Port Zone identifies the regulated areas for this event. During the enforcement period, spectators may not anchor, block, loiter in, or impede the transit of official patrol vessels in the regulated areas without the approval of the Captain of the Port, or his designated representative.

DATES: The regulations in 33 CFR 165.1123 will be enforced from 8 p.m. until 10 p.m. on July 4, 2022 for the locations described in Item No. 5 in Table 1 to § 165.1123.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notice of enforcement, call or email Lieutenant Commander John Santorum, Waterways Management, U.S. Coast Guard Sector, San Diego, CA; telephone 619-278-7656, email MarineEventsSD@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the safety zone regulations in 33 CFR 165.1123 for the Big Bay Boom Fourth of July Fireworks

regulated area, for the locations described in Table 1 to § 165.1123, Item No. 5 of that section from 8 p.m. until 10 p.m. on July 4, 2022. This action is being taken to provide for the safety of life on navigable waterways during the fireworks event. Our regulation for Southern California Annual Firework Events for the San Diego Captain of the Port Zone, Item No. 5 in Table 1 to § 165.1123, identifies the regulated areas for the Big Bay Boom Fourth of July Fireworks event which encompasses multiple portions of San Diego Bay. Under the provisions of § 165.1123, a vessel may not enter the regulated area, unless it receives permission from the Captain of the Port, or his designated representative. Spectator vessels may safely transit outside the regulated area but may not anchor, block, loiter, or impede the transit of participants or official patrol vessels. The Coast Guard may be assisted by other Federal, State, or Local law enforcement agencies in enforcing this regulation.

In addition to this notice of enforcement in the **Federal Register**, the Coast Guard plans to provide notification of this enforcement period via the Local Notice to Mariners, marine information broadcasts, and local advertising by the event sponsor.

If the Captain of the Port or his designated representative determines that the regulated area need not be enforced for the full duration stated on this document, he or she may use a Broadcast Notice to Mariners or other communications coordinated with the event sponsor to grant general permission to enter the regulated area.

Dated: April 18, 2022.

T.J. Barelli,
Captain, U.S. Coast Guard, Captain of the Port San Diego.

DEPARTMENT OF EDUCATION

34 CFR Chapter II

Final Waiver and Extension of the Project Periods for the Education Research and Special Education Research Grant Programs

AGENCY: Institute of Education Sciences (IES), Department of Education.

ACTION: Final waiver and extension of project periods.

SUMMARY: The Secretary waives the requirements in the Education Department General Administrative Regulations that generally prohibit project periods exceeding five years and

project period extensions involving the obligation of additional Federal funds. The waiver and extension enable projects under Assistance Listing Numbers (ALN) 84.305A, 84.305B, 84.305C, 84.305R, 84.324A, 84.324B, and 84.324R to receive funding for an additional period, not to exceed 1 year.

DATES: The waiver and extension of the project periods are effective April 22, 2022.

FOR FURTHER INFORMATION CONTACT:

Allen Ruby, U.S. Department of Education, 550 12th Street SW, Room 4146, Washington, DC 20202. Telephone: (202) 245-8145. Email: Allen.Ruby@ed.gov.

SUPPLEMENTARY INFORMATION:

Background

Under the Education Research Grants Program (ALN 84.305A), the Education Research and Development Center Program (ALN 84.305C), Research Grants focused on Systematic Replication (ALN 84.305R), the Special Education Research Grants Program (ALN 84.324A), and Research Grants Focused on Systematic Replication in Special Education (ALN 84.324R), IES supports research activities to improve the quality of U.S. education and thereby increase student academic achievement, advance teaching and learning for students with disabilities from birth through postsecondary education, reduce the achievement gap between high-performing and low-performing students, and increase access to and completion of postsecondary education. Under the Research Training Programs in the Education Sciences (ALN 84.305B) and the Research Training Programs in Special Education (ALN 84.324B), IES supports training programs to prepare individuals to conduct rigorous and relevant education research to advance knowledge in the field and address issues important to education policymakers and practitioners.

Ongoing IES-funded projects under the above seven IES grant programs have been forced to put their research or training on hold for up to two years and may be required to remain on hold for additional time, due to the disruptions caused by COVID-19. During this period, such projects have not received their annual continuation funding from their original grant awards. Once these projects restart their research or training activities, the prohibitions against project periods exceeding five years and

project period extensions involving the obligation of additional Federal funds, would result in the projects receiving multiple years of continuation funding within one year.

The waiver and extension enables these projects to receive their continuation funding over one additional period, not to exceed 1 year. By spreading out their continuation funding over an additional year, IES allows these grantees to properly budget their activities for the remaining years of the project, including an additional year 6.

Final Waivers and Extensions: The Department believes it is in the best interest of the public to extend project periods for one year and allow continuation funding to be provided during the additional year. Correspondingly, the Secretary waives the requirements in 34 CFR 75.250, which prohibit project periods exceeding five years. Any activities carried out under these continuation awards must be consistent with the scope and objectives of the grantees' applications as approved in the relevant grant competition. The requirements for continuation awards are set forth in 34 CFR 75.253.

Exemption From Proposed Rulemaking

Under section 191 of the Education Sciences Reform Act, 20 U.S.C. 9581, IES is not subject to section 437(d) of the General Education Provisions Act, 20 U.S.C. 1232(d), and is therefore not required to offer interested parties the opportunity to comment on matters relating to grants.

Regulatory Flexibility Act Certification

Because notice-and-comment rulemaking is not necessary for this action, the Regulatory Flexibility Act (96 Pub. L. 354, 5 U.S.C. 601–612) does not apply.

Paperwork Reduction Act of 1995

This final waiver and extension of the project period does not contain any information collection requirements.

Intergovernmental Review

These competitions are not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

ACTION: Final rule.

SUMMARY: The U.S. Copyright Office is amending its regulations to clarify the rules governing the expedited registration option under the Copyright Alternative in Small-Claims Enforcement Act of 2020. The rule also describes the process for the Board to receive registration certificates when they are issued while a proceeding is pending, allows parties to request expedited registration before a proceeding becomes active, and corrects non-substantive typographical errors.
