

*Description:* Transactions prohibited pursuant to the Trading With the Enemy Act, 50 U.S.C. 4301 *et seq.*, the International Emergency Economic Powers Act, 50 U.S.C. 1701 *et seq.*, and other authorities may be authorized by means of specific licenses issued by OFAC. Such licenses are issued in response to applications submitted by persons whose property and interests in property have been blocked or who wish to engage in transactions that would otherwise be prohibited. The OFAC Application for the Release of Blocked Funds, which provides a standardized method of application for all applicants seeking the unblocking of funds, is available in electronic format on OFAC's website. By obviating the need for applicants to write lengthy letters to OFAC, this form reduces the overall burden of the application process. Since February 2000, use of the OFAC Application for the Release of Blocked Funds to apply for the unblocking of funds has been mandatory pursuant to a revision in OFAC's regulations at 31 CFR 501.801. See 65 FR 10707 (February 29, 2000). Applications to OFAC for the release of blocked funds can be made via the electronic licensing portal here: <https://home.treasury.gov/policy-issues/financial-sanctions/ofac-license-application-page>.

#### SUPPLEMENTARY INFORMATION:

*Title:* Persons Providing Travel and Carrier Services to Cuba.

*OMB Number:* 1505-0168.

*Type of Review:* Extension without change of a currently approved collection.

*Description:* Requirements to retain records are codified in § 515.572(b) of the Cuban Assets Control Regulations, 31 CFR part 515 (the "Regulations"). Persons subject to U.S. jurisdiction who provide authorized travel or carrier services related to Cuba are required to maintain for at least five years from the date of the transaction a certification from each customer indicating the name and address of each customer and the section of the Regulations (in the case of generally licensed travel), or the specific license number, that authorizes the person to travel to Cuba.

The records covered by this information collection must be provided on request to the U.S. Department of the Treasury and will be used to monitor compliance with regulations governing persons subject to U.S. jurisdiction, including travel agents, airlines and vessel operators, providing authorized travel and carrier services with respect to Cuba and persons who travel to Cuba.

*Forms:* Section 515.572(b)(1) does not specify any particular form of recordkeeping.

*Affected Public:* Individuals, households, travel and carrier businesses, other for-profit businesses, non-governmental organizations. The likely respondents and record-keepers affected by this collection of information are U.S. travel and carrier businesses.

*Estimated Number of Respondents:* OFAC estimates, based on multiple sources including data received from the U.S. Department of Homeland Security, U.S. Customs and Border

Protection, and information collected by OFAC, that the number of unique record-keepers is approximately 35,000 per year. OFAC believes the significant decline in the number of unique respondents over the past three years is largely due to a change in methodology, including improved data, as well as to other factors discussed below. Pursuant to this methodology, OFAC has identified a smaller number of travel service providers but a larger number of records per respondent. OFAC believes that the decline in the number of unique respondents can also be attributed to the following: (1) An overall decline in travel worldwide due to the Coronavirus Disease 2019 (COVID-19) pandemic; (2) OFAC's elimination of the group people-to-people educational travel authorization in June 2019; and (3) amendments to the Department of Commerce's Bureau of Industry and Security's regulations that restrict the temporary sojourn of aircraft and vessels to Cuba, also in June 2019. OFAC assesses that the number of annual trips will likely slowly increase over the coming three years if travel restrictions due to the COVID-19 pandemic continue to ease, although there is some uncertainty due to the ongoing pandemic.

*Estimated Number of Records per Respondent:* Based on newly acquired data and OFAC's revised methodology, the estimated number of records is approximately 10 per respondent. (Some recordkeepers may keep far more records and some far less; 10 is an average.)

*Estimated Total Number of Annual Records:* Based on additional data and OFAC's revised methodology, the estimated total number of annual records is approximately 350,000. OFAC has factored into our assessment a likely increase in travel between the United States and Cuba over the next three years as pandemic travel restrictions ease, but believes that numbers of travelers will not rise to levels present when a wider variety of types of travel to Cuba were generally licensed.

*Estimated Time per Record:* OFAC assesses that there is an average time estimate of 1 minute per record.

*Estimated Total Annual Burden Hours:* The estimated total annual reporting burden is approximately 5,800 hours.

*Authority:* FY2021 MILCON House report 116-445.

*Title:* Veterans Engagement Action Center (VEAC) Surveys.

*OMB Control Number:* None.

*Type of Review:* New collection.

*Abstract:* Veterans Experience Action Center (VEAC) is a Veterans Affairs (VA) program established to proactively assist Veterans in a selected state with a one-stop resource for all their needs. The VEAC brings together VA benefits, health care and other resources in partnership with state VA resources.

The VEAC gathers feedback from Veterans, Active Military, Guard/Reservist, Family members, caregivers, providers, and survivors. The VEAC then provides that feedback to VA leaders to measure the success of the outreach event and measure the ease, effectiveness, emotion, and trust from the participants as they exit. The surveys will further allow the Veterans Experience Office (VEO) to measure whether the needs of the participants were met. Additional areas where the survey results will impact:

- Identifies gaps and challenges in health care, benefits, and service delivery.
- Identifies areas for how VA can best support local efforts in a holistic fashion.
