

changes for Clearing Members it does not believe such changes would have a substantial economic effect on such Clearing Members or otherwise be a significant burden. Clearing Members would be paying the same amounts for the Mark-to-Market components following the movement of such components to Cash Settlement. The only impact on Clearing Members would be that the Clearing Members would be paying such debits as part of Cash Settlement rather than as part of the Required Fund Deposit.

April 19, 2022.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 18, 2022, Cboe EDGX Exchange, Inc. (the "Exchange" or "EDGX") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

("EDGX" or the "Exchange") is filing with the Securities and Exchange Commission (the "Commission") a proposed rule change to extend the current pilot program related to EDGX Rule 11.15, Clearly Erroneous Executions, to the close of business on July 20, 2022. proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to extend the effectiveness of the Exchange's current rule applicable to Clearly Erroneous Executions to the close of business on July 20, 2022. Portions of Rule 11.15, explained in further detail below, are currently operating as a pilot program set to expire on April 20, 2022.⁵

On September 10, 2010, the Commission approved, on a pilot basis, changes to EDGX Rule 11.15 that, among other things: (i) Provided for uniform treatment of clearly erroneous execution reviews in multi-stock events involving twenty or more securities; and (ii) reduced the ability of the Exchange to deviate from the objective standards set forth in the rule.⁶ In 2013, the Exchange adopted a provision designed to address the operation of the Plan.⁷ Finally, in 2014, the Exchange adopted two additional provisions providing that: (i) A series of transactions in a particular security on one or more trading days may be viewed as one event if all such transactions were effected based on the same fundamentally incorrect or grossly misinterpreted issuance information resulting in a severe valuation error for all such transactions; and (ii) in the event of any disruption or malfunction in the operation of the electronic communications and trading facilities of an Exchange, another SRO, or responsible single plan processor in connection with the transmittal or receipt of a trading halt, an Officer, acting on his or her own motion, shall nullify any transaction that occurs after a trading halt has been declared by the primary listing market for a security and before such trading halt has officially

ended according to the primary listing market.⁸

On December 26, 2018, the Commission published the proposed Eighteenth Amendment⁹ to the Plan to Address Extraordinary Market Volatility Pursuant to Rule 608 of Regulation NMS under the Act (the "Limit Up-Limit Down Plan" or the "Plan")¹⁰ to allow the Plan to operate on a permanent, rather than pilot, basis. On April 8, 2019, the Exchange amended EDGX Rule 11.15 to untie the pilot program's effectiveness from that of the Plan and to extend the pilot's effectiveness to the close of business on October 18, 2019 in order allow the Exchange and other national securities exchanges additional time to consider further amendments, if any, to the clearly erroneous execution rules in light of the proposed Eighteenth Amendment to the Plan.¹¹ On April 17, 2019, the Commission published an approval of the Eighteenth Amendment to allow the Plan to operate on a permanent, rather than pilot, basis.¹² On October 21, 2019, the Exchange amended EDGX Rule 11.15 to extend the pilot's effectiveness to the close of business on April 20, 2020.¹³ On March 18, 2020, the Exchange amended EDGX Rule 11.15 to extend the pilot's effectiveness to the close of business on October 20, 2020, the Exchange amended EDGX Rule 11.15 to extend the pilot's effectiveness to the close of business on April 20, 2021.¹⁴ On April 14, 2021 the Exchange amended EDGX Rule 11.15 to extend the pilot's effectiveness to the close of business on October 20, 2021.¹⁵ Finally, on October 15, 2021 the Exchange amended EDGX Rule 11.15 to

extend the pilot's effectiveness to the close of business on April 20, 2022.¹⁷

Other self-regulatory organizations ("SROs"), including the Exchange, have worked on a proposed rule change to make the pilot rules permanent. Cboe BZX Exchange, Inc., ("BZX") filed such a proposed rule change on March 7, 2022.¹⁸ The Exchange now proposes to amend EDGX Rule 11.15 to extend the pilot's effectiveness an additional three months to the close of business on July 20, 2022 while the Commission considers the BZX proposal. The Exchange understands that the other national securities exchanges and Financial Industry Regulatory Authority ("FINRA") have filed or plan to file similar proposals to extend their respective clearly erroneous execution pilot programs, the substance of which are identical to EDGX Rule 11.15. The Exchange does not propose any additional changes to EDGX Rule 11.15. The Exchange believes the benefits to market participants from the more objective clearly erroneous executions rule should continue on a limited three month pilot basis.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.¹⁹ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)²⁰ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)²¹ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. In particular, the Exchange believes that extending the clearly erroneous

execution pilot under EDGX Rule 11.15 for an additional three months would help assure that the determination of whether a clearly erroneous trade has occurred will be based on clear and objective criteria, and that the resolution of the incident will occur promptly through a transparent process. The proposed rule change would also help assure consistent results in handling erroneous trades across the U.S. equities markets, thus furthering fair and orderly markets, the protection of investors and the public interest. Based on the foregoing, the Exchange believes the amended clearly erroneous executions rule should continue to be in effect on a pilot basis while the Exchange and the other national securities exchanges consider and develop a permanent proposal for clearly erroneous execution reviews.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the Exchange understands that FINRA and other national securities exchanges have or will also file similar proposals to extend their respective clearly erroneous execution pilot programs. Thus, the proposed rule change will help to ensure consistency across market centers without implicating any competitive issues.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act²² and Rule 19b-4(f)(6) thereunder.²³ Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act²⁴ and

subparagraph (f)(6) of Rule 19b-4 thereunder.²⁵

A proposed rule change filed under Rule 19b-4(f)(6)²⁶ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),²⁷ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange asked that the Commission waive the 30-day operative delay so that the proposal may become operative immediately upon filing. Waiver of the 30-day operative delay would extend the protections provided by the current pilot program, without any changes, while the Exchange and other self-regulatory organizations consider whether further amendments to these rules are appropriate. Therefore, the Commission hereby waives the 30-day operative delay and designates the proposed rule change as operative upon filing.²⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Send an email to rule-comments@sec.gov. Please include File Number SR-

²⁵ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission has waived the five-day pre-filing requirement in this case.
