Proposed Issuance of the NPDES General Permit for Discharges From Hydrostatic Testing of New and Existing Vessels in New Mexico (NMG270000), Oklahoma (OKG27F000), and Indian Country Within the States of Texas, Oklahoma, New Mexico, and Louisiana (TXG27I000, OKG27I000, NMG27I000, & LAG27I000)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed NPDES General Permit Issuance.

SUMMARY: The Environmental Protection Agency (EPA) Region 6 Water Division, is proposing for public comment the issuance of a National Pollutant Discharge Elimination System (NPDES) general permit authorizing discharges resulting from the hydrostatic testing of new and existing vessels (e.g., pipelines, storage tanks, etc.) in New Mexico (NMG270000) and Oklahoma (OKG27F000). This authorization also covers Indian Country within the States of Texas, Oklahoma, New Mexico, and Louisiana (TXG27I000, OKG27I000, NMG27I000, & LAG27I000).

To determine whether your facility, company, business, organization, etc., may be affected by this action, you should carefully examine the applicability criteria in Part I, Section A.3 of the draft permit. If you have questions regarding the applicability of this action to a particular entity, consult the person listed for technical information in the preceding **FOR FURTHER INFORMATION CONTACT** section.

DATES: Comments must be submitted in writing to EPA on or before June 27, 2022.

Proposed Documents: A copy of the proposed permit and the fact sheet which sets forth principal facts and the significant factual, legal, and policy questions considered in the development of the proposed general permit may be obtained via the internet at: <https://www.epa.gov/publicnotices>. To obtain hard copies of these documents or any other information in the administrative record, please contact Ms. Evelyn Rosborough using the contact information provided below.

Other Legal Requirements

A. State/Tribal Certification

Under section 401(a)(1) of the CWA, EPA may not issue an NPDES permit until the State or Tribe in which the

discharge will occur grants or waives certification to ensure compliance with appropriate requirements of the CWA and State/Tribal law. EPA will seek certification from the New Mexico Environment Department, Oklahoma Department of Environmental Quality, and the respective Tribe within the States of Texas, Oklahoma, New Mexico and Louisiana prior to issuing a final permit. EPA is the certifying authority and certifies the permit for areas where neither a state nor tribe has CWA 401(a)(1) certification authority.

B. Other Regulatory Requirements

This is a first-time permit issuance. EPA had conducted evaluations required by Coastal Zone Management Act, Endangered Species Act, Magnuson-Stevens Fishery Conservation and Management Act, Historic Preservation Act, Paperwork Reduction Act, and Regulatory Flexibility Act. These requirements are discussed in the fact sheet.

How do I comment on this proposal?

Comment Submittals: You may send comments, identified by Docket ID. No. EPA-R06-OW-2022-0371 by any of the following methods:

- **Federal eRulemaking Portal:** <https://www.regulations.gov/> (our preferred method).
- **By Email:** Send comments by email to rosborough.evelyn@epa.gov. Include Docket ID. No. EPA-R06-OW-2022-0371 in the subject line of the email.
- **By Mail/Hand Delivery/Courier:** Deliver comments to U.S. EPA, Attn: Evelyn Rosborough, 1201 Elm Street, Dallas, Texas 75270.
- We encourage the public to submit comments via www.Regulations.gov or via email as there may be a delay in processing mail and hand deliveries will be accepted by appointment only due to public health concerns related to COVID-19.

• Please submit your comments within the specified time period cited in the **DATES** section of this document. Comments received after the close of the comment period will be marked "late". The EPA is not required to consider these late comments. All comments received by the EPA in accordance with this section by the ending date of the comment period will be considered by the EPA before a final decision is made regarding permit issuance.

• Once submitted, comments cannot be edited or removed from the docket. The EPA may publish any comment received to its public docket.

Do not submit to EPA's docket or email any information you consider to be Confidential Business Information

(CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (i.e., on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>.

Public Hearings

All persons have the right to provide written comments during the public comment period. However, interested persons may request a public hearing pursuant to 40 CFR 124.12 concerning the proposed permit. Requests for a public hearing must be sent or delivered in writing to the same address as provided above for public comments prior to the close of the comment period. Requests for a public hearing must state the nature of the issues proposed to be raised in the hearing. Pursuant to 40 CFR 124.12, EPA shall hold a public hearing if it finds, on the basis of requests, a significant degree of public interest in a public hearing on

the proposed permit. If EPA decides to hold a public hearing, a public notice of the date, time and place of the hearing will be made at least 30 days prior to the hearing. Any person may provide written or oral statements and data pertaining to the proposed permit at the public hearing.

Authority: Clean Water Act, 33 U.S.C. 1251 *et seq.*

Pesticide Registration Review; Proposed Interim Decisions for Several Pesticides; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the availability of EPA's proposed interim registration review decisions and opens a 60-day public comment period on the proposed interim decisions for the following pesticides: Captan, copper 8-quinolinolate; dazomet; diuron; fluometuron; folpet; garlic oil; *pasteuria* species; pelargonic acid, salts, and esters, fatty acid monoesters, capric acid, and caprylic acid; porcine zona pellucida (PZP); propiconazole; *pseudomonas syringae*; and trimethylamine and trimethylamine hydrochloride.

DATES: Comments must be received on or before June 27, 2022.

ADDRESSES: Submit your comments, identified by the docket identification (ID) number for the specific pesticide of interest provided in Table 1 in Unit IV. of this document, using the Federal eRulemaking Portal at <https://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets/about-epa-dockets>.

Due to the public health concerns related to COVID-19, the EPA Docket Center (EPA/DC) and Reading Room is open to visitors by appointments. For

the latest status information on EPA/DC services and docket access, visit <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: For pesticide specific information, contact: The Chemical Review Manager for the pesticide of interest identified in the Table in Unit IV.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general and may be of interest to a wide range of stakeholders including environmental, human health, farm worker, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the Chemical Review Manager for the pesticide of interest identified in Table 1 in Unit IV.

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](https://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information on a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at: <https://www.epa.gov/dockets/commenting-epa-dockets>.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement

of any group, including minority and/or low-income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticides discussed in this document, compared to the general population.

II. Background

Registration review is EPA's periodic review of pesticide registrations to ensure that each pesticide continues to satisfy the statutory standard for registration, that is, the pesticide can perform its intended function without unreasonable adverse effects on human health or the environment. As part of the registration review process, the Agency has completed proposed interim decisions for all pesticides listed in Table 1 in Unit IV. Through this program, EPA is ensuring that each pesticide's registration is based on current scientific and other knowledge, including its effects on human health and the environment.

III. Authority

EPA is conducting its registration review of the chemicals listed in the Table 1 in Unit IV pursuant to section 3(g) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and the Procedural Regulations for Registration Review at 40 CFR part 155, subpart C. Section 3(g) of FIFRA provides, among other things, that the registrations of pesticides are to be reviewed every 15 years. Under FIFRA, a pesticide product may be registered or remain registered only if it meets the statutory standard for registration given in FIFRA section 3(c)(5) (7 U.S.C. 136a(c)(5)). When used in accordance with widespread and commonly recognized practice, the pesticide product must perform its intended function without unreasonable adverse effects on the environment; that is, without any unreasonable risk to man or the environment, or a human dietary risk from residues that result from the use of a pesticide in or on food.

IV. What action is the Agency taking?

Pursuant to 40 CFR 155.58, this notice announces the availability of EPA's proposed interim registration review decisions for the pesticides shown in Table 1 and opens a 60-day public
